Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the St. Mary's Nursing Center Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information discussed in Note 9, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets Held (At End of Year) as of or for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements
December 31, 2014 and 2013

1. Description of the Plan

The following description of the St. Mary's Nursing Center Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of St. Mary's Nursing Center, Inc. (the "Center") who have completed three months of service and are age twenty-one or older. To be eligible for the Center matching contribution, an employee must have 1 year of service (1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100 percent of pretax annual compensation, as defined by the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Center may make a discretionary matching contribution equal to a percentage of a participant's contribution. The Center may also make a discretionary profit sharing contribution for those participants who have completed 1,000 hours of service and are employed at the last day of the plan year and is allocated based on a participant's compensation to total compensation. There was no Center match or discretionary profit sharing contribution in 2014.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Center's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements

December 31, 2014 and 2013

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Center's contribution is based on years of continuous service. Participants are fully vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, which was 4 percent at December 31, 2014. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

There were no forfeited non-vested accounts at December 31, 2014 and 2013. Forfeitures are first used to reduce administrative expenses, then Center contributions. No forfeitures were used during 2014.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as an adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if any. The plan custodian has disclosed to the Plan that contract value approximates fair value and therefore no such adjustment is necessary. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administration of Plan Assets

The Plan's assets are administered under a contract with American United Life Insurance Company ("AUL"), the custodian of the Plan. AUL invests funds received from contributions, investment sales, interest income and makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Center and are excluded from these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through July 24, 2015, the date the financial statements were available to be issued.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 is effective for the Plan for years beginning after December 31, 2016 with early adoption permitted. Management is currently evaluating the impact of the adoption of this guidance on the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Fixed interest investment option	-	-	74,452	74,452
Total	\$ -	\$ 1,509,960	\$ 74,452	\$ 1,584,412

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The fixed interest investment option is valued using discounted cash flows based on current yields of similar instruments with comparable durations with consideration of the credit-worthiness of the issuer.

Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the account derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy as described in the following paragraphs.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements
December 31, 2014 and 2013

Due to the nature of these securities, there are no unfunded commitments or redemption restrictions.

Managed - Seek highest total return consistent with its asset mix based on retirement date and aim to provide investors with an optimal level of return and risk.

Bond - Seek high current income and maximum return consistent with the preservation of capital and prudent investment management.

Growth - Seek long-term capital growth.

Money market - Seeks to provide current income while preserving assets and maintaining liquidity.

International - Seek high total investment return, long-term capital growth and capital appreciation by investing in common stocks of issuers in developing and emerging markets or Europe and the Pacific Basin.

Blend - Seek investment return that approximates the performance of the applicable S&P index over the long term or long-term capital appreciation.

Value and other - Seek substantial dividend income as well as long-term growth of capital.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the change in fair value of the Plan's level 3 investment in 2014:

Balance, January 1	\$ 74,452
Interest	956
Contributions	6,259
Purchases	4,196
Sales	<u>(27,582)</u>
Balance, December 31	<u>\$ 58,281</u>

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements
December 31, 2014 and 2013

Quantitative information about significant unobservable inputs used in measuring the fair value of the Level 3 investment is as follows:

Investments	December 31, 2014			
	Fair Value	Principal Valuation Techniques	Unobservable Inputs	Range of Significant Inputs Values
Fixed interest investment option	\$ 58,281	Discounted cash flow	Crediting Interest Rate	1.5 - 2.0%
Investments	December 31, 2013			
	Fair Value	Principal Valuation Techniques	Unobservable Inputs	Range of Significant Inputs Values
Fixed interest investment option	\$ 74,452	Discounted cash flow	Crediting Interest Rate	1.0 - 2.0%

4. Investments

The following investments represent 5 percent or more of the Plan's net assets available for benefits at December 31, 2014 and 2013:

	2014	2013
Amercent One Choice 2020 A	\$ 307,410	\$ 279,200
Amercent One Choice 2025 A	277,482	221,895
Amercent One Choice 2035 A	260,703	217,189
Amercent One Choice 2030 A	225,674	187,994
Amercent One Choice 2040 A	112,999	98,633

During 2014, the Plan's investments in pooled separate accounts, (including gains and losses on investments bought, sold, as well as held during the year) appreciated in value by \$92,660.

5. Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by AUL and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Center. No such officer or employee receives compensation from the Plan.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements
December 31, 2014 and 2013

6. Plan Termination

Although it has not expressed any intent to do so, the Center has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Center contributions.

7. Tax Status

The Plan adopted a prototype non-standardized profit sharing plan with tax or deferred arrangement, which received a favorable opinion letter from the IRS dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

9. Information Certified by AUL

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2014 and 2013. Accordingly, AUL has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2014 and 2013 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2014.

St. Mary's Nursing Center Retirement Plan

Notes to Financial Statements
December 31, 2014 and 2013

10. Delinquent Participant Contributions

For the year ended December 31, 2014, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled \$9,668, were corrected outside of the Department of Labor Voluntary Fiduciary Correction Program. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.

11. Investment Contract with AUL

The Plan entered into a benefit-responsive fixed interest investment option with AUL which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed interest investment option issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the fixed interest investment option is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed interest investment option. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participants' withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of AUL or otherwise. The crediting interest rate is based on a formula agreed upon with AUL, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with AUL. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Center or other Center events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The fixed interest investment option does not permit AUL to terminate the agreement prior to the scheduled maturity date. The average yield based on actual earnings and interest credited to participants was 1.74% and 1.41% for 2014 and 2013, respectively.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
