PINOVA HOLDINGS SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(1) Plan Description

The Pinova Holdings Savings and Investment Plan (the Plan) provides retirement funding options to the employees of Pinova Holdings, Inc. (the Company), and its wholly owned subsidiaries, Pinova, Inc. (Pinova) and Renessenz LLC (Renessenz).

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established by the Company under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

(b) Plan Administration

The Plan is administered by a Fiduciary Committee, which is appointed by the Board of Directors of the Company. Fidelity Management Trust Company (Fidelity) serves as trustee and asset custodian for the Plan. Fidelity Investments Institutional Operations Company, Inc. serves as recordkeeper.

(c) Eligibility

All of the Company's employees are eligible to participate in the Plan on their date of hire. Leased employees, nonresident aliens, independent contractors, and members of a collective bargaining unit are not eligible to participate in the Plan.

(d) Contributions

Participants may contribute up to \$17,500 of pre-tax annual compensation, as defined in the Plan. Participants who are or will attain age 50 before the end of the Plan year may elect to defer additional amounts up to \$5,500 (catch-up contributions) to the Plan as of January 1st of that year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, as well as direct rollovers from individual retirement accounts or annuities. The Plan provides for an automatic enrollment feature for all eligible new hires at an initial deferral of 3% of eligible compensation, with an annual 1% increase thereafter, up to a maximum of 10%.

The Company maintains separate matching formulas for each entity. For Renessenz participants, the Company matches contributions equal to 75% of participant deferrals up to 6% of eligible compensation for all participants. For Pinova participants, the Company matches contributions equal to 50% of participant deferrals up to 6% of eligible compensation for all participants. Additionally, Pinova contributes 2% of eligible compensation as a basic retirement contribution for all Pinova employees. In its sole discretion, the Company can discontinue Company matching contributions at any time.

PINOVA HOLDINGS SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(e) Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's share of the Plan's income (loss) and each participant's contributions and allocation of employer matching contributions. Allocations of income (loss) are made daily based on relative account balances and investment elections, as defined in the Plan document.

Participants direct the investment of their participant deferrals and their allocation of Company matching contributions into various investment options offered by the Plan. The Plan currently offers 25 core investment options for participants, as well as a self-directed account (the Fidelity Brokerage Link service). The self-directed account is comprised of assets selected and invested at the direction of the Plan participants within certain guidelines defined by the Plan.

(f) Vesting

Participants are immediately vested in all Company matching contributions, rollover contributions, and salary deferrals, including catch-up contributions.

(g) Notes Receivable from Participants

Participants may borrow from the Plan using their vested account balance as security for the loan. Participant loans are repaid through payroll deductions. The minimum loan amount is \$1,000 for any loan up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Generally, the term of the loan may not exceed five years; however, if the loan is for the purchase of a primary residence, the term of the loan may not exceed 10 years. A participant may have only two loans outstanding at any time. The interest rate is fixed over the life of the loan and the interest paid by the participant is credited back to his or her account.

(h) Payment of Benefits

Distributions of any participant's account balance may be made upon the participant attaining certain age requirements, termination of employment, death, permanent disability, and/or termination of the Plan. Participants are permitted to make hardship withdrawals if certain criteria are met. If a participant's account balance is \$1,000 or less, the participant's account balance will be distributed as soon as practicable after termination.

(i) Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

PINOVA HOLDINGS SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(b) *Investment Valuation*

Investments are reported at fair value, which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(c) *Income Recognition*

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments includes the gain or loss on investments bought or sold during the year, as well as the unrealized change in fair value of investments. Purchases and sales of securities are recorded on a trade-date basis.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest.

(e) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution.

(f) *Use of Estimates*

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(g) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) *Information Certified by Trustee*

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and schedule is complete and accurate:

- Investments at fair value
- Notes receivable from participants

Spartan Extended Market Index Fund	3,858,309	*

* Investment was below 5% of Plan assets at end of year

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated (depreciated) in value as follows:

Common stocks, preferred stock, and common/collective trust funds	\$ (25,303)
Mutual funds	867,314
Net appreciation	<u>\$ 842,011</u>

(5) Fair Value Measurements

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, fair value measurement is determined based on the assumptions that market participants would use in pricing the asset. As a basis for considering market participant assumptions in fair value measurements, the Plan uses a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from independent sources (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the Plan's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy). The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.

PINOVA HOLDINGS SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2014 and 2013

- Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 – Unobservable inputs for the asset or liability, which are typically based on the Plan's own assumptions, as there is little, if any, related market activity.

The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy.

Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2014 and 2013, there were no transfers in or out of Levels 1, 2, or 3.

Plan Investments

Common Collective Trust Fund

The Plan invests in a common/collective trust fund (CCT) that invests in guaranteed investment contracts and synthetic investment contracts. The CCT is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Notwithstanding a twelve month replacement notification requirement, the CCT does not have limiting terms, or restrictions on redemption. Additionally, the CCT is not subject to future unfunded commitments, and it is not probable that it will be sold at a value other than net asset value. The CCT is valued at net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the CCT less its liabilities. The CCT, which is deemed to be fully benefit-responsive, is stated at fair value in the statements of net assets available for benefits, with a corresponding adjustment to reflect contract value. The fair value of the CCT at December 31, 2014 and 2013 was \$4,615,822 and \$4,832,902, respectively, and the contract value of the CCT at December 31, 2014 and 2013 was \$4,461,443 and \$4,721,758, respectively. The CCT has been classified within Level 2 due to the nature of the inputs into the fair value determination.

Mutual Funds

Shares of mutual funds are valued based on quoted prices in active markets of the shares held by the Plan as of December 31, 2014 and 2013, and have been classified within Level 1. There are no restrictions for the Plan to redeem these investments.

Self-Directed Accounts

The investments held in self-directed accounts are shares of common stocks, preferred stocks, and mutual funds, all of which are valued based on quoted prices in active markets of the shares held by the Plan as of December 31, 2014 and 2013. These investments have been classified within Level 1.

PINOVA HOLDINGS SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(6) Parties-in-Interest Transactions

During 2014 and 2013, the Plan did not designate any mutual funds managed by Fidelity, although certain participants made investments in certain Fidelity funds through Fidelity Brokerage Link. During both years, Fidelity was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(7) Income Tax Status

The Plan has filed for but not yet received a tax determination opinion from the Internal Revenue Service (IRS) confirming its compliance with the applicable requirements of the IRC. Although the Plan has not yet received a determination opinion, the plan administrator believes the Plan is designed and operating in accordance with the Plan document and the applicable requirements of the IRC and, therefore, is qualified and tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, all assets of the Plan will continue to be held for distribution to participants as provided in the Plan document.

(9) Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2014 and 2013:
