Audit Results for

OUAC, Inc. 401(k) Plan

December 31, 2014

This presentation was prepared as part of our audit, has consequential limitations, is restricted to those charged with governance and, if appropriate, management, and is not intended and should not be used by anyone other than those specified parties.

Matters to be Communicated to Those Charged with Governance

Generally accepted auditing standards (GAAS) require the auditor to ensure that those charged with governance receive information regarding the results of the audit that may assist those charged with governance in overseeing management's financial reporting and disclosure process. Below we summarize these required communications.

The Auditor's Responsibility Under Generally Accepted Auditing Standards

We were engaged to conduct an audit of the financial statements as of and for the year ending December 31, 2014 for OUAC, Inc. 401(k) Plan. The financial statements are the responsibility of management. Our audit was designed in accordance with GAAS, which provides for reasonable, rather than absolute, assurance that the financial statements are free of material misstatement. We have the responsibility to opine on whether the financial statements are fairly stated in accordance with accounting principles generally accepted in the United States of America.

As part of our audit, we obtained a sufficient understanding of the internal controls to plan our audit, to determine the nature, timing and extent of testing performed and not to provide assurance on internal controls.

We have issued our Independent Auditor's Report reflecting an unmodified opinion for the year ended December 31, 2014.

Significant Accounting Policies

The significant accounting policies used by OUAC, Inc. 401(k) Plan are described in the notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014. The accounting policies used are appropriate and are in compliance with generally accepted accounting principles.

Management Judgments and Accounting Estimates

The preparation of financial statements requires the use of accounting estimates. Certain estimates are particularly sensitive due to their significance to the statements and the possibility that future events may differ significantly from management's expectations. The accounting estimates made by management for the preparation of the financial statements for the year ended December 31, 2014 were determined to be appropriate under generally accepted accounting principles.

Matters to be Communicated to Those Charged with Governance (continued)

Financial Statement Disclosures

The overall goal of the disclosures in the financial statements is to provide relevant information to the reader in as neutral, concise, consistent and clear a manner as possible while also complying with the disclosure requirements of generally accepted accounting principles. In addition, the disclosures made also require judgment due to the potential sensitive nature of certain items. The disclosures made in the financial statements for the year ended December 31, 2014 were determined to be appropriate and in compliance with generally accepted accounting principles.

Unrecorded Audit Differences

No unrecorded audit differences were identified during the course of the December 31, 2014 audit.

Audit Adjustments

No significant audit adjustments or reclassifications were identified during the course of the December 31, 2014 audit.

Significant Changes to Planned Audit Strategy or Significant Risks Initially Identified

There were no significant changes to the planned audit strategy or significant risks initially identified and previously communicated to those charged with governance as part of our Audit Planning Communications.

Difficulties Encountered in Performing the Audit

We encountered no major difficulties in working with any company personnel while performing and completing our audit. Further, we encountered no difficulties of any other nature in completing our audit.

Disagreements with Management

We had no disagreements with management.

Matters to be Communicated to Those Charged with Governance (continued)

Representations the Auditor is Requesting from Management

See the attached copy of the management representation letter.

Consultation with Other Accountants

We are not aware of management consulting with other independent accountants subsequent to our appointment.

Irregularities and Illegal Acts

No such items were noted during the completion of our audit.

Significant Issues Discussed with Management

In planning and performing our audit of the financial statements of OUAC, Inc. 401(k) Plan (the Plan) as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal controls over financial reporting (internal controls) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, we do not express an opinion on the effectiveness of the Company's internal controls.

Our consideration of internal controls was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal controls that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified.

We are required to communicate, in writing, to those charged with governance all material weaknesses and significant deficiencies that have been identified in the Company's internal controls over financial reporting. The definitions of control deficiency, significant deficiency and material weakness follow:

Category	Definition
Deficiency in Internal Control	A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.
Significant Deficiency	A deficiency or combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.
Material Weakness	A deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected on a timely basis.

In conjunction with our audit of the financial statements, we noted no material weaknesses.

Significant Issues Discussed with Management (continued)

This communication is intended solely for the information and use of those charged with governance and, if appropriate, management, and is not intended to be and should not be used by anyone other than these specified parties.

The following comment is an observation that we recommend you consider as an improvement to internal controls over the Plan's operations.

Employee Opt-Out Forms

It was observed during the audit that if an employee elects not to participate in the Plan, they are not required to return a form to management specifically indicating that they elect not to participate in the Plan. While we understand this can require additional administrative time, we recommend that Plan management begin requiring employees to fill out a form whether or not they elect to participate. This is considered a best practice in the industry.

Please contact Bob Biehl or Brent Kirkpatrick at 614.221.1120 if you have any questions or if we can assist you with any of the recommendations included above.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Notes to Financial Statements

December 31, 2014 and 2013

Plan Description

The following description of the OUAC, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees of OUAC, Inc. (the Company) who have one year of service, which is defined as 1,000 hours and 12 months of consecutive service, and are age 21 or older. Participants are eligible to participate in the Plan the first day of each month following the date they met the criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of eligible compensation as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution of each participating employee's elected deferral. During 2014 and 2013, the Company contributed 25% of each participant's elected deferral, up to 4% of compensation. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their accounts, plus actual earnings, is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

OUAC, INC. 401(k) PLAN

Notes to Financial Statements

Plan Description (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and will bear interest at a rate of 5.25% which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant's vested account balance shall be distributed as a lump sum or partial payment as directed by the participant.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed by participants incurring heavy financial need, as defined by the Plan.

Forfeited Accounts

At December 31, 2014 and 2013, there were no forfeited accounts. The accounts are used to pay administrative expenses of the Plan or to reduce employer contributions. No forfeitures were used in 2014 and 2013.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the term of the Plan. The statement of net assets available for benefits presents the contract value of the investment, which approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

OUAC, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Costs

Costs of Plan administration are paid by forfeitures of the non-vested portion of terminated participants' accounts. Administrative expenses that exceed available forfeitures are paid by the Company unless the Board of Directors directs the Plan to pay administrative expenses.

Payment of Benefits

Benefits are recognized when paid.

Guaranteed Investment Contracts

The Plan invests in a guaranteed investment contract (GIC), MetLife Stable Fund (the Contract), with the Metropolitan Life Insurance Company (MetLife). The Contract is considered a separate account GIC in which MetLife purchases investments in MetLife separate accounts using funds from plan contributions. MetLife is contractually obligated to repay the principal and a guaranteed minimum interest rate, never to fall below 0%. The interest rate credited to participant accounts is reset on a quarterly basis and is reflective of the market performance of underlying separate accounts, anticipated withdrawals by all participating plans, contract charges and Trustee's fees.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The Contract is reported at contract value which approximates its fair value.

OUAC, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

Guaranteed Investment Contracts (continued)

Certain events limit the ability of the Plan to transact at contract value with MetLife and allow for MetLife to terminate the GIC and settle at amounts less than contract value. Such events include the following: (i) the Plan has ceased to qualify as an eligible plan, (ii) a withdrawal is necessary to preserve the trust's legal or tax status, (iii) the Plan is in any way not compliant with terms and conditions upon which it was admitted to the GIC, (iv) the Plan has failed to timely submit evidence that supports requirements for the Plan to be considered an eligible plan or the Plan's compliance with terms and conditions of the GIC and (v) the Plan was participating in a master trust agreement and failed to execute a new participation agreement when required to do so by the trustee of the GIC.

See the below "Fair Value Measurements" footnote for disclosure as to how the fair value for the Contract is determined.

The following are the average yields for the Contract as of:

	2014	2013
Based on actual earnings	2.54%	2.20%
Based on interest rate credited to participant accounts	2.70%	2.45%

Fair Value Measurements

U.S. GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

Notes to Financial Statements

December 31, 2014 and 2013

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year-end.

*Guaranteed
Investment
Contract:*

Valued at cost plus interest credited at a minimum rate, less fees and expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The trustee also certified to the completeness and accuracy of \$39,286 and \$174,116 of net appreciation in fair value of investments and \$20,289 and \$15,389 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2014 and 2013, respectively.

Transactions with Parties-in-Interest

Ascensus is the trustee as agent for Ascensus Trust Company (formerly Frontier Trust Company) and investment advisor as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. During 2014 and 2013, the Plan paid administrative fees of \$11,476 and \$10,221, respectively, to Ascensus.

OUAC, INC. 401(k) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Tax Status

Effective January 1, 1997, the Company adopted a prototype non-standardized profit sharing plan with CODA, which received a favorable opinion letter from the Internal Revenue Service (IRS) on January 31, 2006, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving this opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2014 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date on which the financial statements were available to be issued.
