### 1. Plan Description

---

The following brief description of Central States Indemnity Co. of Omaha Employees' Progress Sharing Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a noncontributory defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Central States Indemnity Co. of Omaha (the Company).

Employees become eligible to receive Company discretionary contributions after attaining age 19 and completing one year of service with at least 1,000 hours of service. Participants under the age of 62 must be employed on the last day of the Plan year and have completed a 1,000 hours of service during the Plan year to receive a discretionary contribution. Employees who have attained age 62 and terminated or retired during the Plan year with 1,000 hours of service are also eligible to receive a discretionary contribution. Eligible employees become participants on the first day of the first calendar month following the date on which entry requirements were fulfilled.

#### ***Contributions***

Contributions by the Company are made at the sole discretion of the Company's Board of Directors. Contributions are subject to certain limitations.

#### ***Participant Accounts***

Each participant's account is credited with an allocation of the Company's contribution and Plan earnings or losses. The Company's discretionary contribution is allocated among participants based upon compensation of eligible participants. Participant direction of investments is not permitted; however, beginning twelve months prior to a participant's retirement date, after attaining age 55, such participant may direct the custodian that the full amount in the participant's account be placed in a certificate of deposit, money market certificate or similar interest bearing account. Plan earnings or losses are allocated on the basis of actual results of the investments. Investments are maintained in individual member accounts managed by the Vanguard Group, Inc. (Vanguard).

#### ***Vesting***

Participants are vested in the Company contributions plus actual earnings thereon upon completing one hour of service with the Company.

#### ***Payment of Benefits***

Upon termination, retirement, disability, or death the participant or beneficiary may elect to receive a lump sum equal to the value of the vested funds allocated to the participant's account. The Plan requires mandatory distribution payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

### 2. Summary of Significant Accounting Policies

---

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

#### ***Basis of Presentation***

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. The statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### ***Expenses***

Certain expenses to maintain the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Recordkeeping and other administrative expenses are paid by the Plan and are included in administrative expenses.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### *Subsequent Events*

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through July 16, 2015, noting no items requiring disclosure.

### 3. Information Certified by Vanguard

---

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Vanguard except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

The following table presents the value of the investments in this Plan that were certified by Vanguard. Single investments representing more than 5% of the Plan's net assets at December 31, 2014 and 2013 are separately identified.

### 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

# Central States Indemnity Co. of Omaha Employees' Progress Sharing Plan

## Notes to Financial Statements

### December 31, 2014 and 2013

---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

*Mutual Fund and Money Market Fund:* Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish its daily Net Asset Value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

*Common Collective Trust:* The estimated value of the common collective trust is at Net Asset Value (NAV), exclusive of the adjustment to contract value. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments or significant restrictions or redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014.

|                                 | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u> |

## 6. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

### 7. Plan Termination

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

### 8. Related Party Transactions

---

Plan investments are managed by Vanguard. Vanguard is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
