INDEPENDENT AUDITOR'S REPORT

July 15, 2015

To the Executive Committee of
Hancock Estabrook, LLP Retirement Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Hancock Estabrook, LLP Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan. Their report, dated June 12, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of Hancock Estabrook, LLP Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hancock Estabrook, LLP (the "Firm"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed six months of service. The discretionary non-elective employer contribution feature of the Plan requires employees have completed two years of service and to be employed with the Firm as of the last day of the Plan year.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

A discretionary non-elective contribution may be made at the option of the Firm's management. The Firm elected to make discretionary non-elective contributions of $839,363 and $910,799 for 2014 and 2013, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Firm's discretionary non-elective contributions and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Firm discretionary non-elective contribution plus actual earnings thereon.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account as either a lump-sum amount or installment payments.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their vested account balance.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loan and interest thereon shall be repaid over a period not to exceed five years (except for certain residential loans which can extend up to ten years). Loans are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan administrator. Interest rates on outstanding loans were at 4.25% at December 31, 2014. Principal and interest is paid ratably through payroll deductions.

Investment Options
Investments are held within various investment options maintained by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
The plan administrator assesses and approves the fair value measurement policies and procedures for those assets with fair value measured using Level 3 inputs on a continuing basis. Periodically, the plan administrator, together with Prudential Retirement Insurance and Annuity Company, determines if the current valuation techniques used in the fair value measurements are still appropriate.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions in accordance with the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Firm absorbs reasonable expenses incurred in the administration of the Plan, that includes accounting and legal expenses. Expenses relating to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's account as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate accounts*: valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Investments in these accounts are primarily invested in domestic equities that are priced using the closing price from the applicable exchanges and also invested in domestic fixed-income securities that are priced using benchmark yields, reported trades and issuer spreads. Unit values are adjusted daily to reflect investment results.
- *Guaranteed income fund*: valued at contract value that equals fair value as there is no market value adjustment upon discontinuance of the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014 and 2013.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value at December 31,	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed Income Fund	2014 - $4,979,722 2013 - $4,377,747	Fair value equals contract value	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to the contractual minimum crediting rate

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2014 and 2013, respectively.

Pooled Separate Accounts

The objective of the Dryden S&P 500 Index Fund (large cap fund) is to provide investment results that approximate the performance of the Standard & Poor's Composite 500 Index ("S&P 500 Index").

The objective of the Large Cap Blend/MFS Fund, while not guaranteed, is to outperform the S&P 500 Index by 150 bps, annualized, gross of fees, over a full market cycle, typically defined as three to five years, and to achieve a competitive ranking against relevant peer funds over the same period.

The objective of the Large Cap Value/LSV Asset Management Fund is to seek appreciation of capital and to outperform the Russell 1000 Value Index over rolling three and five year periods, or a full market cycle, whichever is longer.

The objective of the Mid Cap Growth/Waddell & Reed Fund is to outperform the Russell Midcap Growth Index over a complete market cycle, by investing primarily in common stocks of mid cap companies that Waddell & Reed Investment Management Company, the Fund's investment manager, believes to offer above-average growth potential.

The objective of the Mid Cap Value/Integrity Fund is to seek capital appreciation and to outperform the Russell Midcap Value Index by maintaining a diversified portfolio of mid-capitalization stocks that are currently undervalued, yet poised to outperform.

The objective of the QMA MidCap Quantitative Core Equity Fund is long-term growth of capital. QMA seeks to outperform the Standard & Poor's (S&P) 400 Index on a before-tax basis by investing in mid-cap companies. It seeks to provide returns in excess of the S&P 400 Index and comparable equity funds over full market cycles.

The objective of the Small Cap Blend/Glenmede Fund is to generate superior returns relative to the Russell 2000 over a market cycle with less downside risk to principal by investing in a diversified portfolio of stocks that are inexpensive and exhibit company specific positive trends to consistently outperform the market.

3. FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts (Continued)
The objective of the Small Cap Growth/Columbus Circle Fund is long-term capital appreciation, following a small cap growth strategy.

The objective of the Small Cap Value/Integrity Fund is capital appreciation and to outperform the Russell 2000 Value Index by maintaining a diversified portfolio of small capitalization stocks that are currently undervalued, yet poised to outperform.

The objective of the Core Plus Bond/PIM Fund (fixed income fund) is to add 150 bps of annualized excess return over a broad U.S. bond market index over a full market cycle (three to five years) by emphasizing relative-value based sector allocation, research-based security selection, and modest duration and yield curve positioning.

The objective of the SA/Oakmark Equity & Income Strategy Fund (balanced fund) is to seek high current income, preservation and growth of capital. The fund invests primarily in U.S. equity and fixed income securities.

Guaranteed Income Fund
The objective of the Guaranteed Income Fund is to provide safety of principal, liquidity, and a competitive rate of return.

	2014	2013
Mutual funds	$ 187,344	$ 1,692,348
Pooled separate accounts	1,689,622	3,629,849
	$ 1,876,966	$ 5,322,197

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive income contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These contracts are considered evergreen group annuity products with guarantees backed by the full faith and credit of PRIAC.

Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The guaranteed income fund is presented on the face of the statement of net assets available for benefits at fair value which equals contract value as there is no market value adjustment upon a discontinuance. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the annuity contract at December 31, 2014 and 2013 was $4,979,722 and $4,377,747, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.5 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally there are no events that could limit the ability of the Plan to transact at contract value. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:	2014	2013
Based on actual earnings	1.70%	1.85%
Based on interest rate credited to participants	1.70%	1.85%

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company ("Prudential") who act as trustees as defined by the Plan and, therefore, transactions qualify as party-in-interest transactions. Fees paid to Prudential by the Plan for administrative services amounted to approximately $300 and $500 for the years ended December 31, 2014 and 2013, respectively.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Firm by a letter dated June 7, 2011, that the Plan and the related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 15, 2015, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

July 15, 2015

To the Executive Committee of
Hancock Estabrook, LLP Retirement Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Hancock Estabrook, LLP Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan. Their report, dated June 12, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of Hancock Estabrook, LLP Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hancock Estabrook, LLP (the "Firm"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed six months of service. The discretionary non-elective employer contribution feature of the Plan requires employees have completed two years of service and to be employed with the Firm as of the last day of the Plan year.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

A discretionary non-elective contribution may be made at the option of the Firm's management. The Firm elected to make discretionary non-elective contributions of $839,363 and $910,799 for 2014 and 2013, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Firm's discretionary non-elective contributions and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Firm discretionary non-elective contribution plus actual earnings thereon.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account as either a lump-sum amount or installment payments.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their vested account balance.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loan and interest thereon shall be repaid over a period not to exceed five years (except for certain residential loans which can extend up to ten years). Loans are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan administrator. Interest rates on outstanding loans were at 4.25% at December 31, 2014. Principal and interest is paid ratably through payroll deductions.

Investment Options
Investments are held within various investment options maintained by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
The plan administrator assesses and approves the fair value measurement policies and procedures for those assets with fair value measured using Level 3 inputs on a continuing basis. Periodically, the plan administrator, together with Prudential Retirement Insurance and Annuity Company, determines if the current valuation techniques used in the fair value measurements are still appropriate.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions in accordance with the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Firm absorbs reasonable expenses incurred in the administration of the Plan, that includes accounting and legal expenses. Expenses relating to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's account as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate accounts*: valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Investments in these accounts are primarily invested in domestic equities that are priced using the closing price from the applicable exchanges and also invested in domestic fixed-income securities that are priced using benchmark yields, reported trades and issuer spreads. Unit values are adjusted daily to reflect investment results.
- *Guaranteed income fund*: valued at contract value that equals fair value as there is no market value adjustment upon discontinuance of the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014 and 2013.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value at December 31,	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed Income Fund	2014 - $4,979,722 2013 - $4,377,747	Fair value equals contract value	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to the contractual minimum crediting rate

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2014 and 2013, respectively.

Pooled Separate Accounts

The objective of the Dryden S&P 500 Index Fund (large cap fund) is to provide investment results that approximate the performance of the Standard & Poor's Composite 500 Index ("S&P 500 Index").

The objective of the Large Cap Blend/MFS Fund, while not guaranteed, is to outperform the S&P 500 Index by 150 bps, annualized, gross of fees, over a full market cycle, typically defined as three to five years, and to achieve a competitive ranking against relevant peer funds over the same period.

The objective of the Large Cap Value/LSV Asset Management Fund is to seek appreciation of capital and to outperform the Russell 1000 Value Index over rolling three and five year periods, or a full market cycle, whichever is longer.

The objective of the Mid Cap Growth/Waddell & Reed Fund is to outperform the Russell Midcap Growth Index over a complete market cycle, by investing primarily in common stocks of mid cap companies that Waddell & Reed Investment Management Company, the Fund's investment manager, believes to offer above-average growth potential.

The objective of the Mid Cap Value/Integrity Fund is to seek capital appreciation and to outperform the Russell Midcap Value Index by maintaining a diversified portfolio of mid-capitalization stocks that are currently undervalued, yet poised to outperform.

The objective of the QMA MidCap Quantitative Core Equity Fund is long-term growth of capital. QMA seeks to outperform the Standard & Poor's (S&P) 400 Index on a before-tax basis by investing in mid-cap companies. It seeks to provide returns in excess of the S&P 400 Index and comparable equity funds over full market cycles.

The objective of the Small Cap Blend/Glenmede Fund is to generate superior returns relative to the Russell 2000 over a market cycle with less downside risk to principal by investing in a diversified portfolio of stocks that are inexpensive and exhibit company specific positive trends to consistently outperform the market.

3. FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts (Continued)
The objective of the Small Cap Growth/Columbus Circle Fund is long-term capital appreciation, following a small cap growth strategy.

The objective of the Small Cap Value/Integrity Fund is capital appreciation and to outperform the Russell 2000 Value Index by maintaining a diversified portfolio of small capitalization stocks that are currently undervalued, yet poised to outperform.

The objective of the Core Plus Bond/PIM Fund (fixed income fund) is to add 150 bps of annualized excess return over a broad U.S. bond market index over a full market cycle (three to five years) by emphasizing relative-value based sector allocation, research-based security selection, and modest duration and yield curve positioning.

The objective of the SA/Oakmark Equity & Income Strategy Fund (balanced fund) is to seek high current income, preservation and growth of capital. The fund invests primarily in U.S. equity and fixed income securities.

Guaranteed Income Fund
The objective of the Guaranteed Income Fund is to provide safety of principal, liquidity, and a competitive rate of return.

4. INVESTMENTS

The Plan administrator has received certifications from Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, that state that the following information is complete and accurate as of and for the years ended December 31, 2014 and 2013.

Notes receivable from participants	$ 175,909	$ 270,854
Statements of changes in net assets available for benefits:		
Interest and dividend income	$ 144,912	$ 123,495
Net appreciation in fair value of investments	$ 1,876,966	$ 5,322,197
Interest income on notes receivable from participants	7,968	$ 11,027
Schedule of Assets (Held at End of Year)	Schedule I	

4. INVESTMENTS (Continued)

The following represents investments amounting to 5% or more of net assets available for benefits at December 31:

	2014	2013
Guaranteed Income Fund	$ 4,979,722	$ 4,377,747
Dryden S&P 500 Index Fund	$ 4,670,963	$ 3,779,365
Large Cap Value/LSV Fund	$ 4,662,271	$ 4,153,853
Core Plus Bond/PIM Fund	$ 3,338,932	$ 2,930,604
American Funds EuroPacific Growth Fund R4	$ 3,280,057	$ 3,245,590
American Funds Growth Fund of America R4	$ 3,265,300	$ 2,957,363

The Plan's investments (including investment gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows for the years ended December 31:

	2014	2013
Mutual funds	$ 187,344	$ 1,692,348
Pooled separate accounts	1,689,622	3,629,849
	$ 1,876,966	$ 5,322,197

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive income contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These contracts are considered evergreen group annuity products with guarantees backed by the full faith and credit of PRIAC.

Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The guaranteed income fund is presented on the face of the statement of net assets available for benefits at fair value which equals contract value as there is no market value adjustment upon a discontinuance. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the annuity contract at December 31, 2014 and 2013 was $4,979,722 and $4,377,747, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.5 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally there are no events that could limit the ability of the Plan to transact at contract value. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:	2014	2013
Based on actual earnings	1.70%	1.85%
Based on interest rate credited to participants	1.70%	1.85%

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company ("Prudential") who act as trustees as defined by the Plan and, therefore, transactions qualify as party-in-interest transactions. Fees paid to Prudential by the Plan for administrative services amounted to approximately $300 and $500 for the years ended December 31, 2014 and 2013, respectively.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Firm by a letter dated June 7, 2011, that the Plan and the related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 15, 2015, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

July 15, 2015

To the Executive Committee of
Hancock Estabrook, LLP Retirement Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Hancock Estabrook, LLP Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule
The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Other Matter - 2013 Financial Statements
The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by Testone, Marshall & Discenza, LLP (predecessor auditors), who merged with Bonadio & Co., LLP as of January 1, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustees of the Plan. Their report, dated June 12, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustees, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2014
The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of Hancock Estabrook, LLP Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hancock Estabrook, LLP (the "Firm"), who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Employees are eligible to begin salary deferrals after the attainment of age 21 and having completed six months of service. The discretionary non-elective employer contribution feature of the Plan requires employees have completed two years of service and to be employed with the Firm as of the last day of the Plan year.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation, as defined by the Plan, subject to maximum limitations established by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

A discretionary non-elective contribution may be made at the option of the Firm's management. The Firm elected to make discretionary non-elective contributions of $839,363 and $910,799 for 2014 and 2013, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Firm's discretionary non-elective contributions and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Firm discretionary non-elective contribution plus actual earnings thereon.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits
Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account as either a lump-sum amount or installment payments.

Benefit payments from the Plan will be made in a lump sum distribution if the balance is less than $5,000 and the participant does not direct the Plan otherwise.

Hardship withdrawals are permitted in the event of immediate financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their vested account balance.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loan and interest thereon shall be repaid over a period not to exceed five years (except for certain residential loans which can extend up to ten years). Loans are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan administrator. Interest rates on outstanding loans were at 4.25% at December 31, 2014. Principal and interest is paid ratably through payroll deductions.

Investment Options
Investments are held within various investment options maintained by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company. Contributions are invested, at the discretion of the participant, in one or a combination of available investment options.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
The plan administrator assesses and approves the fair value measurement policies and procedures for those assets with fair value measured using Level 3 inputs on a continuing basis. Periodically, the plan administrator, together with Prudential Retirement Insurance and Annuity Company, determines if the current valuation techniques used in the fair value measurements are still appropriate.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions in accordance with the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Firm absorbs reasonable expenses incurred in the administration of the Plan, that includes accounting and legal expenses. Expenses relating to certain participant transactions, such as fees related to distributions and participant loans, are deducted from the participant's account as the transactions occur.

Fair Value Measurement - Definition and Hierarchy
Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:

    - quoted prices for similar assets or liabilities in active markets;
    - quoted prices for identical or similar assets or liabilities in inactive markets;
    - inputs other than quoted prices that are observable for the asset or liability;
    - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy (Continued)
A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2014 or 2013.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Mutual funds*: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled separate accounts*: valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Investments in these accounts are primarily invested in domestic equities that are priced using the closing price from the applicable exchanges and also invested in domestic fixed-income securities that are priced using benchmark yields, reported trades and issuer spreads. Unit values are adjusted daily to reflect investment results.
- *Guaranteed income fund*: valued at contract value that equals fair value as there is no market value adjustment upon discontinuance of the contract. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014 and 2013.

Pooled Separate Accounts

The objective of the Dryden S&P 500 Index Fund (large cap fund) is to provide investment results that approximate the performance of the Standard & Poor's Composite 500 Index ("S&P 500 Index").

The objective of the Large Cap Blend/MFS Fund, while not guaranteed, is to outperform the S&P 500 Index by 150 bps, annualized, gross of fees, over a full market cycle, typically defined as three to five years, and to achieve a competitive ranking against relevant peer funds over the same period.

The objective of the Large Cap Value/LSV Asset Management Fund is to seek appreciation of capital and to outperform the Russell 1000 Value Index over rolling three and five year periods, or a full market cycle, whichever is longer.

The objective of the Mid Cap Growth/Waddell & Reed Fund is to outperform the Russell Midcap Growth Index over a complete market cycle, by investing primarily in common stocks of mid cap companies that Waddell & Reed Investment Management Company, the Fund's investment manager, believes to offer above-average growth potential.

The objective of the Mid Cap Value/Integrity Fund is to seek capital appreciation and to outperform the Russell Midcap Value Index by maintaining a diversified portfolio of mid-capitalization stocks that are currently undervalued, yet poised to outperform.

The objective of the QMA MidCap Quantitative Core Equity Fund is long-term growth of capital. QMA seeks to outperform the Standard & Poor's (S&P) 400 Index on a before-tax basis by investing in mid-cap companies. It seeks to provide returns in excess of the S&P 400 Index and comparable equity funds over full market cycles.

The objective of the Small Cap Blend/Glenmede Fund is to generate superior returns relative to the Russell 2000 over a market cycle with less downside risk to principal by investing in a diversified portfolio of stocks that are inexpensive and exhibit company specific positive trends to consistently outperform the market.

3. FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts (Continued)
The objective of the Small Cap Growth/Columbus Circle Fund is long-term capital appreciation, following a small cap growth strategy.

The objective of the Small Cap Value/Integrity Fund is capital appreciation and to outperform the Russell 2000 Value Index by maintaining a diversified portfolio of small capitalization stocks that are currently undervalued, yet poised to outperform.

The objective of the Core Plus Bond/PIM Fund (fixed income fund) is to add 150 bps of annualized excess return over a broad U.S. bond market index over a full market cycle (three to five years) by emphasizing relative-value based sector allocation, research-based security selection, and modest duration and yield curve positioning.

The objective of the SA/Oakmark Equity & Income Strategy Fund (balanced fund) is to seek high current income, preservation and growth of capital. The fund invests primarily in U.S. equity and fixed income securities.

Guaranteed Income Fund
The objective of the Guaranteed Income Fund is to provide safety of principal, liquidity, and a competitive rate of return.

	$ 1,876,966	$ 5,322,197

5. GUARANTEED INCOME FUND WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive income contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These contracts are considered evergreen group annuity products with guarantees backed by the full faith and credit of PRIAC.

Because the guaranteed income fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The guaranteed income fund is presented on the face of the statement of net assets available for benefits at fair value which equals contract value as there is no market value adjustment upon a discontinuance. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the annuity contract at December 31, 2014 and 2013 was $4,979,722 and $4,377,747, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.5 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally there are no events that could limit the ability of the Plan to transact at contract value. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average Yields:	2014	2013
Based on actual earnings	1.70%	1.85%
Based on interest rate credited to participants	1.70%	1.85%

6. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Prudential Bank & Trust F.S.B. and Prudential Retirement Insurance and Annuity Company ("Prudential") who act as trustees as defined by the Plan and, therefore, transactions qualify as party-in-interest transactions. Fees paid to Prudential by the Plan for administrative services amounted to approximately $300 and $500 for the years ended December 31, 2014 and 2013, respectively.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Firm by a letter dated June 7, 2011, that the Plan and the related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the date of the letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 15, 2015, which is the date the financial statements were available to be issued.
