Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Financial Group, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules referred to above.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by John Hancock, the custodian of the Plan. Their report dated, October 7, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information include in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Reporting on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SEABREEZE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN:

The following description of the Seabreeze Retirement Savings Plan ("Plan") provides only general information with regard to the Plan. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted by Seabreeze Management Company, Inc. (the "Company") effective January 1, 2009, and is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986, as amended. The purpose of the Plan is to provide retirement benefits for substantially all employees who have completed one year of service and are age 21 or older.

Contributions

Participants may elect to contribute up to 100% of their pretax annual compensation not to exceed the maximum deferral limitation, as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions and the matching contributions into various investment options offered by the Plan. The Company matches up to 3 percent of participant contributions.

In addition, a nonelective contribution may be made at the option of the Company's Board of Directors. The nonelective contribution is allocated to participants based on the participant's compensation for the Plan year in proportion to total compensation of all participants. A participant does not have to make contributions to the Plan to be eligible for an allocation of the nonelective contribution. The Company did not make any nonelective contributions for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings of losses, and charged with an allocation of administrative expenses. Allocations are based on participant earning or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN:(Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested at the rate of 20% each year after one year of service and is considered to be 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow against their Plan account balance within plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. Loans used to acquire principal residence are not to exceed a term of twenty years. The loan amount cannot exceed the lesser of (a) one-half of the participant's non-forfeitable interest under the Plan, or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on the prevailing interest rates. Principal and interest is paid ratably through payroll deductions. The loans are secured by the vested account balance in the participant's account.

Benefit Payments

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59 1/2, participants are allowed to withdraw their funds from the Plan.

Forfeitures

Forfeitures of the employee's non-vested portion of the Company's contributions are used to reduce Plan administrative expenses then to reduce Company contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $1,944 and $589 respectively. During the year ended December 31, 2014, employer contributions were reduced by $0 from forfeited non-vested accounts.

1. DESCRIPTION OF PLAN:(Continued)

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments. Fees related to administration of participant loans are deducted from the applicable participants' accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Plan Administration

The Company is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties under ERISA.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Brokerage fees are added to the acquisition cost of assets purchased and subtracted from proceeds of assets sold.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. No liability has been recorded as of December 31, 2014 and 2013.

Tax Status

The Plan adopted the Pension Group, Inc. Prototype Non-Standardized Profit Sharing Plan with CODA ("Prototype Plan"), which received a determination letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

Reclassifications

Certain amounts in the 2013 financial statements may have been reclassified for comparative purposes to conform to the presentation in the 2014 financial statements.

Date of Management's Review

Subsequent events were evaluated through July 21, 2015, which is the date the financial statements were available to issue.

3. CONCENTRATIONS, RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to the information included in the Plan's financial statements and supplemental schedule. Investments held and certified by the custodian in the accompanying statements of net assets available for benefits totaled $2,542,200 and $2,392,388 as of December 31, 2014 and 2013, respectively. Net investment profit certified in the accompanying statement of changes in net assets available for benefits was $153,441 for the year ended December 31, 2014.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS:(Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts: The Plan invests in pooled separate accounts, which consist of mutual funds and do not have guaranteed rates of return. The fair values of these assets are determined by reference to the funds' Net Asset Value ("NAV"). See Note 5 for further descriptions of the valuation of pooled separate accounts.

Guaranteed Interest Account: Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expense. Contract value approximates fair value.

The preceding methods described may determine a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 0	$2,532,116	$ 0	$2,532,116
Guaranteed Interest Account	0	0	8,140	8,140
Total Assets at Fair Value	$ 0	$2,532,116	$ 8,140	$2,540,256

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS:(Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

Guaranteed Interest Account	0	0	7,005	7,005
Total Assets at Fair Value	$ 0	$2,384,794	$ 7,005	$2,391,799

Fair Value Investments in Entities that Use NAV

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2014:

	Guaranteed Interest Account
Beginning Balance	$7,005
Purchases	1,158
Settlements	(23)
Ending Balance	$ 8,140

The amount of unrealized gains or losses for the guaranteed interest account included in the statement of changes in net assets available for benefits was $0.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS:(Continued)

Fair Value Investments in Entities that Use NAV (Continued)

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Guaranteed Interest Account	$ 8,140	Discounted cash flow	Duration Payout Date	*0.10% -0.38%	0.25%

* Gross Guaranteed Crediting Rate must be greater than contractual minimum crediting rate.
