Note 1 - Plan description

The following description of the Educate Corporate Centers Holdings, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all part-time and full-time regular employees of Educate Corporate Centers Holdings, Inc. (the "Company"). Participants must complete one year of service with 800 hours of service, and be employed as of the last day of the Plan year in order to be eligible for employer matching and discretionary contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investment programs are fully participant-directed. At December 31, 2014, the Plan offered 23 investment options into which participants may direct their investments. Participants have the opportunity to change their investment options daily.

Contributions

Participants may contribute any percentage of their pretax annual compensation, not to exceed net take-home pay, as defined by the Plan. For 2014 and 2013, the maximum statutory limit for employee deferrals is $17,500, respectively. For 2014 and 2013, employees 50 years of age or older could defer a maximum of $23,000, respectively. In addition, employees may rollover distributions received from other plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the year ended December 31, 2014, the Company made a discretionary matching contribution equal to up to 50% of the first 3% of a participant's compensation that is deferred to the Plan. There was no discretionary matching contribution for the year ended December 31, 2013.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Company's contribution; (b) Plan earnings; and (c) forfeitures of additional Company discretionary contributions related to terminated participants' nonvested accounts, if any. Allocations are based on participant earnings or account balances, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching contributions plus earnings thereon is based on years of continuous service at a rate of 33⅓% per year, including the first year of service. A participant is 100% vested after three years of service.

Notes receivable from participants

Participants may borrow from their account balances a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Principal and interest are repaid ratably through payroll deductions over loan terms, which generally do not exceed five years. Interest is charged at a rate of 4.25% per annum on all outstanding loans as of December 31, 2014.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawal is allowed but is limited to certain types of contributions, as defined.

Forfeited accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $4 and $19,641, respectively. These accounts will be used to reduce future employer contributions and reduce expenses related to administration of the plan. Also in 2014, employer contributions were reduced by $6,992 from forfeited nonvested accounts.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well held during the year.

Notes receivable from participants
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits
Benefits are recorded when paid

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through July 27, 2015, the date the financial statements were available to be issued.

Note 3 - Investments

Investments that represent 5% or more of the fair value of the Plan's net assets are as follows:

	2014	2013
American Funds 2010 Target Date Fund R6	$ 231,990	$ 227,085
American Funds 2015 Target Date Fund R6	257,157	408,571
American Funds 2020 Target Date Fund R6	488,274	459,544
American Funds 2025 Target Date Fund R6	357,741	359,690
American Funds 2030 Target Date Fund R6	270,525	259,590
American Funds 2035 Target Date Fund R6	302,467	290,767
American Funds 2040 Target Date Fund R6	452,033	470,856
American Funds 2045 Target Date Fund R6	237,372	349,505

During 2014, the Plan's participant-directed investments (including investments bought, sold and held during the year) appreciated in value by $75,637 as follows:

Mutual funds	$ 75,547
Common collective trust	90
Total	$ 75,637

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASB 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units in a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that the securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively.

2014	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust - INVESCO Stable Value Trust	$ 2,340	N/A	Daily	10 days

2013	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trust - INVESCO Stable Value Trust	$ 22,191	N/A	Daily	10 days

INVESCO Stable Value Trust

The trust's primary investment objectives are to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers.

Note 5 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by American Funds. American Funds is the third party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in note 2, the Plan made a direct payment to the third party administrator of $22,643 for the year ended December 31, 2014, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The Internal Revenue Service (the "IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving this determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2014 and 2013, and investment income and interest income on notes receivable from participants for the year ended December 31, 2014, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee of the Plan.

Note 10 - Reconciliation of financial statements to Form 5500
