INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Merchants Mutual Capital Accumulation Plan
Buffalo, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Merchants Mutual Capital Accumulation Plan (the Plan), which comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits on a modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan on a modified cash basis as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in accordance with the modified cash basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year), on a modified cash basis, as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
Merchants Mutual Capital Accumulation Plan
Buffalo, New York

Report on the Financial Statements

We have audited the accompanying financial statements of Merchants Mutual Capital Accumulation Plan (the Plan), which comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits on a modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan on a modified cash basis as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in accordance with the modified cash basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of assets (held at end of year), on a modified cash basis, as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Merchants Mutual Capital Accumulation Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a single employer, defined contribution plan covering substantially all full and part-time employees of Merchants Mutual Insurance Company and of its wholly-owned subsidiary, MPIC, Inc. (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan administration, determining the appropriateness of the Plan's investment offerings and monitoring investment performance is the responsibility of the Plan Administrator appointed by the Board of Directors of the Company.

Eligibility:

Employees of the Company except for employees who are members of a collective bargaining unit, an intern, or independent contractor are eligible to participate in the plan.

Contributions:

Participant contributions consist of pre-tax and/or after-tax voluntary contributions up to a maximum of 25% of annual compensation subject to limitations of the Internal Revenue Code (IRC). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in an age appropriate designated target date fund until changed by the participant. Participants are free to modify these deferral terms at their discretion. Participants may contribute amounts representing distributions from other qualified plans (rollover). Employer contributions consist of matching up to the first 6% of participants' voluntary contributions based on established percentage rates determined by the combined statutory net income of the Company and its insurance subsidiaries. The Company's match is funded in the first quarter of the year following the participants' contribution. In March 2014 and 2013, the Company funded 15% and 100% of the first 6% of the participants' prior year voluntary contributions, respectively. This funding was based on the pre-tax statutory net income of the Company for the years ended December 31, 2013 and 2012, respectively. The Company's matching contributions in 2014 and 2013 were $156,521 and $974,288, respectively. In addition, a discretionary contribution may be paid by the Company and allocated to participants based on an established formula. The Company's discretionary contribution was $325,000 in both 2014 and 2013. In February 2015, the Company funded matching contributions of $1,082,534 representing 100% of the first 6% of the participants' contributions for the year ended December 31, 2014 and discretionary contributions of $325,000.

Note 1. Plan Description (Continued)

Participant accounts:

Separate accounts are maintained for each Plan participant. Participants direct their investment contribution among the various investment options. Additionally, participants have access to a brokerage firm to acquire individual debt and equity securities. Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of the Company's discretionary contributions, investment earnings and forfeitures and is charged with investment losses and loan set-up and maintenance fees. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Plan provides for full vesting in the Company's contribution upon completion of three years of credited service. The portion of a participant's account which has not previously vested shall become fully vested immediately upon attainment of age 65, or if earlier, upon disability or death while employed by the Company.

Forfeited accounts:

The portion of a participant's employer contribution account that is not vested at the time a break in service occurs is forfeited. As of the last day of each Plan year, all amounts forfeited during the Plan year shall be aggregated and reallocated to participants in the following Plan year based on an established formula. As of December 31, 2014 and 2013, forfeited nonvested accounts totaled $34,432 and $32,004, respectively. During 2014 and 2013, forfeitures reallocated to participants totaled $32,004 and $8,500, respectively.

ERISA spending account:

The Plan has received reimbursement for certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan. The Plan received $61,058 and $6,643 of these reimbursements in 2014 and 2013, respectively that is included in other income on the statement of changes in net assets available for benefits. Amounts reimbursed are included in an ERISA Spending Account until they are reallocated to participants on a quarterly basis. Amounts included in the ERISA Spending Account that were not allocated to participants at December 31, 2014 and 2013 were $13,498 and $6,667, respectively.

Payment of benefits:

Participants are eligible for benefits upon reaching age 65 or termination of employment with the Company based on their vested interest. A participant may elect a lump-sum amount based on the value of his or her account. Participants are also eligible to make in-service withdrawals in accordance with the provisions of the Plan agreement.

Note 1. Plan Description (Continued)

Notes receivable from participants:

Participants are able to borrow funds from their respective balances in the Plan. Participants may borrow up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. The loans are secured by the balance in the participant's account. Loans granted in 2014 bear interest at 3.25%. Outstanding loans bear rates of 3.25% and are for terms of five years or less. A loan will be deemed a distribution if any scheduled payment remains unpaid for more than 90 days.

Administrative expenses:

All direct administrative expenses are paid by the Company, with the exception of loan set-up and maintenance fees, which are charged against participants' individual accounts. Investment related expenses are included in net appreciation of the fair value of investments.

Plan changes subsequent to year end:

Effective for plan years beginning January 1, 2015 and subsequent, the Plan was changed to conform with 401(k) safe harbor plan requirements. Under the updated Plan, participants may contribute up to a maximum of 50% of annual compensation subject to the limitations of the IRC. The Company will match the first 6% of participants' voluntary contributions on a biweekly basis. The Company match will no longer be based on net operating profit. The entirety of each individual's account and all future contributions will be fully vested. There will no longer be a Company discretionary contribution.

Note 2. Significant Accounting Policies

Basis of accounting:

The accounts of the Plan are maintained on the modified cash basis of accounting, which differs from the accrual basis of accounting under accounting principles generally accepted in the United States of America. The modified cash basis of accounting recognizes certain revenue and the related assets when received rather than when earned and recognizes certain expenses and related liabilities when paid rather than when the obligation is incurred.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent loans are treated as deemed distributions based upon the terms of the Plan document.

Excess contributions payable:

Amounts due to participants for contributions in excess of amounts allowed under the IRC are recorded in the period when paid. These excess contributions are required to be distributed to the applicable participants prior to March 15 of the following plan year. There were no excess contributions for the years ended December 31, 2014 or December 31, 2013. The Plan distributed 2012 excess contributions of $57,207 to applicable participants on March 13, 2013 that were recorded as a reduction to participant contributions.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through July 21, 2015, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Investments

The following table presents the participant-directed investments in the Plan. Investments that represent more than 5% of the Plan's net assets at either December 31, 2014 or 2013 are separately identified as follows:

	2014	2013
Collective Trust Fund:		
JP Morgan Stable Asset Income Fund - F (contract value of $2,816,079 and $0 as of December 31, 2014 and 2013, respectively)	**$ 2,834,257**	$ -

Self-Directed Brokerage Accounts < 5%	**1,542,229**	1,534,062
	$ 44,776,926	$ 43,954,974

Net appreciation in fair value of investments (including investments bought, sold, as well as held during the year) for the years ended December 31, 2014 and 2013 is summarized as follows:

	2014	2013
Mutual Funds	**$ 463,627**	$ 4,454,076
Self-Directed Brokerage Accounts	**85,312**	170,876
Collective Trusts	**61,378**	89,733
Net appreciation in fair value of investments	**$ 610,317**	$ 4,714,685

Note 4. Fair Value Measurements

The Fair Value Measurement and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 – Significant inputs to the valuation model are unobservable.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The collective trust fund is valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily and without any restrictions or notification requirements. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust over a twelve-month period in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by type and by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2014:

	2014			
	Level 1	**Level 2**	**Level 3**	**Total**

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively:

Investment	**Fair value at December 31, 2014**	Fair value at December 31, 2013	Redemption Frequency	Redemption Notice Period
Collective trust fund	**$2,834,257**	$3,020,964	Daily	*

There were no unfunded commitments related to the collective trust fund as of December 31, 2014 and 2013.

*If the Plan were to terminate its investment in the collective trust, the collective trust will liquidate the Plan's investment in four installment payments on the first business day of each calendar quarter commencing after receiving notification.

Note 5. Related Party Transactions

Certain Plan investments are managed by JP Morgan Chase Bank (JP Morgan). JP Morgan is the trustee as defined by the Plan. Great-West Trust Company, LLC became the agent acting on behalf of JP Morgan as of October 1, 2014 and therefore, transactions in these investment funds qualify as party-in-interest transactions. The Plan made direct payments to JP Morgan for loan set-up and maintenance fees of $4,500 and $2,250 for the years ended December 31, 2014 and 2013, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations. As of May 1, 2015, Great-West Trust Company, LLC is the Plan Trustee.

Note 6. Tax Status

The Plan obtained its latest determination letter on July 15, 2011 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC and is exempt from Federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
