INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Southern Bleacher Holdings, Inc. 401(k) Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Southern Bleacher Holdings, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Supplemental Schedule of Assets Held at End of Year as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Southern Bleacher Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Southern Bleacher Company and its affiliated companies (the Company), who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The executive management is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The participating employers are: Southern Bleacher Holdings, Inc., Southern Bleacher Company, Inc., HUB Machine & Tool, Inc., and HUB Fishing Tools, Inc.

Contributions

Participants can make elective contributions through salary deductions of their compensation, as defined in the Plan, not to exceed the maximum IRS limits. Each year, the employer can make matching contributions equal to a discretionary percentage of the participant's salary reductions for employees employed on the last day of the plan year. The employer match for the years ended December 31, 2014 and 2013 was 25% of the first 6% of an employee's deferral, within the maximum IRS limits. Rollover contributions are allowed if they meet certain requirements of the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, as directed by the participant, any Company matching contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer matching contribution to their accounts is based on years of service, as follows:

Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

NOTE 1: DESCRIPTION OF PLAN – continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate will be a reasonable rate of interest determined by reviewing the interest rates charged for similar types of loans by other lenders, which was 4.25% as of December 31, 2014 and 2013. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive benefits as either a lump sum amount equal to the value of the participant's account, or equal monthly installments. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures will be used to reduce future employer contributions to the Plan. Forfeitures were insignificant for the years ended December 31, 2014 and 2013.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts; the adjustment of the fully benefit-responsive investment contracts from fair to contract value is not needed as fair value equals contract value. The Statements of Changes in Net Assets Available for Benefits is prepared using the fair value as well.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES – continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's executive management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest and dividends were immaterial to the Plan as of December 31, 2014 and 2013.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2014 and 2013 excess contributions to the applicable participants prior to March 15, 2015 and 2014, respectively.

Expenses

The plan sponsor pays substantially all general Plan expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2015, the date the financial statements were available to be issued.

NOTE 3: CERTIFIED INVESTMENTS

Other than contributions receivable, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014 and 2013 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MassMutual Life Insurance Company (the trustee of the Plan).

NOTE 5: FAIR VALUE MEASUREMENTS

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable input (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5: FAIR VALUE MEASUREMENTS – continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in inactive markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts – Investments are reported at fair value utilizing Level 1 inputs. For these investments, the Plan obtains fair value measurements from an independent pricing service. The fair value measurements consider observable data that may include dealer quotes, market spreads, cash flows, the U. S. Treasury yield curve, live trading levels, trade execution data, market consensus prepayments speeds, credit information and the bond's terms and conditions, among other things.

Guaranteed investment contract – Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, executive management evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing market data (for example, swap curve rate).

The preceding method described may produce a fair value calculation that many not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH NATIONAL INSURANCE COMPANY

In January 2006, the Plan entered into a fully benefit-responsive guaranteed investment contract with Hartford Life Insurance Company, now MassMutual Financial Group. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value as fair value equals contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH NATIONAL INSURANCE COMPANY – continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $652,985 and $599,437, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and may be changed from time to time. Any such change by MassMutual Financial Group will be declared in advance and will become effective as of the first day of the month immediately following the date the contractholder is mailed notice of such change. The rate of interest credited to amounts invested in the suspense account shall not be less than an effective annual rate of 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA. The Plan administrator believes that there is low probability that any events would occur that would limit the Plan's ability to transact or contract value with participants.

The guaranteed investment contract is permitted to discontinue as of the earliest date specified in (1) or (2) below:

(1) The date specified in a written notice from the contractholder to the Company. The written notice of discontinuance shall be on a form satisfactory to MassMutual Financial Group.
(2) The last day of the month specified in a written notice from the Company to the contractholder that no further contributions will be accepted by MassMutual Financial Group, which notice may be given at the option of the Company, if:
    (a) The contractholder fails to provide any information required by MassMutual Financial Group, and does not remedy such failure within 31 days from the date the Company notifies the contractholder thereof, or
    (b) If the Trust is amended such that its provisions adversely affect, in MassMutual Financial Group's sole determination, the Company's obligation under this contract, or
    (c) All contracts in this class of business must be amended, changed or altered due to changes in the state or federal laws or regulations governing contracts of this type and such requirements material and adversely affect, in the Company's sole determination, MassMutual Financial Group's obligations under this contract or its ability to maintain the class of business of which this contract is a part, or
    (d) The assets held, or participants covered under the contract are less than the amount, or number required for the contract to be considered a group annuity contract in the state in which the contract is issued, or
    (e) The contractholder is changed such that the organization or entity would no longer be considered an eligible sponsoring organization for this type of contract, or
    (f) If at any time the Plan fails to meet the requirements for qualification under the IRC and/or any other applicable state or federal law, or the trust fails to remain tax-exempt under Section 501(a) of the IRC, or
    (g) If at any time contributions or balance are less than the amount required for this class of business under the Company's underwriting standards in effect as of the contract effective date.

The average yields earned by the guaranteed investment contract as of December 31, 2014 and 2013 were 2.96% and 2.99%, respectively.

NOTE 7: RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are in pooled separate accounts managed by MassMutual Life Insurance Company, the custodians of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

NOTE 9: TAX STATUS

The IRS has determined and informed the Company by a letter dated June 29, 2012, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified and tax exempt.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of pooled separate accounts and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: EXCESS CONTRIBUTIONS PAYABLE

Contributions received from participants are net of payments made in subsequent years to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts totaled $18,372 and $40,737 at December 31, 2014 and 2013, respectively, and are included in the Plan's statement of net assets available for benefits as excess contributions payable.
