Community Hospitals and Wellness Centers 403(b) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Community Hospitals and Wellness Centers 403(b) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, formerly ING Life Insurance and Annuity Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and participant notes receivable and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by the Trustee is complete and accurate.

To the Plan Administrator
Community Hospitals and Wellness Centers 403(b) Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As explained in Note 6, the financial statements include investments valued at approximately \$5.9 million (47 percent of net assets) at December 31, 2014 and \$4.9 million (45 percent of net assets) at December 31, 2013, whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by Voya Retirement Insurance and Annuity Company, Jackson National Life Insurance Company, Lincoln National Life Insurance Company, and Security Benefit. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Community Hospitals and Wellness Centers 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of Community Hospitals and Wellness Centers 403(b) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Community Hospitals and Wellness Centers (the "Hospital"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to make employee deferral contributions into the Plan upon becoming employed by the Hospital.

As amended as of January 1, 2012, employees who have completed at least two years of service as of the end of the plan year are eligible to receive employer discretionary contributions.

Contributions - The Plan provides for employee salary 403(b) contributions up to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Hospital may make discretionary contributions to employees participating in the Plan that are employed by the Hospital as of the Plan's year end and who have met the eligibility requirements. During 2014, the Hospital made an annual contribution to the Plan of 2 percent of eligible participants' W-2 wages, as approved by the Hospital's board of directors.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Hospital's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable - Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. As of January 1, 2012, the Plan no longer allows participants to initiate participant notes receivable.

Vesting - Participants are immediately 100 percent vested in employee salary, rollover, and employer discretionary contributions and any income or loss thereon.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Community Hospitals and Wellness Centers 403(b) Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Voya Retirement Insurance and Annuity Company (formerly ING Life Insurance and Annuity Company), American Funds, Franklin Templeton Investments, Jackson National Life Insurance Company, Lincoln National Life Insurance Company, Security Benefit, and Nationwide Life Insurance Company or their affiliates. Voya Retirement Insurance and Annuity Company, American Funds, Franklin Templeton Investments, Jackson National Life Insurance Company, Lincoln National Life Insurance Company, Security Benefit, and Nationwide Life Insurance Company are the custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which are based on the fair value of the funds' underlying net assets. The group annuity contracts invest in the general assets of the issuer. Voya Retirement Insurance and Annuity Company (Voya) considers the Voya Fixed Account and Voya Fixed Plus Account contracts to be benefit-responsive. See Note 4 for additional information. The remaining group annuity contracts are not considered benefit-responsive. Since there are no specific securities in the issuers' general account related to these contracts and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

All other investments are valued based on quoted market prices. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Notes to Financial Statements December 31, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expenses - Various administrative costs are paid by the Hospital on behalf of the Plan.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 17, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Voya (a "Trustee") holds a portion of the Plan's investments and participant notes receivable and executes all related transactions. The investment balances and participant notes receivable in funds held by Voya of \$9,361,426 and \$6,979, respectively, and related net realized and unrealized gains on investments and interest earned on participant notes receivable of \$217,783, \$253,932, and \$9, respectively, included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by this Trustee.

The remaining investment balances as of December 31, 2014 and related activity for the year then ended have not been certified by Voya or any other custodian.

Significant investments held at end of year are as follows:

	2014	2013
Pooled separate accounts:		
Voya MidCap Opportunities Port-I	\$ 888,095	\$ 675,112
Voya T. Rowe Price Capital Appr - Svc	1,322,292	845,154

Notes to Financial Statements December 31, 2014 and 2013

Note 4 - Voya Group Annuity Contracts

The Plan has benefit-responsive, group annuity contracts with Voya Retirement Insurance and Annuity Company (Voya). Voya, the contract issuer, maintains the contributions in a general account, which is invested in the general assets of the insurance company. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer, but may not be less than 4.00 and 3.00 percent for the Voya Fixed and Voya Fixed Plus accounts, respectively. Such interest rates are reviewed on the contract year anniversary date.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options, (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Notes to Financial Statements

Note 4 - Voya Group Annuity Contracts (Continued)

The group annuity contracts do not permit the contract issuer to terminate the contract prior to the scheduled maturity date. If an event of default occurs and is not cured, the nondefaulting party may terminate the contract. The following may cause the Plan to be in default: a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the plan agreement. The contract issuer may be in default if it breaches a material obligation under the group annuity contract, makes a material misrepresentation, has a decline in its long-term credit rating below a threshold set forth in the contract, or is acquired or reorganized and the successor contract issuer does not satisfy the investment or credit guidelines applicable to the contract issuer. If, in the event of default of the contract issuer, the Plan was unable to obtain a replacement group annuity contract, withdrawing plans may experience losses if that value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional contract issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of the contract issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value. The terms of the group annuity contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each contract issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to the contract issuer's default (other than a default occurring because of a decline in its rating), the contract issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. If the contract terminates when the market value equals zero, the contract issuer will pay the excess of contract value over market value to the Plan to the extent necessary for the Plan to satisfy outstanding contract value withdrawal requests. Contract termination also may occur by either party upon election and notice.

As described in Note 2, because the group annuity contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the guaranteed investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 - Tax Status

The Internal Revenue Service (IRS) is not currently accepting applications for 403(b) plan determination letters. The plan administrator has indicated the Plan will apply for a determination letter when the IRS allows such applications to be made. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of Internal Revenue Code Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes it is no longer subject to tax examinations for years prior to 2011.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 6 - Fair Value Measurements (Continued)

- (1) This category class represents investments in actively managed pooled separate accounts that invest primarily in equity securities which may include common stocks, options, and futures.
- (2) This category class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This category class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, and futures.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2014.
