(1) Plan Description

The following brief description of the Urth Caffe 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective August 1, 2012 by Urth Caffe Corporation ("Plan Administrator" or "Company"). The Company is responsible for the day-to-day administration and operation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"). The Company has contracted with Ascensus, and its subsidiary, Ascensus Trust Company to act as the record-keeper and trustee, respectively. Ascensus Trust Company holds and distributes the funds of the Plan in accordance with the Plan's provisions and instructions of the participants and the Plan Administrator.

Contributions

Employees of the Company are eligible to participate in the Plan after attaining the age of 18 and may begin contributing after completing one year of service to satisfy the eligibility requirements. Participants may elect to contribute to the Plan, through traditional pre-tax or after-tax "Roth" deferrals, part of their annual eligible compensation, up to the annual maximum allowed under the Code, which changes each year. The maximum contribution amount was $17,500 for the year ended December 31, 2014. All employees who were eligible to make deferrals under the Plan and had attained age 50 before the close of the Plan year were eligible to make catch-up contributions in accordance with, and subject to, the limitations of the Code. Participants may rollover into the Plan amounts representing distributions from other qualified plans.

The Plan is currently designed as a safe harbor plan, whereby the Company makes matching contributions for participants. The safe harbor matching contributions are equal to 100% of salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of a participant's annual eligible compensation. No other matching or profit sharing contributions are permitted under the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company's matching contributions, allocations of the Company's discretionary contributions (if any) and investment earnings and charged with an allocation of expenses and investment losses. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement.

(1) Plan Description (continued)

Vesting

Eligible participants are immediately 100% vested with respect to their voluntary contributions plus actual earnings thereon as well as in any safe harbor matching contributions made by the Company.

Investment Options

Participants direct the investment of their contributions and Company contributions into the diverse investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts. Such borrowings and repayments are treated as transfers from and to, respectively, the participant's investment funds. Borrowings are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates. Borrowings must be at least $1,000 and are limited to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12 months on the date the new loan is made, or 50% of the participant's vested account balance. Borrowings shall be repaid within five years, unless it is used for the purchase of a primary residence. Participants are not permitted to take loans for Roth deferrals in their account.

Notes receivable from participants are payable through semi-monthly payroll deductions in installments of principal plus interest. There were no outstanding loans at December 31, 2014 or 2013.

Payment of Benefits

Upon termination of service due to death, retirement or disability, each participant or the participant's beneficiaries may receive all or a portion, as elected, of the vested interest in the participant's account in a lump sum payment or roll over his or her account balance into another qualified plan. In-service account withdrawals are permitted for participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS"). Participant contributions and rollover are only eligible for hardship withdrawals. Employer matching amounts are not eligible for these withdrawals. In-service account withdrawals are also permitted for participants with 100% vested account balance upon the attainment of age 59½ or disability. Any withdrawals by participants prior to terminating employment with the Company and prior to age 59½, which are not rolled over into another qualified plan, are subject to ordinary personal income taxes and penalty.

Administrative Expenses

A portion of administrative fees and all audit fees are paid by the Company.

(1) Plan Description (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The Plan Administrator evaluated subsequent events through July 7, 2015, the date the financial statements were available to be issued, noting none which would require adjustment to or disclosure in the financial statements.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income

The fair value of the Plan's investments in mutual funds is determined by the trustee based on each fund's net asset value ("NAV"). When calculating each mutual fund's NAV, Ascensus Trust Company uses the market value for portfolio securities for which market quotations are readily available, typically the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount which the mutual fund might reasonably expect to receive for the security upon a current sale.

Interest and dividend income from investments is recorded on the date received.

Management fees and operating expenses are charged to the Plan for investments and are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(2) Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Agreement. There are no outstanding loans as of December 31, 2014 and 2013.

Payment of Benefits

In accordance with ERISA reporting requirements, benefit payments due to participants who have elected to withdraw from the Plan are recorded when paid.

(3) Investments

In accordance with GAAP, the Plan uses a hierarchy for measuring the fair value of all financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis. Fair value is measured in levels, which are described in more detail below, and are determined based on the observability and reliability of the assumptions used to determine fair value.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

Investments in the Plan are measured and reported at fair value on a recurring basis. The following tables show the balances of these assets based on their GAAP designated levels:

	For the Year Ended December 31, 2014			
	Level 1	Level 2	Level 3	Totals
Mutual funds	$ 177,397	$ -	$ -	$ 177,397
Cash	12,500	-	-	12,500
Totals	$ 189,897	$ -	$ -	$ 189,897

See accompanying independent auditors' report.

Cash	6,683	-		6,683
Totals	$ 63,623	$ -	$ -	$ 63,623

(4) Investments and Information Certified by Ascensus Trust Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to investment information certified by Ascensus Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Investments that represent 5% or more of the Plan's assets available for benefits as of December 31, 2014 and 2013 are separately identified:

	December 31, 2014	December 31, 2013
Vanguard Total Stock Market Index	$ 38,323	$ 18,356
Vanguard Prime Money Market	12,500	6,683
Vanguard Target Retirement 2025	14,246	6,651
Vanguard Mid-Cap Value Index	13,749	5,236
Vanguard Long-Term Bond Index	*	4,855
Vanguard REIT Index	14,107	4,184
Vanguard Target Retirement 2020	20,921	*
Vanguard Target Retirement 2035	15,914	*
	$ 129,760	$ 45,965

* Investments did not represent greater than 5% of the net asset available for benefits as of December 31 of the respective plan year.

(5) Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

See accompanying independent auditors' report.

Page 13 of 16 received on 7/24/2015 9:45:36 AM [Eastern Daylight Time]

(6) Tax Status

The Plan was established under a prototype standardized profit sharing plan submitted by Ascensus, dated July 10, 2012. The IRS has determined and notified Ascensus, by a letter dated March 31, 2008 that the form of the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees; therefore, exempt from Federal income taxes. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes is included in the accompanying financial statements.

GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merit, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is open to income tax examinations for 2012 through 2014.

(1) Plan Description

The following brief description of the Urth Caffe 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective August 1, 2012 by Urth Caffe Corporation ("Plan Administrator" or "Company"). The Company is responsible for the day-to-day administration and operation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"). The Company has contracted with Ascensus, and its subsidiary, Ascensus Trust Company to act as the record-keeper and trustee, respectively. Ascensus Trust Company holds and distributes the funds of the Plan in accordance with the Plan's provisions and instructions of the participants and the Plan Administrator.

Contributions

Employees of the Company are eligible to participate in the Plan after attaining the age of 18 and may begin contributing after completing one year of service to satisfy the eligibility requirements. Participants may elect to contribute to the Plan, through traditional pre-tax or after-tax "Roth" deferrals, part of their annual eligible compensation, up to the annual maximum allowed under the Code, which changes each year. The maximum contribution amount was $17,500 for the year ended December 31, 2014. All employees who were eligible to make deferrals under the Plan and had attained age 50 before the close of the Plan year were eligible to make catch-up contributions in accordance with, and subject to, the limitations of the Code. Participants may rollover into the Plan amounts representing distributions from other qualified plans.

The Plan is currently designed as a safe harbor plan, whereby the Company makes matching contributions for participants. The safe harbor matching contributions are equal to 100% of salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of a participant's annual eligible compensation. No other matching or profit sharing contributions are permitted under the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company's matching contributions, allocations of the Company's discretionary contributions (if any) and investment earnings and charged with an allocation of expenses and investment losses. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement.

(1) Plan Description (continued)

Vesting

Eligible participants are immediately 100% vested with respect to their voluntary contributions plus actual earnings thereon as well as in any safe harbor matching contributions made by the Company.

Investment Options

Participants direct the investment of their contributions and Company contributions into the diverse investment options offered by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts. Such borrowings and repayments are treated as transfers from and to, respectively, the participant's investment funds. Borrowings are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates. Borrowings must be at least $1,000 and are limited to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12 months on the date the new loan is made, or 50% of the participant's vested account balance. Borrowings shall be repaid within five years, unless it is used for the purchase of a primary residence. Participants are not permitted to take loans for Roth deferrals in their account.

Notes receivable from participants are payable through semi-monthly payroll deductions in installments of principal plus interest. There were no outstanding loans at December 31, 2014 or 2013.

Payment of Benefits

Upon termination of service due to death, retirement or disability, each participant or the participant's beneficiaries may receive all or a portion, as elected, of the vested interest in the participant's account in a lump sum payment or roll over his or her account balance into another qualified plan. In-service account withdrawals are permitted for participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS"). Participant contributions and rollover are only eligible for hardship withdrawals. Employer matching amounts are not eligible for these withdrawals. In-service account withdrawals are also permitted for participants with 100% vested account balance upon the attainment of age 59½ or disability. Any withdrawals by participants prior to terminating employment with the Company and prior to age 59½, which are not rolled over into another qualified plan, are subject to ordinary personal income taxes and penalty.

Administrative Expenses

A portion of administrative fees and all audit fees are paid by the Company.

(1) Plan Description (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The Plan Administrator evaluated subsequent events through July 7, 2015, the date the financial statements were available to be issued, noting none which would require adjustment to or disclosure in the financial statements.

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income

The fair value of the Plan's investments in mutual funds is determined by the trustee based on each fund's net asset value ("NAV"). When calculating each mutual fund's NAV, Ascensus Trust Company uses the market value for portfolio securities for which market quotations are readily available, typically the last quoted sales price at the time of valuation. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount which the mutual fund might reasonably expect to receive for the security upon a current sale.

Interest and dividend income from investments is recorded on the date received.

Management fees and operating expenses are charged to the Plan for investments and are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(2) Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan Agreement. There are no outstanding loans as of December 31, 2014 and 2013.

Payment of Benefits

In accordance with ERISA reporting requirements, benefit payments due to participants who have elected to withdraw from the Plan are recorded when paid.

(3) Investments

In accordance with GAAP, the Plan uses a hierarchy for measuring the fair value of all financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis. Fair value is measured in levels, which are described in more detail below, and are determined based on the observability and reliability of the assumptions used to determine fair value.

Level 1: Valuation for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

Investments in the Plan are measured and reported at fair value on a recurring basis. The following tables show the balances of these assets based on their GAAP designated levels:

	For the Year Ended December 31, 2014			
	Level 1	Level 2	Level 3	Totals
Mutual funds	$ 177,397	$ -	$ -	$ 177,397
Cash	12,500	-	-	12,500
Totals	$ 189,897	$ -	$ -	$ 189,897

See accompanying independent auditors' report.

(3) Investments (continued)

	For the Year Ended December 31, 2013			
	Level 1	Level 2	Level 3	Totals
Mutual funds	$ 56,940	$ -	$ -	$ 56,940
Cash	6,683	-		6,683
Totals	$ 63,623	$ -	$ -	$ 63,623

(4) Investments and Information Certified by Ascensus Trust Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to investment information certified by Ascensus Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Investments that represent 5% or more of the Plan's assets available for benefits as of December 31, 2014 and 2013 are separately identified:

	December 31, 2014	December 31, 2013
Vanguard Total Stock Market Index	$ 38,323	$ 18,356
Vanguard Prime Money Market	12,500	6,683
Vanguard Target Retirement 2025	14,246	6,651
Vanguard Mid-Cap Value Index	13,749	5,236
Vanguard Long-Term Bond Index	*	4,855
Vanguard REIT Index	14,107	4,184
Vanguard Target Retirement 2020	20,921	*
Vanguard Target Retirement 2035	15,914	*
	$ 129,760	$ 45,965

* Investments did not represent greater than 5% of the net asset available for benefits as of December 31 of the respective plan year.

(5) Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

(6) Tax Status

The Plan was established under a prototype standardized profit sharing plan submitted by Ascensus, dated July 10, 2012. The IRS has determined and notified Ascensus, by a letter dated March 31, 2008 that the form of the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees; therefore, exempt from Federal income taxes. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes is included in the accompanying financial statements.

GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merit, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is open to income tax examinations for 2012 through 2014.
