NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following summary description of Lehman Hardware & Appliance, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to essentially all employees (excluding union employees, provisory employees, and non-resident aliens as described in Code Section 410(b)(3)(C)) of Lehman Hardware & Appliance, Inc. (the "Company") who have completed one year of service (1,000 hours) and attained 21 years of age. The Plan Committee along with investment advisors, determines the appropriateness of the Plan's investment offerings and monitoring of investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to the lesser of 90 percent of their compensation or \$17,500. The Plan provides for the Company to contribute discretionary, matching amount limited to 50 percent of the participant's contribution up to five percent of the participant's eligible wages. In addition, the Company may provide an annual elective contribution that is determined by the Company. These contributions are allocated to those participants who have completed 1,000 hours of service and are still employed at the end of the Plan year. There were matching and elective contributions made by the company of \$53,664 and \$67,867 in 2014 and 2013, respectively.

Participants designate how Plan contributions are to be invested. Investment alternatives are limited to common collective trust funds and mutual funds with various investment objectives. Plan contributions may be invested in the various investment funds, all of which are offered by State Street Bank, in any combination.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) any company contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Amounts contributed by participants and earnings thereon become immediately vested. Vesting of Company contributions and related earnings is based on years of service. A participant is fully vested in the matching and elective Company contributions after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's vested account and bear interest at a rate of 4.25 percent, which is equal to prime plus one at the time of the loan. Principal and interest is paid ratably through payroll deductions.

401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Distribution of Benefits

Upon termination of employment, participants, or their beneficiaries are entitled to receive 100 percent of their contributions and related earnings, and the vested portion of Company contributions and related earnings, upon normal retirement (age 65), death or disability. The Plan also provides for in-service, early retirement and hardship withdrawals, which are subject to conditions stated in the Plan document.

Forfeitures

Forfeitures shall first be used to pay any administrative expenses. The remaining forfeitures, if any, shall be used to reduce the employer matching contribution. Any forfeitures remaining after such reduction, shall be used to reduce the discretionary employer contribution. As of December 31, 2014 and 2013, the Plan had \$5,640 and \$9,357 of forfeiture balances. During 2014 and 2013, \$2,564 and \$9,357, respectively, of forfeitures were applied to plan expenses.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies followed in the preparation of the Plan's financial statements.

Basis of Presentation

The financial statements of the Plan are maintained on the accrual basis of accounting.

Investment Contracts

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net asset available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit responsive investment contracts.

Use of Estimates

The preparation of the financial statements consistent with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

LEHMAN HARDWARE & APPLIANCE, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013, for non-public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

Plan recordkeeping expenses and certain other administrative expenses are paid by the Plan. Investment management fees are netted against plan earnings.

Subsequent Events

Subsequent events have been evaluated through July 23, 2015, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2014 and 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank, the custodian of the Plan. The contract value of the guaranteed investment contract was certified by the custodian.

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumption that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

LEHMAN HARDWARE & APPLIANCE, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Common Collective Funds: Valued based on the NAV of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

- (a) The Fund is managed using a "passive" or "indexing" investment approach, by which State Street Global Advisors ("SSgA") attempts to match, before expenses, the performance of the Index. SSgA will typically attempt to invest in the securities comprising the Index in the same proportions as they are represented in the Index. In some cases, it may not be possible or practicable to purchase all of the securities comprising the Index, or to hold them in the same weightings as they represent in the Index. In those circumstances, SSgA may employ a sampling or optimization technique to construct the portfolio in question. The Fund's returns may vary from the returns of the Index.

NOTES TO FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

- (b) As manager of the Fund, State Street Global Advisors ("SSgA") selects one or more "master" money market funds in which to invest substantially all of the Fund's assets. Currently, the Fund invests substantially all of its assets in the State Street U.S. Government Money Market Portfolio (the "Portfolio"), a money market mutual fund managed by SSgA Funds Management, Inc. ("SSgA FM"), an affiliate of SSgA, and registered with the Securities and Exchange Commission. The Fund may, in the discretion of SSgA, invest in shares of other money market mutual funds, including a fund that is not advised by SSgA FM. The Portfolio invests principally in the following instruments: obligations issued or guaranteed as to principal and interest by the U.S. government or its agencies and instrumentalities, such as the Federal Home Loan Mortgage Corporation and the Federal National Mortgage Association, and U.S. government-sponsored entities such as the Federal Home Loan Bank, which are neither insured nor guaranteed by the U.S. Treasury and repurchase agreements secured by such instruments. These instruments may bear fixed, variable or floating rates of interest. The Portfolio may invest in shares of other money market funds, including funds advised by SSgA FM. Although the Fund invests substantially all of its assets in a registered money market mutual fund, the Fund itself is not a registered money market fund, and is not subject to the various rules and limitations that apply to such funds. There can be no assurance that the Fund will maintain a stable net asset value.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds and units of common collective funds managed by State Street Bank, which is the custodian of the plan and, therefore, these transactions qualify as party-in-interest.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

LEHMAN HARDWARE & APPLIANCE, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8: FEDERAL INCOME TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2008-6 and 2005-16, the Plan Sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt. As such, no provision for income taxes has been included with the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
