Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Modern Office Methods, Inc. Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great West Life and Annuity Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013 that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significant of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express and opinion on the supplemental schedule referred to above.

1. DESCRIPTION OF THE PLAN:

The following description of the Modern Office Methods, Inc. Savings and Investment Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Modern Office Methods, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees who have attained the age of 21 and completed 90 days of service are eligible to participate in the Plan and receive discretionary employer matching contributions. Employees who have attained the age of 21 and have completed 1,000 hours of service in a twelve month period are eligible to receive employer discretionary profit sharing contributions.

Contributions

Each year, participants may contribute up to the maximum annual dollar limit permitted by law of annual pre-tax compensation, as defined by the Plan. Participants meeting the Plan's eligibility criteria are automatically enrolled to contribute 3 percent of compensation, with an annual automatic increase, not to exceed 10 percent of compensation, unless they elect otherwise. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute a discretionary matching contribution or a discretionary profit sharing contribution. During 2014, the Company made matching contributions equal to 25 percent of the first 6 percent of employees' elective deferrals, and elected not to make an employer discretionary profit sharing contribution.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer discretionary matching contributions of their account is based on years of service. A participant is 100% vested after five years of credited service or on termination of service for death or disability. Forfeitures of nonvested balances of terminated participants are used to reduce employer contributions and administrative expenses.

Notes receivable - participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions on a bi-weekly basis.

Benefit payments

Upon termination of service for death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. Benefits are payable to designated beneficiaries in the event of a participant's death. Upon termination of employment for other reasons, participants may elect to rollover the vested balance to another qualified plan.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. All amounts in participants' accounts are participant-directed.

Forfeited accounts

Forfeited nonvested accounts of participants who terminated employment are held in a forfeiture account and allocated by the plan administrator. Forfeitures may be used to either reduce employer contributions or administrative expenses. Forfeitures reduced employer contributions by \$13,817 during the year ended December 31, 2014. At December 31, 2014, the balance of forfeited nonvested accounts totaled \$694.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan.

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, see Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. The Plan has determined that contract value approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid. Certain deemed distributions of participant loans are included in benefits paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through July 29, 2015, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

All financial data related to investments used in preparation of the statements of net assets available for benefits as of December 31, 2014 and 2013, the statement of changes in net assets available for benefits for the year ended December 31, 2014 and the supplemental schedule of assets (held at end of year) as of December 31, 2014 have been certified as to accuracy and completeness by the Plan's custodian Great West Life and Annuity Insurance Company.

Investments that represent 5 percent or more of the fair value of the Plan's net assets are as follows at December 31:

	<u>2014</u>	<u>2013</u>
Great-West Aggressive Profile II Fund I	\$ 937,457	1,008,793
Great-West Moderate Profile II Fund I	883,641	947,528
Alger Capital Appreciation	1,165,816	892,493
Pimco Total Return Admin	798,854	802,299
American Funds Europacific Growth - R3	772,495	777,833
Great-West S&P 500 Index Fund I	637,775	566,436
Ridgeworth Large Cap Value Equity A	808,096	<5%
Key Guaranteed Portfolio	1,056,759	1,119,048

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$122,208, all from registered investment companies.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs the valuation methodology are unobservable and significant to the fair value measurement.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies: Valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: Valued at contract value which equals contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Management has determined that this amount approximates fair value based on a comparison of the current crediting rate compared to that of other issues with similar credit risk.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY:

The Plan participates in a benefit-responsive group annuity investment contract with Great-West Life and Annuity Insurance Company (Great-West), the custodian of the Plan. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity investment contract. The group annuity investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses, which approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed throughout the year, but are reset monthly. Average yield earned by the Plan for 2014 and 2013 was 1.25% and 1.26%, respectively.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain plan investments are shares of mutual funds managed or issued by Great West Life and Annuity Insurance Company, which is also the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amount to \$7,020 for the year ended December 31, 2014.

7. PLAN TERMINATION:

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts; to the extent they are not already fully vested.

8. TAX STATUS:

The Company has adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement for which a letter from the Internal Revenue Service has been received stating that the employer who adopts this prototype plan will be considered to have a plan qualified under applicable sections of the Internal Revenue Code. The Plan sponsor has elected not to request a separate determination letter for the Plan. The Plan has been amended since the determination letter was received. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. ADMINISTRATIVE EXPENSES:

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain professional and accounting fees incurred in connection with the operation of the Plan are paid directly by the Company. Other costs associated with plan administration for services provided by the custodian are deducted from plan assets.

10. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.
