Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with accounting standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by PNC Institutional Investments, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held at End of Year as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Profit Sharing Plan for Employees of
Belmont Community Hospital
Notes to Financial Statements
December 31, 2014 and 2013**

1. Description of the Plan

The following description of the Profit Sharing Plan for Employees of Belmont Community Hospital (the Plan) provides general information. Users of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of Belmont Community Hospital (the Hospital), established January 1, 1990 and most recently amended and restated on January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Hospital employees, age twenty-one or older, are eligible to participate in the Plan after completing one year of service. One year of service is attained after the employee reaches their one year anniversary with the Hospital and has accumulated 1000 hours of service. Once eligible, an employee only needs to complete 500 hours of service each year to maintain eligibility.

Contributions

The Hospital has the option to make a discretionary contribution to the Plan each year based on its operating results. This contribution is determined by the Hospital's Board of Trustees. The Hospital did not make a contribution to the Plan in 2014 or 2013. No participant contributions are permitted under the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of the Hospital's contribution (when applicable), Plan earnings, and forfeitures of terminated participants' non vested accounts (when applicable). Allocations of contributions and forfeitures (when applicable) are based on the proportion that each participant's gross payroll earnings bears to the total of all participants' gross payroll earnings. Allocations of investment earnings are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis.

Vesting

Vested interest is determined based on the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than one	0%
One	20%
Two	40%
Three	60%
Four	80%
Five or more	100%

1. Description of the Plan (Continued)

Forfeited Accounts

Forfeitures for the years 2014 and 2013 will be allocated in the next year that a contribution is made. The amounts of forfeitures were \$3 and \$246 during the years ended December 31, 2014 and 2013, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a vested participant shall be immediately eligible for Plan benefits. Benefits must be taken as a lump sum distribution. Participants who are eligible to receive distribution benefits are permitted the option of keeping a balance in the Plan. The total value of deferred vested benefit payments was \$539,713 and \$593,407 in 2014 and 2013, respectively.

Administrative Fees

Legal and accounting fees, and certain administrative expenses relating to the maintenance of participant eligibility records are paid by the Hospital.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are recorded at fair value. Participant accounts are valued daily and earnings or losses are posted to accounts on a daily basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

3. Investments

Upon enrollment in the Plan, a participant may direct contributions in designated increments to any combination of a variety of mutual funds or the Federated Prime Obligations Fund, which is considered to be a cash equivalent. As of December 31, 2014 and 2013, the Plan's investments were comprised of the following:

	Level (Note 4)	2014	2013
Cash and cash equivalents	1	\$ 210,616	\$ 248,373
Equity funds	1	1,098,803	1,199,134
International equity funds	1	14,402	13,052
Fixed income funds	1	62,765	64,073
Target date funds	1	856,560	877,606
		<u>\$ 2,243,146</u>	<u>\$ 2,402,238</u>

Investment Concentration

The following presents investments which individually represent 5% or more of the Plan's net assets:

Description	December 31	
	2014	2013
American Century One Choice in Retirement	\$ 328,372	\$ 382,069
American Funds American Balanced (R4)	\$ 311,578	\$ 343,019
American Century One Choice 2015	\$ 277,381	\$ 311,700
BlackRock S&P 500 Stock K	\$ 274,704	\$ 261,222
Federated Prime Obligations Fund	\$ 210,616	\$ 248,373
American Century One Choice 2025	\$ 189,367	\$ 177,197
T Rowe Price Growth Stock	\$ 153,191	\$ 170,277
Baron Asset	\$ 139,968	\$ 143,943
Artisan Mid Cap Value	\$ 121,282	\$ 131,662

4. Fair Value

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Profit Sharing Plan for Employees of
Belmont Community Hospital
Notes to Financial Statements
December 31, 2014 and 2013**

4. Fair Value (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets in active markets • Quoted prices for identical or similar assets in inactive markets • Inputs other than quoted prices that are observable for the asset • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
<i>All of the Plan's investments were Level 1 as of December 31, 2014 and 2013, measured on a recurring basis.</i>	

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

METHODOLOGIES

The following is a description of the methodologies used by this Plan. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are actively traded.

5. Plan Termination

The Hospital intends to continue the Plan indefinitely, but reserves the right to discontinue the Plan at any time, provided it will not be undertaken in such a manner as to constitute a violation of any applicable provision of ERISA. In the event of a termination of the Plan, all amounts credited to the accounts of participants shall vest and distributions shall be made to the exclusive benefit of participants or their beneficiaries.

6. Parties-in-Interest

Parties-in-interest is defined by IRC Section 4975(e)(2) and ERISA Section 3(14)(c) to include, among others, any entity who provides services to the Plan. For the years ended December 31, 2014 and 2013, PNC Institutional Investments, the trustee and third party administrator, owned a portion of BlackRock. Therefore, investments in mutual funds managed by BlackRock are parties-in-interest. For the years ended December 31, 2014 and 2013, the amount invested in BlackRock is \$274,704 and \$311,700 respectively.

Belmont Community Hospital
Notes to Financial Statements
December 31, 2014 and 2013**

7. Tax Status of the Plan

The Plan uses the PNC Bank National Association Prototype document for Profit Sharing Plans, which received a favorable determination opinion from the Internal Revenue Service, (IRS), dated March 31, 2008. The Plan itself has not received a determination letter from the IRS. The prototype document has been amended and restated since receiving the prototype determination letter. However, the Plan administrator believes that the prototype document is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan is required to file Form 5500, *Annual Return/Report of Employee Benefit Plan*, which is subject to routine audits by federal authorities. Returns for the current year, as well as the prior three years (2011-2013) are subject to examination for generally up to three years after they are filed.

8. Information Certified by the Plan's Trustee

The trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Cash, cash equivalents, and mutual funds, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013
- Investment income, (net appreciation in fair value and dividends) as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2014 and 2013
- The Schedule of Assets Held at End of Year as of December 31, 2014, as shown in the supplemental information.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

9. Investment Risk

Investments of the Plan are not insured by the FDIC; are not deposits or other obligations of, or guaranteed by any bank or affiliates; and are subject to investment risks, including possible loss of the principal amount invested.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Classification Differences

Form 5500 includes certain assets and liabilities that differ from amounts shown on the accompanying financial statements. These differences relate to classifications only and have no effect upon net assets available for benefits for either the year ended December 31, 2014 or 2013.

11. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were issued, July 22, 2015, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in the financial statements.
