Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2 to the financial statements; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph on the 2014 financial statements, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Other Matter – Basis of Accounting

As disclosed in Note 2 of the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter – Report on Supplemental Schedule

The supplemental Schedule H, line 4(i)- Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements (modified cash basis) of the Plan as of December 31, 2013 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report dated September 17, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (modified cash basis) (b) the form and content of the information included in the financial statements (modified cash basis) other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2014

The form and content of the information included in the 2014 financial statements (modified cash basis) and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the Lamps Plus 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan was established on June 1, 1998, and has been subsequently amended to comply with certain Internal Revenue Code ("IRC") revisions. The Plan is a qualified defined contribution plan covering full-time regular employees of the Lamps Plus Group (the "Company") who have at least one year of service and are at least 21 years of age. One thousand hours of service shall be required to constitute a year of eligibility. Fidelity Management Trust Company serves as the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc., serves as the recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions – Each year, participants may contribute up to 20% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. The Company may make additional discretionary contributions, which shall be allocated to each eligible employee in proportion to his or her compensation as a percentage of the compensation of all eligible employees. No such additional discretionary contributions were made during the year ended December 31, 2014. The Plan allows eligible participants to make catch-up contributions in accordance with and subject to the limitations of IRC Section 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching and non-elective contributions, and allocations of Plan earnings and losses. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants – Participants may borrow from their fund accounts in increments of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The term of participant loans generally may not exceed five years, unless used for a home loan. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that approximates the prime rate on the date of the loan as specified in "The Wall Street Journal," plus 1%. Principal and interest are paid through payroll deductions. Upon termination of employment, the outstanding loan balance is deemed as a taxable distribution to the participant. As of December 31, 2014, participant loans have maturities through April 2037 at interest rates ranging from 4.25% to 9.25%.

Note 1 – Description of Plan (continued)

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund, a commingled pooled fund, and various mutual funds as investment options for participants.

Vesting – Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of credited service. A participant is fully vested after three years of credited service as follows:

Completed Years of Service	Vested Percentage
Less than two years	0%
Two years	50%
Three or more years	100%

Vesting credit for employees of the Company hired before January 23, 2009 is determined using the general method for Plan years prior to 2009. Under the general method, a participant receives vesting credit for a year of service if they earned at least 1,000 hours of service in a Plan year. For the Plan year 2009, either the general method or the elapsed time method was used, whichever, if any, results in vesting credit for that Plan year. Under the elapsed time method, hours of service are not counted and instead periods of service are computed. A period of service is determined based on the time a participant works for the Company. Only whole years of service are counted towards computing years of service for vesting purposes. Subsequent to Plan year 2009, the elapsed time method will be used.

Payment of benefits – A participant's vested Plan benefits will be distributed at retirement, death, disability, or termination of employment. For termination due to retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum.

Withdrawals – A participant may withdraw all or a portion of his or her contributions (plus earnings) and Company matching and discretionary contributions (plus earnings) for any reason after reaching age 59 1/2 or prior to reaching age 59 1/2 in the case of hardship (as described in the Plan document).

Forfeited accounts – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled $23,340 and $16,368, respectively. For the year ended December 31, 2014, no forfeitures were used by the Company.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements of the Plan have been prepared using a modified cash basis of accounting. Under the modified cash basis of accounting, contributions, loan repayments, fund transfers, distributions, and expenses are recognized when received or paid.

Purchases and sales are recorded on the settlement date. Interest income and dividends are recorded on a cash basis. Net appreciation or depreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year. See Note 4 for further information regarding the fair value measurement of the Plan's investments.

Use of estimates – The preparation of financial statements (modified cash basis) requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Recent accounting pronouncement – In April 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement ("Topic 820"): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted.

The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share as a practical expedient. Once adopted, the Plan will apply the ASU retrospectively to all periods presented. Plan management is determining the specific impact on Plan reporting. However when adopted, certain investments held by the Plan and measured using NAV will be no longer presented within the fair value hierarchy table.

Risks and uncertainties – The Plan utilizes various investment instruments, including mutual funds composed of U.S. government securities, corporate debt, and equity instruments (both domestic and foreign). Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements (modified cash basis). For all mutual funds, refer to the specific fund's prospectus and annual report for a full description of each fund's holdings and significant concentrations of credit risks.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment valuation – The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market funds are stated at amortized cost, which approximates fair value. Shares of mutual funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end. The commingled pooled fund is valued at the NAV of units of a bank collective trust. The NAV as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV of the commingled pooled fund is based on the fair value of the underlying investments held by the fund less its liabilities. The commingled pooled fund is stated at fair value and then adjusted to contract value as described below.

Management fees and operating expenses charged to the Plan for investments in the money market fund, mutual funds, and the commingled pooled fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of benefits – Benefit payments to participants are recorded upon distribution. As of December 31, 2014 and 2013, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid.

Administrative expenses – Administrative expenses incurred by the Plan may be paid by the Company directly or from forfeited funds held as assets of the Plan at the discretion of the Plan's management. For the year ended December 31, 2014, administrative expenses were $14,118. No forfeited funds were used to pay administrative expenses during the fiscal year ended December 31, 2014.

Subsequent events – Subsequent events were evaluated through July 23, 2015, the date the financial statements (modified cash basis) were available to be issued.

Note 3 – Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2014	2013
Fidelity Freedom 2015	$ 1,425,867	$ 1,778,050
Fidelity Freedom 2020	2,769,207	2,660,188
Fidelity Freedom 2025	4,525,837	3,759,303
Fidelity Freedom 2030	2,622,477	2,554,579
Fidelity Freedom 2035	2,386,652	1,989,932
Fidelity Freedom 2040	1,447,868	1,244,209
Fidelity Spartan 500 Index Advantage	1,469,211	*

* Investment did not represent 5% or more of net assets available for benefits in that year.

During 2014, the Plan's mutual fund investments (including gains and losses on investments purchased, sold, as well as held during the year) depreciated by $162,845.

Note 4 – Fair Value Measurements

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. For a description of the specific inputs and valuation techniques used to measure the fair value of the Fidelity Managed Income Portfolio, refer to Note 5.

Note 4 – Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2014:

Note 5 – Commingled Pooled Fund

The Fidelity Managed Income Portfolio (the "Fund") is a commingled pooled fund sponsored by Fidelity Management Trust Company that invests in guaranteed investment contracts. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of $1 per unit. Distribution to the Fund's unit-holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable NAV of $1 per unit; although, there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the plan – Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Any communication given to Plan participants by the Plan Sponsor, any other plan fiduciary, or Fidelity Management Trust Company that is designed to induce or influence participants not to invest in the Fund or to transfer assets of the Fund
- Any transfer of assets from the Fund directly to a competing investment option
- Complete or partial termination of the Plan or its merger with another plan.

There are no restrictions within the Fund related to frequency or notice periods for redemptions out of the Fund; however, the Fund may take up to 12 months to fulfill a payout in the event that withdrawals are directed by the Plan Sponsor. Any transfers out of the Fund must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur.

Note 6 – Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits (modified cash basis) as of December 31, 2014 and 2013.

- Net depreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2014.

- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Certain Plan investments are shares of money market funds, mutual funds, and commingled pooled funds that are managed by Fidelity Investments Institutional Operations Company, Inc. Fidelity Investments Institutional Operations Company, Inc., is owned by the same party that owns Fidelity Management Trust Company, and therefore, these transactions qualify as exempt party-in-interest transactions. However, such transactions are exempt from the prohibited transaction rules of ERISA and the IRC. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 9 – Tax Status

The Plan uses a volume submitter profit-sharing plan document sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received an advisory letter from the Internal Revenue Service ("IRS"), dated March 31, 2008, which states that the Plan satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements (modified cash basis).

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize an income tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements (modified cash basis). The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10 – Reconciliation of Financial Statements (Modified Cash Basis) to Form 5500

A reconciliation of net assets available for benefits per the financial statements (modified cash basis) to the total net assets per the Form 5500 as of December 31, 2014 and 2013, and the change in net assets per the financial statements (modified cash basis) to the net income per the Form 5500 for the year ended December 31, 2014, is as follows:

	2014	2013
Net assets available for benefits per the financial statements (modified cash basis)	$ 26,437,721	$ 24,248,289
