Notes to Financial Statements

December 31, 2014 and 2013

(1) Summary of Accounting Policies

(a) *Basis of Accounting*

The financial statements of the plan are prepared on the accrual basis of accounting.

(b) *Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(g) *Subsequent Events*

The plan has evaluated subsequent events through July 28, 2015, the date the financial statements were available to be issued.

(2) Description of Plan

The following description of the Gordon Trucking, Inc. (Company) Employee Retirement Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) and profit sharing plan for the Gordon Trucking, Inc. employees not participants in certain other plans. An amended and restated plan was adopted effective January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustee and Plan Administrator are responsible for the oversight of the Plan. The Company with advice of the Trustee and investment advisors determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On November 11, 2013, Heartland Express, Inc. of Iowa, a subsidiary of Heartland Express, Inc. acquired the stock of the Company.

(b) Eligibility

Participants are eligible to participate in the Plan upon completing three months of service. To receive an employer discretionary matching or profit sharing contribution, the participant must have completed 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year.

(c) Contributions

Under terms of the Plan agreement, participant and Company contributions are determined as follows:

Employee	Participants may contribute 60% of their compensation annually, subject to statutory limitations. Participants age 50 and over are allowed to make additional catch-up contributions in excess of the limits they would otherwise be limited to, which are also subject to statutory limitations. Annual employee contributions were limited to \$17,500 in 2014 and 2013 as indexed by the Internal Revenue Service (IRS). Participants 50 years of age and older were also allowed to contribute an extra \$5,500 in 2014 and 2013 for catch-up contributions.
Employer	The Company may make discretionary profit sharing contributions to participants as a percentage of their taxable compensation. The Company may also make discretionary matching contributions based on a formula using their taxable annual compensation and employee contributions.

GORDON TRUCKING, INC.
EMPLOYEE RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2014 and 2013

For the years ended December 31, 2014 and 2013, the Company made profit sharing contributions of \$1,413,873 and \$1,420,004, respectively, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an autoenrollment provision whereby all newly eligible employees are automatically enrolled unless the employee affirmatively elects not to enroll in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated blended fund until changed by the participant. Contributions are subject to certain IRS limitations.

(d) Participant Accounts

Each participant's account is credited weekly or biweekly, dependent on the employee's payroll cycle, with the participant's contribution and annually with his or her allocation of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, accounts, or specific participant transactions, as defined. All investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through weekly or biweekly payroll deductions. Notes receivable from participants outstanding at December 31, 2014 mature through November 2023 and bear a weighted average interest rate of 3.3%.

(f) Vesting

Participants are 100% vested immediately in their contributions plus actual earnings thereon.

Participants in the Plan become vested in discretionary employer matching contributions made after December 31, 2001 according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	—%
2	20
3	40
4	60
5	80
6 or more	100

GORDON TRUCKING, INC.
EMPLOYEE RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2014 and 2013

Participants in the Plan become vested in discretionary employer matching contributions made prior to January 1, 2002 and in the discretionary employer profit sharing contributions according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3	—%
3	20
4	40
5	60
6	80
7 or more	100

Upon attainment of the early retirement age of 55, a participant becomes fully vested in employer contributions.

(g) Forfeited Accounts

Any forfeited amounts of employer contributions are first used to reduce the contributions of the employer and then to offset Plan expenses. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$156,547 and \$138,730, respectively. During 2014, forfeitures of \$173,006 were used to fund employer contributions.

(h) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account at the participant's election either in:

- A single lump-sum payment or
- Equal installments over a period of not more than the participant's and beneficiary's assumed life expectancies

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes to Financial Statements

December 31, 2014 and 2013

(3) Investments

A summary of the investments which, as of December 31, 2014 or 2013, exceed 5% of the net assets available for Plan benefits is as follows:

Description	2014	2013
BlackRock Retirement Res Money I Fund	\$ 2,566,077	2,247,630
Munder Mid-Cap Core Growth A Fund	3,851,219	3,997,370
Blackrock Equity Dividend Inv A Fund	7,212,327	7,155,219
Pimco Total Return A Fund	2,978,154	3,004,534
Invesco Equity and Income A Fund	2,279,959	2,082,043
MFS International Value A Fund	2,931,420	3,038,166
JP Morgan Large Cap Growth A Fund	4,168,905	4,128,836

All investments are participant directed.

(4) Fair Value Measurements

The framework for measuring the fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**GORDON TRUCKING, INC.
EMPLOYEE RETIREMENT PLAN AND TRUST**

Notes to Financial Statements

December 31, 2014 and 2013

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

The *Money Market Fund and Mutual funds* are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

(5) Related-Party and Party in Interest Transactions

Fees incurred by the Plan for the management investment services are included in net appreciation of fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Plan made a direct payment to Merrill Lynch for recordkeeping services of \$34,051 and \$29,090 for the years ended December 31, 2014 and 2013, respectively, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. During 2014 and 2013, the Plan incurred expenses of approximately \$2,839 and \$8,000, respectively, which were paid by the Plan Sponsor directly and are not included in these financial statements.

(6) Information Certified By the Trustee

Under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan has included certain data in the financial statements, which is based on information certified by the trustee, Bank of America, N.A., as accurate and complete. Such data includes investments at fair value at December 31, 2014 and 2013 included in notes 3 and 4, and notes receivable from participants as of December 31, 2014 and 2013 as set forth in the statement of net assets available for benefits, and net appreciation in fair value of mutual funds, interest, and dividends for the years ended December 31, 2014 and 2013 as set forth in the statement of changes in net assets available for benefits.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the participants will become 100% vested in their accounts, including employer contributions.

(8) Tax Status

The IRS has determined and informed the Trustee by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2014 and 2013

(1) Summary of Accounting Policies

(a) *Basis of Accounting*

The financial statements of the plan are prepared on the accrual basis of accounting.

(b) *Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the trustee. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) *Payment of Benefits*

Benefits are recorded when paid.

(f) *Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(g) *Subsequent Events*

The plan has evaluated subsequent events through July 28, 2015, the date the financial statements were available to be issued.

(2) Description of Plan

The following description of the Gordon Trucking, Inc. (Company) Employee Retirement Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) and profit sharing plan for the Gordon Trucking, Inc. employees not participants in certain other plans. An amended and restated plan was adopted effective January 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustee and Plan Administrator are responsible for the oversight of the Plan. The Company with advice of the Trustee and investment advisors determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On November 11, 2013, Heartland Express, Inc. of Iowa, a subsidiary of Heartland Express, Inc. acquired the stock of the Company.

(b) Eligibility

Participants are eligible to participate in the Plan upon completing three months of service. To receive an employer discretionary matching or profit sharing contribution, the participant must have completed 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year.

(c) Contributions

Under terms of the Plan agreement, participant and Company contributions are determined as follows:

Employee	Participants may contribute 60% of their compensation annually, subject to statutory limitations. Participants age 50 and over are allowed to make additional catch-up contributions in excess of the limits they would otherwise be limited to, which are also subject to statutory limitations. Annual employee contributions were limited to \$17,500 in 2014 and 2013 as indexed by the Internal Revenue Service (IRS). Participants 50 years of age and older were also allowed to contribute an extra \$5,500 in 2014 and 2013 for catch-up contributions.
----------	--

Employer	The Company may make discretionary profit sharing contributions to participants as a percentage of their taxable compensation. The Company may also make discretionary matching contributions based on a formula using their taxable annual compensation and employee contributions.
----------	--

GORDON TRUCKING, INC.
EMPLOYEE RETIREMENT PLAN AND TRUST

Notes to Financial Statements

December 31, 2014 and 2013

For the years ended December 31, 2014 and 2013, the Company made profit sharing contributions of \$1,413,873 and \$1,420,004, respectively, to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan includes an autoenrollment provision whereby all newly eligible employees are automatically enrolled unless the employee affirmatively elects not to enroll in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated blended fund until changed by the participant. Contributions are subject to certain IRS limitations.

(d) Participant Accounts

Each participant's account is credited weekly or biweekly, dependent on the employee's payroll cycle, with the participant's contribution and annually with his or her allocation of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, accounts, or specific participant transactions, as defined. All investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through weekly or biweekly payroll deductions. Notes receivable from participants outstanding at December 31, 2014 mature through November 2023 and bear a weighted average interest rate of 3.3%.

(f) Vesting

Participants are 100% vested immediately in their contributions plus actual earnings thereon.

Participants in the Plan become vested in discretionary employer matching contributions made after December 31, 2001 according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2	—%
2	20
3	40
4	60
5	80
6 or more	100

**GORDON TRUCKING, INC.

Notes to Financial Statements

December 31, 2014 and 2013

Participants in the Plan become vested in discretionary employer matching contributions made prior to January 1, 2002 and in the discretionary employer profit sharing contributions according to the following schedule:

<u>Years of service</u>	<u>Vested percentage</u>
Less than 3	—%
3	20
4	40
5	60
6	80
7 or more	100

Upon attainment of the early retirement age of 55, a participant becomes fully vested in employer contributions.

(g) Forfeited Accounts

Any forfeited amounts of employer contributions are first used to reduce the contributions of the employer and then to offset Plan expenses. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$156,547 and \$138,730, respectively. During 2014, forfeitures of \$173,006 were used to fund employer contributions.

(h) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account at the participant's election either in:

- A single lump-sum payment or
- Equal installments over a period of not more than the participant's and beneficiary's assumed life expectancies

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

(3) Investments

A summary of the investments which, as of December 31, 2014 or 2013, exceed 5% of the net assets available for Plan benefits is as follows:

Description	2014	2013
BlackRock Retirement Res Money I Fund	\$ 2,566,077	2,247,630
Munder Mid-Cap Core Growth A Fund	3,851,219	3,997,370

MFS International Value A Fund	2,931,420	3,038,166
JP Morgan Large Cap Growth A Fund	4,168,905	4,128,836

All investments are participant directed.

(4) Fair Value Measurements

The framework for measuring the fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**GORDON TRUCKING, INC.
EMPLOYEE RETIREMENT PLAN AND TRUST**

Notes to Financial Statements

December 31, 2014 and 2013

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

The *Money Market Fund and Mutual funds* are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

(5) Related-Party and Party in Interest Transactions

Fees incurred by the Plan for the management investment services are included in net appreciation of fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Plan made a direct payment to Merrill Lynch for recordkeeping services of \$34,051 and \$29,090 for the years ended December 31, 2014 and 2013, respectively, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. During 2014 and 2013, the Plan incurred expenses of approximately \$2,839 and \$8,000, respectively, which were paid by the Plan Sponsor directly and are not included in these financial statements.

(6) Information Certified By the Trustee

Under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan has included certain data in the financial statements, which is based on information certified by the trustee, Bank of America, N.A., as accurate and complete. Such data includes investments at fair value at December 31, 2014 and 2013 included in notes 3 and 4, and notes receivable from participants as of December 31, 2014 and 2013 as set forth in the statement of net assets available for benefits, and net appreciation in fair value of mutual funds, interest, and dividends for the years ended December 31, 2014 and 2013 as set forth in the statement of changes in net assets available for benefits.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the participants will become 100% vested in their accounts, including employer contributions.

(8) Tax Status

The IRS has determined and informed the Trustee by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax exempt.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
