INDEPENDENT AUDITORS' REPORT

To the Plan Committee of
Curtis Steel Company Employee 401(k) Profit Sharing Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Curtis Steel Company Employee 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Charles Schwab Bank, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

NOTE 1 – DESCRIPTION OF PLAN

The Curtis Steel Company Employee 401(k) Profit Sharing Plan (the Plan) is a qualified retirement plan adopted by Curtis Steel Company, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally effective on April 1, 1986 to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was amended and restated effective January 1, 2008.

Significant provisions of the Plan in effect as of December 31, 2014 are summarized below. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All employees are eligible to participate and enter into the Plan when the employee has completed ninety days of service. The entry dates are the first day of the Plan month coinciding with or next following the eligibility requirement.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have the amount contributed to the Plan as an elective deferral not to exceed a dollar limit which is set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants may revoke or make modifications to their salary deferral election on the first day of each month. Participants who have attained or will attain age 50 before the end of a calendar year may make additional catch-up contributions.

The Plan also includes an automatic salary deferral feature. Accordingly, the Company will automatically withhold 3% of a participant's compensation and that amount will continue to be automatically withheld in succeeding years unless the Company amends the Plan or the participant enters into a salary deferral agreement. Participants may enter into a salary deferral agreement at any time to select an alternative deferral amount or to elect not to defer under the Plan.

The Company makes a discretionary matching contribution equal to a uniform percentage of the participant's elective deferrals. Each year, the Company will determine the formula for the discretionary matching contribution. Participants who are employed on the last day of the Plan year or complete 500 hours of service in the Plan year are eligible for an allocation of matching contributions for such year. For 2014, the Company made a matching contribution equal to 1.5% of a participant's eligible compensation. Participants may also contribute amounts representing distributions received from other retirement plans and certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their elective deferrals, rollovers, and gains or losses thereon. The participant's vested percentage for certain employer contributions is based on vesting periods of service. A participant becomes 100% vested at six years of service.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers mutual funds, cash equivalents and a collective investment trust as investment options for participants. Participants may exchange/transfer money between investment options at any time.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum of $50,000 reduced by the highest outstanding loan balance during the prior one-year period, or 1/2 of their vested interest in the Plan, whichever is less. The loans are adequately secured and bear a reasonable rate of interest. Principal and interest payments are paid ratably through payroll deductions, over a term not to exceed five years, unless the loan was obtained to acquire a principal residence. Participants may have one loan outstanding at a time.

Payment of Benefits – On termination of employment, a participant may elect to receive a lump-sum payment in cash equal to the value of the participant's account balance, or transfer to an IRA rollover account or another qualified retirement plan.

Upon termination after normal retirement, disability, or death, the participant is entitled to receive the full amount credited to their account. Benefits may be paid directly to another plan which qualifies under section 401 of the Internal Revenue Code (IRC) or paid to the participant in a single lump-sum payment in cash. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Participants may be entitled to receive an in-service distribution. Prior to termination of employment, a participant may withdraw from their account if the participant has attained age 59½. Hardship distributions are also available to active participants who demonstrate certain immediate and heavy financial needs and lack other available resources.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may first be used to pay any administrative expenses and then used to reduce employer contributions. Forfeited non-vested accounts totaled $15,692 and $20,890 at December 31, 2014 and 2013, respectively. During 2014, $14,323 of forfeitures was used to reduce employer match.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. For 2014 and 2013, the Plan distributed the excess contributions to the applicable participants prior to March 15, 2015 and 2014, respectively.

Benefits Paid to Participants – Benefits are recorded when paid. As of December 31, 2014, there were no amounts allocated to participants who have elected to withdraw from the Plan, but have not been paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through July 23, 2015, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1 –** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2 –** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3 –** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Cash Equivalents – Valued at closing price of the net asset value (NAV) of shares held by the Plan at year-end as reported on an active market.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts – Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, *Note 5*, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014. The Company has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedules.

NOTE 5 – INVESTMENTS (UNAUDITED)

At December 31, 2014 and 2013, all investments of the Plan were participant-directed. The following presents investments that represented 5% or more of the Plan's net assets at December 31:

	2014	2013
Schwab US Treasury Money Fund*	**$ 329,764**	$ **
Jhancock2 Lifestyle 2020	**780,183**	609,715
Jhancock2 Lifestyle 2030	**1,060,398**	856,773
Jhancock2 Lifestyle 2040	**984,013**	790,784
Metlife Stable Value	**505,408**	450,144

* Indicates party-in-interest.

** Represents less than 5% of the Plan's net assets.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated (appreciated) in fair value as follows:

Mutual funds	$ 59,644
Collective investment trusts	(8,565)
Net depreciation in fair value of investments	$ 51,079

NOTE 6 – COLLECTIVE INVESTMENT TRUSTS

The Plan invests in a collective investment trust managed by Reliance Trust Company which invests solely in a managed group annuity contract with Metropolitan Life Insurance Company (issuer), MetLife Stable Value Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the issuer or otherwise.

The group annuity contract specifies certain conditions under which distributions from the contracts would be payable at amounts below contract value. Such circumstances include premature contract termination initiated by the employer and certain other employer-initiated events. The contract limits the circumstances under which the issuer may terminate the contract. Examples of circumstances which would allow the issuer to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the issuer could terminate the contract at an amount less than contract value.

The crediting interest rate of the contract is based on agreed-upon formulas with the issuer, as defined in the contract agreement, but cannot be less than -0-%. Such interest rates are reviewed on a quarterly basis for resetting.

The average yields earned by the contract for 2014 are as follows:

Based on actual earnings	5.67%
Based on interest rate credited to participants	3.08%

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Bank and, therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA. The Company pays directly any other fees related to the Plan's operations.

NOTE 8 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 9 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with cash or deferred arrangement sponsored by Alliance Benefit Group of Houston Inc. The prototype plan obtained its latest opinion later on March 31, 2008, in which the IRS stated that the plan, as then designed, was acceptable under section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
