Defined Contribution Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the University of Dayton Defined Contribution Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Teachers Insurance and Annuity Association and College Retirement Equities Fund, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the University of Dayton Defined Contribution Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Teachers Insurance and Annuity Association and College Retirement Equities Fund, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. 1. DESCRIPTION OF THE PLAN:

The following description of the University of Dayton Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of the Summary Plan Description are available from the plan administrator.

General

The Plan is a defined contribution plan, which covers certain instructional staff and any employee of another class who works at least 1,000 hours per year. Adjunct faculty and part-time instructors employed on a per-course basis are not eligible for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions made to the Plan are comprised of only employer contributions. Eligible compensation includes base annual salary, including salary earned during the summer terms, and excludes bonuses, overtime and supplemental compensation earned for additional services. The contributions generally are based on a percentage of compensation as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	2.5%
5 but less than 10 years	3.5%
10 but less than 15 years	7.5%
15 but less than 20 years	8.0%
20 but less than 25 years	8.5%
25 or more years	9.0%

Participants are not permitted to contribute to the Plan. However, if participants contribute 5% of their salary to the related 403(b) tax-deferred annuity plan sponsored by the University of Dayton (the University), the University will make additional contributions as follows:

<u>Completed Years of Service</u>	<u>Percentage</u>
Less than 5 years	2.5%
5 but less than 10 years	3.5%
10 or more years	0%

Participant accounts

Each participant's account is credited with the allocations of the University's contributions and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Plan contributions are invested, at the direction of the participant, in one or more funding vehicles available to participants under the Plan.

Vesting

Participants vest in the University's contributions plus actual earnings thereon based on years of service, as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 but less than 2 years	25%
2 but less than 3 years	50%
3 but less than 4 years	75%
4 or more years	100%

Forfeited accounts

Forfeitures of non-vested employer contributions are applied to reduce employer contributions. At December 31, 2014 and 2013 the Plan's unallocated forfeitures were \$7,730 and \$5,284, respectively. Forfeitures used to reduce employer contributions for the years ended December 31, 2014 and 2013 were \$76,752 and \$140,706, respectively.

Payment of benefits

Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment, partial payments, installment payments or a single life annuity payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. See Note 4 for further discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution. Payments to purchase allocated insurance contracts are recognized as expenses in the statement of changes in net assets available for benefits as the insurance company has assumed the obligation to provide benefits under the terms of the applicable insurance contracts.

Administrative expenses

The University pays all administrative expenses for the Plan.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through July 28, 2015, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

The Plan has investment contracts with the Teachers Insurance and Annuity Association (TIAA) through TIAA Group Retirement Annuity, and College Retirement Equities Fund (CREF) through CREF Group Retirement Unit-Annuity. Contributions to TIAA are invested in the TIAA Traditional Annuity Contract, which is considered to be an unallocated insurance contract and is not fully benefit responsive due to certain withdrawal restrictions. Contributions to CREF are invested in a variety of variable annuity accounts, which are considered registered investment companies for reporting purposes. Participants may also invest in the TIAA-Real Estate Account, which is a pooled separate account managed by TIAA and various TIAA-CREF retirement class mutual funds.

All financial data related to investments used in the preparation of the statements of net assets available for benefits, statement of changes in net assets available for benefits and the supplemental schedule have been certified as to accuracy and completeness by the Plan's trustee, TIAA-CREF.

The fair values of individual investments that represent 5 percent or more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	2014	2013
Registered investment companies:		
College Retirement Equities Fund Stock Account	\$54,085,692	53,976,828
College Retirement Equities Fund Global Equities Account	11,299,304	11,270,212
College Retirement Equities Fund Growth Account	12,602,121	11,422,371
Unallocated insurance contract:		
TIAA Traditional Annuity Contract	58,083,603	56,084,965

During 2014, the Plan's investments appreciated (including gains and losses on investments bought and sold as well as held during the year) as follows:

Registered investment companies	\$ 6,882,934
Pooled separate account	803,115
	<u>\$ 7,686,049</u>

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies: Registered investment companies include TIAA-CREF retirement class mutual funds and CREF variable annuity accounts. TIAA-CREF retirement class mutual funds are valued at the published net asset value of the shares held by the Plan at year end. CREF variable annuity accounts do not have a readily determinable market value. The Plan, as permitted by accounting principles generally accepted in the United States of America, has valued these investments based on the net asset value reported by the investment manager, which is based on the underlying securities. These securities generally consist of assets with readily determinable market values such as common stocks, corporate obligations and government securities. Participants may redeem their investments in the CREF variable annuity accounts at net asset value without any restrictions. There are no unfunded commitments.

Pooled separate account: The TIAA Real Estate account does not have a readily determinable market value. The Plan, as permitted by accounting principles generally accepted in the United States of America, has valued this investment based on the net asset value reported by the investment manager, which is based on the underlying securities. These securities consist primarily of real estate and mortgage notes. The real estate is valued using standard valuation techniques such as independent appraisals. Debt securities are valued using discounted cash flow analyses, which consider various factors such as interest rates and the credit quality of the borrower.

TIAA Traditional Annuity Contract: The TIAA Traditional Annuity Contract is valued at contract value, which equals cash contributions plus interest credited to the Plan's contracts, less any withdrawals and fees. The Plan has determined that contract value approximates fair based on the yields and credit risk of similar investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated February 17, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

7. RELATED PARTY TRANSACTIONS:

All plan investments are managed by TIAA-CREF. TIAA-CREF is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES:

The Plan investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and supplemental schedule.
