Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Falcon Farms, Inc. 401(K) Plan , which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the accompanying 2014 financial statements.

Emphasis of Matter

As discussed in Note 11 to the financial statements, the 2013 financial statements have been restated to correct a misstatement. As discussed below the 2013 financial statements were audited by predecessor auditors.

Other Matter—Supplemental Schedules

The supplemental Schedules of Assets (Held at End of Year) as of and for the year ended December 31, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter—Prior Year Financial Statements

The financial statements of the Plan as of December 31, 2013 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by the trustee. The predecessor auditors' report, dated July 31, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee (or custodian), were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the trustee (or custodian), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of Falcon Farms, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Falcon Farms, Inc. ("Plan Sponsor") who have completed at least one (1) hour of service during the first 6 months of continuous employment or who have completed a Year of Service, if earlier. The Plan was established on January 1, 2001, and is subjected to the provisions of the Employee Retirement Income Security Act of 1974 ('ERISA'). The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on employee contributions, Plan Sponsor contributions or Plan earnings until such time as partial or complete withdrawals are made from the Plan.

The Plan's trustee and record-keeper were John Hancock and EJ Reynolds, Inc., respectively.

Each year, participants may elect to contribute pre-tax dollars to the Plan by having their compensation reduced by a maximum of the lesser of (a) 90% of compensation, (b) the IRS defined limit for the year, or (c) such other amount as shall be determined by the Plan Administrator from time to time as defined in the plan. Upon consent of the Plan Administrator, participants can also elect a direct rollover of an existing balance from a tax-qualified retirement or savings plan into the Plan. Plan participants who attained age 50 before the end of the Plan year are eligible to make catch-up contributions in addition to the IRS defined limit for the year. Participants may elect to contribute to any of the investment options approved by the Plan's Trustee and may transfer among funds as often as is permitted under the investment alternatives chosen.

The Plan Sponsor has the option of making discretionary Matching Contributions and Employer Contributions ("Plan Sponsor Contributions") to the Plan on behalf of the participants. If participants meet certain requirements related to employment date, and service hours, the Plan Sponsor may contribute to the participants' account. Plan Sponsor contributions are invested in the investment funds in the same allocation percentages as each participant's contributions. Participants direct the investment of their contributions as well as the Plan Sponsor Contributions into various investment options provided by the Plan.

1. Description of Plan (Continued)

B. Participants' Accounts

Each participant's account is credited with the participant's contribution and the Plan Sponsor Contributions, if any, as well as allocation of Plan earnings. Participants' accounts are charged with an allocation of administrative expenses that was paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures are used to reduce future Plan Sponsor Contributions to the Plan.

C. Vesting

Participants are immediately vested in their contributions, and actual earnings thereon. Participants become vested in Plan Sponsor Contributions and earnings thereon, under a "6-year graded vesting schedule". Under this vesting schedule, a participant will acquire 100% ownership in the Plan Sponsor Contributions and earnings thereon on completion of six (6) years of service. In the interim a participant is vested in the Plan Sponsor Contributions and earnings thereon at graduated rates based on the number of continuous years of service. Notwithstanding, a participant shall become fully vested upon his/her normal retirement date, total disability, or death, as defined by the Plan.

D. Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. All loans are required to be repaid within five years unless the purpose of the loan is to acquire a primary residence. Principal and interest are paid ratably through semi-monthly payroll deductions.

E. Payment of Benefits

On termination of service due to death, disability or retirement, a participant's account is distributed to the participant or his/her beneficiary in the form of a single lump-sum payment equal to the value of the participant's vested interest in his or her account. Participants may also request a hardship withdrawal in a lump-sum of his or her vested interest. For termination of service due to other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution.

1. Description of Plan (Continued)

F. Forfeitures

Forfeitures are used to reduce Plan Sponsor Contributions.

2. Summary of Significant Accounting Policies and Other Information

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

C. Contributions

Participant contributions are recognized as revenue when deducted by the employer from the employee's compensation. Plan Sponsor Contributions are recognized as revenue when the Plan Sponsor is obligated to contribute, which occurs when the discretionary contribution is approved by the Plan Sponsor's management.

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Fair Value Measurements

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted

2. Summary of Significant Accounting Policies and Other Information (Continued)

quoted market prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted market prices that are observable for the asset or liability, (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. However, determination of what constitutes "observable" requires significant judgment by the Plan. The Plan considers observable data to be market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Changes in valuation techniques may result in transfers in or out of an assigned level within the hierarchy; for the year end December 31, 2014 and 2013, there were no significant transfers between Level 2 and 3.

F. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowances for credit losses have been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan payments and the Plan Administrator deems the participant to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies and Other Information (Continued)

G. Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

H. Benefit Payments

Benefit payments are recognized when paid.

I. Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of participant notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Investments

The December 31, 2014 and 2013 Statements of Net Assets Available for Benefits, the investment activities included on the December 31, 2014 Statement of Changes in Net Assets Available for Benefits, the notes to the financial statements, and the December 31, 2014 and 2013 Schedule of Assets (Held at End of Year) were prepared in part or entirely from information certified by the Trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's investments are maintained by the Trustee who has certified to the completeness and accuracy of the investments of the Plan as of December 31, 2014 and 2013. The following summarized information has been reproduced from the Trustee's certification without audit:

	2014	2013 (Restated)
Investments, at fair value	$ 2,318,663	$ 2,143,513
Participant notes receivable	$ 163,015	$ 189,547

3. Investments (Continued)

The following investments, at fair value, represented 5% or more of the Plan's net assets as of December 31, 2014 and 2013:

*John Hancock Stable Value Fund	264,817	187,890

*Permitted party-in-interest as defined by ERISA

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

2014				
	Fair Value Measurement Using:			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Mutual Funds	$ 2,010,465	$ -	$ -	$ 2,010,465
G.I.F.L Component	-	-	308,198	308,198
	$ 2,010,465	$ -	$ 308,198	$ 2,318,663

2013 (Restated)				
	Fair Value Measurement Using:			
	Level 1	Level 2	Level 3	Total

	$ 1,790,861	$ -	$ 352,650	$ 2,143,511

The fair value of the mutual funds is based on quoted market prices. The fair value of the G.I.F.L

4. Fair Value Measurements (Continued)

(guaranteed investment for life) component was determined by discounting the expected cash flows using current yields of similar instruments with comparable repayment terms considering the creditworthiness of the issuer.

The preceding method described for the G.I.F.L funds may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of the G.I.F.L funds could result in a different fair value measurement at the reporting date.

5. Related Party Transactions

Administrative functions are performed by officers and employees of the Plan Sponsor at no cost to the Plan.

A principal shareholder of the Plan Sponsor is also a participant of the Plan.

6. Party-In-Interest Transactions

The Plan engages in investment transactions with funds managed by the Trustee's investment advisor, a party-in-interest with respect to the Plan. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the Code.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of termination, participants become 100% vested in their accounts as of the date of termination and the Plan's assets are payable to each participant in a lump sum equal to the balance in the participant's account.

8. Tax Status of the Plan

The Plan is exempt from income taxes under Section 401(a) of the Code. The Plan adopted a Prototype Non-standardized Profit Sharing Plan with a cash and deferral arrangement developed by EJ Reynolds, Inc., which obtained a favorable IRS determination in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Code and that any employer adopting this form of plan will be considered to have a plan qualified under the Code. The Plan has been amended since the determination letter; however, the Plan's administrator believes that the Plan is in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been made.

8. Tax Status of the Plan (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subjected to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

During the preparation of the Statement of Net Assets Available for Benefits for the years ended December 31, 2014 and 2013, the following errors were discovered in the statement as of December 31, 2013; (1) the cash value of forfeiture held by the Plan and the related liability to the Plan Sponsor was not reported, (2) the fair value of the investments held by the Plan was understated by $12,529, (3) participant contributions receivable were understated by $22,227, (4) other assets were overstated by $124, and (5) excess contributions was overstated by $6,728. The errors were corrected by adjusting Net Assets Available for Benefits as of December 31, 2013, and re-stating the Statement of Net Assets Available for benefits as of December 31, 2013, to reflect the effects of the correction of the errors. The following summarizes the effect of the correction of the errors on the financial statements for the year ended December 31, 2013:

12. Subsequent Events

Effective July 1, 2015, the Plan changed its trustee.

Management has evaluated the impact of subsequent events on the Plan through July 24, 2015, the date these financial statements were available to be issued. Except as discussed above, there were no subsequent events requiring recognition or disclosure in the financial statements.
