NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ahlstrom Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established to provide retirement benefits to eligible employees of the following participating companies: Ahlstrom Nonwovens LLC, Ahlstrom Filtration LLC, Ahlstrom North America LLC, and Ahlstrom USA Inc. (collectively, the Company).

Effective December 31, 2013, the Company sold the parchment business owned by Ahlstrom West Carrollton LLC to West Carrollton Parchment & Converting, Inc. (WCPC). In conjunction with the sale, 67 employees were transferred to, and became employed by, WCPC. Therefore, they are no longer participants in the Plan. The account balances of these employees were transferred into retirement plans sponsored by WCPC in March 2014, as further described in Note 10.

The Investment Committee and the Administrative Committee of the Company control and manage the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan.

Eligibility - Participants are eligible to make pre-tax, after-tax and Roth contributions and are eligible for matching contributions effective as soon as administratively feasible after their date of hire. Participants are automatically enrolled in the Plan upon meeting the eligibility requirements unless they affirmatively decline to make deferral contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute between 1% and 60% of their eligible compensation as pre-tax, Roth and after-tax contributions and up to 100% of any bonus paid, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation on the pay date for the second payroll period following the date on which the employee first became eligible, and their contributions are invested in a designated fund until changed by the participant. For participants automatically enrolled in the Plan, their deferral percentage will increase by 1% annually until they are deferring 6% unless the participant affirmatively elects otherwise. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

NOTE 1 - DESCRIPTION OF PLAN (Continued)

The Plan is being maintained utilizing a safe harbor matching formula. The following table summarizes the plan provisions relating to Company safe harbor matching contributions:

Employee Contribution Percentage	Employer Matching Contribution Percentage
1.0%	1.0%
2.0	1.5
3.0	2.0
4.0	2.5
5.0	3.0
6.0	3.5

Employee contribution percentages in excess of 6% are not eligible for employer matching contributions.

The Plan also provides for various annual Company nonelective contributions that vary by site and class of employee. For most employees, the annual contribution is 1% to 5% of earnings plus 1% to 5% of earnings in excess of the Social Security Wage Base, depending on their location.

For hourly employees at the Madisonville and Taylorville sites, and union employees at Mount Holly Springs hired after September 15, 2009, the annual contribution is a fixed dollar amount based upon the age of the participants.

Union employees of Ahlstrom West Carrollton LLC shall not be eligible for safe harbor matching contributions as noted above. The employer matching contribution with respect to employees of Ahlstrom West Carrollton LLC shall be $.50 for each $1.00 contributed by the participant up to a maximum of $625.00.

For union employees of Ahlstrom West Carrollton LLC hired after August 1, 2006, the annual contribution is 2% of earnings. Former participants in the Ahlstrom Group Retirement Plan who are age 50 at the beginning of each plan year through 2017 receive an additional contribution of 5% of earnings for such year.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

For the period from January 1, 2011 through April 17, 2011, union employees of Ahlstrom Filtration LLC who are working at the Mount Holly Springs, Pennsylvania, location and who were hired before September 15, 2009 are eligible for an employer matching contribution equal to the greater of the safe harbor contribution based on the table above or the matching contribution according to the schedule shown below. Effective April 18, 2011, these employees will receive employer matching contributions only according to the schedule below.

Employee Contribution Percentage	Employer Matching Contribution Percentage
1.0%	1.0%
2.0	2.0
3.0	3.0

Employee contribution percentages in excess of 3% are not eligible for employer matching contributions.

All contributions are subject to certain limitations imposed by the Plan and the Code.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company contributions, and allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options - Participants may direct their contributions to a variety of mutual funds, a collective trust fund and a self-directed brokerage account held at Fidelity. These funds include a variety of investment options with various objectives and degrees of financial risk. Investments in life insurance contracts were transferred from a prior plan and are not a current investment option.

Vesting - Participants are immediately vested in their deferral and rollover contributions, including earnings on these amounts. Vesting in the remainder of their accounts is based on years of continuous service. Vesting in the Company contributions portion of their accounts is generally within two years of service, except for certain collectively bargained employees. Union employees of Ahlstrom Filtration LLC who are working at the Mount Holly Springs, Pennsylvania, location vest in employer contributions upon the completion of five years of service. Participants are also fully vested upon reaching their normal retirement date, death or total disability.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to fifteen years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. The loans currently bear interest ranging from 4.25% to 9.5%. Participants may only have two loans outstanding at any given time. Generally, principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits - Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed $5,000, the plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures - Forfeitures of nonvested employer contributions are used to reduce the Company's future contributions or to pay plan expenses.

Forfeited nonvested accounts totaled $109,950 and $96,198 at December 31, 2014 and 2013, respectively. Company matching contributions were reduced by $30,891 from forfeited nonvested discretionary matching accounts for the year ended December 31, 2014.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution retirement plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the statements of net assets available for benefits present the fair value of investment contracts as well as the adjustment for fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis. The Plan's investment in the Fidelity Managed Income Portfolio II has underlying investments that include fully benefit-responsive investment contracts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Other income represents income received from revenue-sharing arrangements with Fidelity.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits to participants are recorded when paid.

Plan Expenses - Except for certain professional fees paid by the Plan, the majority of expenses related to maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties - The Plan provides for various investment options in money market and mutual funds and common and collective trusts. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events - Subsequent events were evaluated through July 18, 2015, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION BY THE INVESTMENT TRUSTEE

Information presented in the accompanying statements and supplemental schedule as of December 31, 2014 and 2013, and for the year ended December 31, 2014 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Fidelity, the trustee, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - INVESTMENTS

Investments representing 5% or more of the Plan's net assets available for benefits at December 31, 2014 and 2013, were as follows:

	2014	2013
Common and collective trust:		
Fidelity Managed Income Portfolio II	$ 18,650,726	$ 21,345,437
Mutual funds:		
Spartan 500 Index Fund	29,739,446	27,245,667
Fidelity Contrafund	27,460,540	27,498,477
Fidelity Low Priced Stock Fund	11,648,023	11,163,160
PIMCO Total Return Fund - Admin Class	11,341,909	11,265,400

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $1,541,285, all of which was attributable to mutual funds.

NOTE 5 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability at the measurement date.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When, as a practical expedient, an investment is measured at fair value on the basis of net asset value (NAV), its classification as Level 2 or 3 will be impacted by the ability to redeem the investment at NAV at the measurement date. If there is uncertainty or the inability to redeem an investment at NAV in the near term subsequent to the measurement date, the investment is categorized as Level 3.

The following is a description of the valuation methodology used for assets measured at fair value:

Money Market and Mutual Funds - Money market and mutual funds are valued at the quoted NAV of shares held by the Plan at year end.

Common and Collective Trusts - Common and collective trusts are stated at NAV. The NAV, as reported by the investment manager of the fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets and liabilities at the measurement date.

Cash Surrender Value of Life Insurance - Cash surrender value of life insurance is based upon the surrender value of the insurance contracts.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014 and 2013:

Investments in common and collective trusts provide for daily liquidity and have no redemption features or other restrictions.

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2014:

		Cash Surrender Value of Life Insurance
Balance - beginning of year	$	315,230
Increase in value		19,671
Balance - End of Year	$	334,901

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 - INCOME TAX STATUS

The Plan has adopted a nonstandardized prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) that it was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.
