CONVENTION DATA SERVICES, INC. 401(K) SAVINGS & PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Convention Data Services, Inc. 401(k) Savings & Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan which covers all eligible employees of Convention Data Services, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and Principal Financial Group is the Plan record-keeper. The Plan's Board of Trustees is responsible for the oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

ELIGIBILITY

All employees of the Company who are 18 years of age or older and who have completed six months of service are eligible to participate in the Plan. An employee becomes a participant in the Plan on the earlier of January 1st, April 1st, July 1st, or October 1st after satisfying the age and service requirements.

CONTRIBUTIONS

Each year, participants may contribute to the Plan a percentage of pre-tax annual compensation, as defined by the Plan, up to the maximum allowed under the provisions of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or individual retirement accounts (rollovers). Under the provisions of the Plan, the Company matches 100% of the participant's contribution to the Plan up to 4% of the participant's eligible compensation.

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

The Company also sponsors a profit sharing plan covering substantially all of their employees. According to the Plan document, the Company may make a contribution at an amount determined by the Board of Directors. There were no Company contributions to the profit sharing plan for either 2014 or 2013.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's discretionary contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested immediately in their salary-deferred contributions, rollover contributions, if any, and safe harbor qualified matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contributions, and earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of continuous service as defined in the Plan, or upon permanent disability or death.

Years of Service	Vesting %
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account less outstanding loans or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which may be repaid over a reasonable period of time that may be longer than five years. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the loan is considered to be in default.

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

Upon retirement or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Terminated participants may elect to receive a lump-sum amount equal to the value of his or her vested account or may elect to leave such amount invested within the Plan. The Plan may also automatically distribute to terminated participants their entire vested account balances not exceeding \$5,000 (involuntary cash-out). Upon death, a lump sum amount or substantially equal installments is paid to the participant's beneficiary.

Participants may apply for a hardship withdrawal as defined by the IRC to meet excessive medical or educational expenses, expenses incurred to purchase a new principal residence or to prevent eviction from a principal residence. The Plan Administrator must approve the application.

FORFEITURES

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$5 and \$38, respectively. These accounts may be used to offset Company contributions or to pay administrative expenses, and then any remaining amount will be allocated to eligible participants, as defined. For the years ended December 31, 2014 and 2013, \$95 and \$0 from forfeited non-vested accounts were used to offset Company contributions, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measure attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the contract value of the investment contract as contract value equaled fair value of the investment contract, prior to contract termination, at December 31, 2014.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation presented on the Statements of Changes in Net Assets Available for Benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expense when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 29, 2015, the date the financial statements were available to be issued, and concluded that there were no subsequent events requiring adjustment to or disclosure in these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

The adjustment from fair value to contract value for the guaranteed investment contract at December 31, 2014 was \$0.

Notes receivable from participants at December 31, 2014 and 2013, including unpaid principal balances plus accrued but unpaid interest, were \$156,470 and \$96,191, respectively. Interest income from the notes receivable from participants for the years ended December 31, 2014 and 2013 was \$3,571 and \$3,050, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the fair value of the pooled separate account's underlying investments. The fair value of the underlying investments are determined by observable Level 1 quoted prices or by quoted prices for similar assets in active and non-active markets. While some pooled separate accounts may have publicly quoted pricing inputs (Level 1), the account values of separate accounts are not publicly quoted and are therefore classified as Level 2 investments.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, those with fiduciary responsibility evaluate a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2014 and 2013:

CONVENTION DATA SERVICES, INC. 401(K) SAVINGS & PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 6 - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life"). Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with no adjustment to contract value due to contract value and fair value being the same amount. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value (fair value) for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 was \$288,065. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT (CONTINUED)

The average yields earned by the guaranteed investment contract are as follows:

<u>Average Yields</u>	<u>2014</u>
Based on actual earnings	2.00%
Based on interest rate credited to participants	2.00%

NOTE 7 - TAX STATUS

The Plan's underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (IRC). Any employer adopting this form of the plan will be considered to have a plan qualified under this section of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in compliance with the IRC. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and will take the necessary steps, if any, to maintain the Plan's tax qualified status.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions.

NOTES TO THE FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and funds. These securities and funds are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and funds, it is at least reasonably possible that changes in the values of investment securities and funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and the guaranteed investment account which are managed by Principal, a member of Principal Financial Group. Principal is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA. Fees paid to Principal for services in connection with the Plan amounted to \$2,129 and \$2,319 for the years ended December 31, 2014 and 2013, respectively. The Plan sponsor pays directly any other fees related to the Plan's operations.
