Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. I have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of October 31, 2014 and 2013 and for the year ended October 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

ORORA NORTH AMERICA PROFIT SHARING AND 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Orora North America Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan for the eligible employees of Orora North America and its subsidiaries that adopt the Plan (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective November 1, 2013, the Company changed the Plan's name from the Amcor Packaging Distribution and Participating Employers Profit Sharing Plan Plus to the Orora North America Profit Sharing and 401(k) Plan due to the change in the Company's name to Orora North America.

Participant Eligibility - The Company's non-union employees are eligible to participate in the Plan on the first day of the month after the date they are hired.

Effective November 1, 2014, the Plan was amended to allow the Company's non-union employees to be eligible to participate in the Plan as soon as practicable after the date they are hired.

Contributions - Participants may contribute a percentage of their pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified benefit plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. For the year ended October 31, 2014, the Company chose to make a profit sharing contribution of 3.25% of compensation for all eligible participants. Contributions are subject to certain statutory limitations. Participants direct the investment of all contributions to their account into 1 of 3 different funds of investments.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's profit sharing contributions and (b) Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting - Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the portion of their account from the Company's contributions is based on years of continuous service. A participant is 100% vested after five years of credited service. In addition, participants will become 100% vested upon attaining the age of sixty-five, death or disability.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts - At October 31, 2014 and 2013, forfeited nonvested accounts totaled \$148,081 and \$117,239, respectively. These accounts will be reallocated to the remaining participants or used to reduce the Company's contributions or pay Plan expenses. During the year ended October 31, 2014, there was \$97,284 of forfeited nonvested accounts reallocated to the remaining participants, and there were no forfeited nonvested accounts used to reduce the Company's contributions or to pay Plan expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Subsequent events were evaluated through July 1, 2015, which is the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of October 31, 2014 and 2013, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits - Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of the interest-bearing cash and cash equivalents are at face value. The fair values of the common stocks are based on the closing price reported on the active market where the individual securities are traded. The fair values of the mutual funds and the common/collective trust are based on the quoted net asset value of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The life insurance policies are not actively traded and significant other observable inputs are not available. Thus, the life insurance policies are stated at the cash surrender value as determined by the Minnesota Life Insurance Company, which the Company has estimated approximates fair value.

For those assets with fair value measured using Level 3 inputs, the Plan Administrator determines the fair value measurement policies and procedures. Those policies and procedures are reassessed periodically to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of October 31, 2014 and 2013:

---	---------------

Gains and losses included in changes in net assets available for benefits for the year ended October 31, 2014 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 at the end of the reporting period. For the year ended October 31, 2014, there were no significant transfers between Level 1 and Level 2 or into or out of Level 3.

NOTE 4 - INVESTMENTS

The investment activities included on the statements of net assets available for benefits as of October 31, 2014 and 2013, the Statement of Changes in Net Assets Available for Benefits for the year ended October 31, 2014, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following table presents investments. Investments that represent 5% or more of the Plan's net assets are separately identified.

During the year ended October 31, 2014, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by \$11,563,849 as follows:

Common Stocks and Mutual Funds	\$ (8,345,367)
Common/Collective Trust	<u>19,909,216</u>
	<u>\$ 11,563,849</u>

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
