Report on the Financial Statements

We were engaged to audit the financial statements and supplemental schedule of Mary Rutan Health Association of Logan County Employees' Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of modified cash basis financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company (AUL), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that AUL holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from AUL as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by AUL is complete and accurate.

Mary Rutan Health Association of Logan County
Employees' Pension Plan

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As explained in Note 7, the financial statements include investments valued at approximately \$36,043,000 (63 percent of net assets) at December 31, 2014 and \$36,284,000 (67 percent of net assets) at December 31, 2013 whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by American United Life Insurance Company. Our opinion is not modified with respect to this matter.

Other Matter

The modified cash basis supplemental schedule of assets held at end of year as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the modified cash basis financial statements and modified cash basis supplemental schedule, other than that derived from the information certified by AUL, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Description of the Plan

The following description of Mary Rutan Health Association of Logan County Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Mary Rutan Health Association of Logan County and members of its controlled group, consisting of Mary Rutan Hospital, Mary Rutan Foundation, and Logan View, Inc. (collectively, the "Association"), not participating in the Public Employee Retirement System (PERS). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate after reaching 21 years of age and completing one year of credited service, as defined in the plan agreement.

Contributions - Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. The Association contributed 7.82 percent of the first \$30,000 of each eligible participant's compensation and 12.12 percent of any compensation in excess of \$30,000 for 2014. Effective January 1, 2015, the Plan was amended to increase the compensation threshold for each contribution percentage from \$30,000 to \$50,000. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Accounts - American United Life Insurance Company (AUL) maintains individual accounts for each participant for the deposit of contributions and earnings thereon. Earnings on plan assets are distributed based upon the participant's pro-rata share of the total account balances.

Allocations are based on a participant's compensation or account balance, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is 100 percent vested in employer contributions and earnings thereon after three years of credited service, as defined in the plan agreement.

Payment of Benefits - Upon retirement, a participant may receive a lump-sum payment or monthly retirement benefit for life, which may continue to a spouse or other beneficiary upon the employee's death. If a participant terminates employment, he or she shall be entitled to a lump-sum payment or monthly benefit beginning on his or her normal retirement date, as described in the plan agreement. The Plan also allows participants to select other optional forms of payments.

Forfeitures - Forfeited benefits are used to reduce future employer contributions.

Notes to Financial Statements December 31, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation - The accompanying financial statements have been prepared on the modified cash basis of accounting. Under the modified cash basis of accounting, investments are recorded at fair value, while contributions and investment income are recognized when received rather than when earned, and benefit payments are recognized when paid rather than when related obligations are incurred.

Valuation of Assets - The Plan's investments are stated at fair value. The Plan's investments are held in pooled separate accounts, a registered investment company, and general insurance accounts that are maintained by AUL. The pooled separate accounts and registered investment company are valued at net asset value per share (or its equivalent) of the fund, which is based on the fair value of the fund's underlying net assets. The general insurance accounts are group annuity contracts issued by AUL that invest in the general assets of AUL. AUL considers these contracts to be benefit responsive; however, since there are no specific securities in AUL's general account related to this contract and due to the contract terms, including the frequency of interest rate reset intervals, contract value is the best estimate of fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting ratings, less withdrawals and fees (see Note 7).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants', the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date .

Administrative Expenses - The Association paid certain administrative expenses of the Plan during the year ended December 31, 2014.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 23, 2015, which is the date the financial statements were available to be issued.

Mary Rutan Health Association of Logan County Employees' Pension Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 3 - Unaudited Information

American United Life Insurance Company (AUL) holds the Plan's investments and executes all investment transactions. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by AUL. Additionally, the Plan invests in certain investments managed by AUL or its affiliates, which qualify as party-in-interest transactions as defined under ERISA guidelines.

Significant investments are as follows:

	2014	2013
General insurance accounts:		
Fixed Fund (GA93167-0000)	\$ 26,476,073	\$ 25,913,834
Original Fixed Fund (GA93167-0000)	7,865,642	8,508,189
Pooled separate accounts:		
Fidelity Contra Fund	3,059,250	3,287,287
Fidelity Growth Fund	3,128,090	2,537,579

Note 4 - Tax Status

The Plan obtained its latest determination letter on October 10, 2011 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 5 - Plan Termination

Although it has not expressed an intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions under ERISA. In the event of the Plan's termination, all participant accounts shall become fully vested and nonforfeitable with respect to amounts credited to such participants' accounts. American United Life Insurance Company shall make full provisions to pay pension benefits to which annuitants and their beneficiaries are entitled, but only to the extent such provision has not previously been made. Participants may elect to purchase an immediate annuity or receive a cash distribution.

Mary Rutan Health Association of Logan County Employees' Pension Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 6 - General Insurance Accounts

The Plan's general insurance account investments are benefit-responsive investment contracts with AUL. AUL maintains the contributions in a general insurance account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return AUL expects on new investments made by it and held in the AUL general insurance account. When establishing interest credit rates for these contracts, AUL considers past general account investments adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate of 4 percent for the Fixed Fund and 3.75 percent for the Original Fixed Fund.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value or, in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract, or which require the plan sponsor to settle an amount different than the contract value.

As described in Note 2, because the group annuity contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the group annuity contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the Association upon termination of the Plan or complete termination of the contract.

	2014	2013
Fixed Fund:		
Average yield earned by the Plan	4.00 %	4.00 %
Average yield credited to participants	4.00	4.00
Original Fixed Fund:		
Average yield earned by the Plan	3.75	3.75
Average yield credited to participants	3.75	3.75

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

There were no unfunded commitments or redemption restrictions on these investments.
- (2) This class represents an investment in a registered investment company with investments primarily in equity securities. It may also invest in securities issued by foreign companies and derivative instruments. There were no unfunded commitments or redemption restrictions on this investment.
