COLONIAL AMERICAN DEVELOPMENT CORPORATION
401(k) RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

A. Description of Plan

The following description of the Colonial American Development Corporation ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company who have one year of service (defined as 1,000 hours of service accumulated during the first twelve consecutive months of employment or if not accumulated after the first twelve consecutive months of employment then at the end of any following Plan Year during which 1,000 hours of service is accumulated) and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for the oversight of the Plan. The Plan trustee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the Plan's administrator.

Contributions. Each year, participants may contribute up to \$17,500 for 2014 and 2013 of their pretax annual compensation, as defined in the Plan. Participants that are at least age 50 or will attain age 50 before the end of the calendar year may elect to defer additional amounts (called "catch-up contributions") to the plan as of January 1st of that year. The maximum "catch-up contribution" is \$5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes up to 25% of the first 6% of base compensation that a participant contributes to the Plan. All employer contributions are invested in the same percent as the employee contribution. Contributions are subject to certain IRS limitations.

Participant Accounts. Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as, Plan earnings. Participants are charged with an allocation of administrative expenses upon voluntary distributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited services as shown in the following schedule.

Years of Service	Vested Interest
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participant Loans. The Plan does not permit loans.

Payment of Benefits. On termination of service due to death, total and permanent disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments over a period no longer than the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

A. Description of Plan (Continued)

Forfeited Accounts. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$1,489 and \$28, respectively. These accounts will be used to reduce future employer contributions and employer administration expenses. In 2014 and 2013, employer contributions were reduced by \$0 and \$0, respectively, from forfeited nonvested accounts. In 2014 and 2013, employer administration expenses were reduced by \$0 and \$934, respectively, from forfeited non-vested accounts. As of December 31, 2014, a benefits payable exists in the amount of \$264 which was paid and deducted from the forfeiture account in 2015.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles in the United States of America require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D. for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2014 and 2013 excess contributions to the applicable participants prior to May 20, 2015 and February 10, 2014, respectively. The late payment of excess contributions in 2015 for 2014 was due to confusion with the servicer. A fee will most likely be required, but is unknown as of the date of these financial statements.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of voluntary distributions to participants are charged directly to the participant's account and are included in administrative expenses. The forfeited non-vested account is used to reduce employer administrative expenses and is included in administrative expenses. In 2014 and 2013, employer administration expenses of \$0 and \$934, respectively, were included in the financial statements from forfeited non-vested accounts. Investment related expenses are included in net appreciation of fair value of investments.

Common Stock	-
Corporate Bonds	-
U.S. Government Securities	-
	<u>\$ (34,193)</u>

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- ✓ quoted prices for similar assets or liabilities in active markets;
 - ✓ quoted prices for identical or similar assets or liabilities in inactive markets;
 - ✓ inputs other than quoted prices that are observable for the asset or liability;
 - ✓ inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

D. Fair Value Measurements - (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

H. Tax Status

The IRS has determined and informed the Company by a letter dated January 27, 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
