(1) Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Heartland Express, Inc. of Iowa 401(k) Plan (the Plan) are prepared under the accrual method of accounting.

(b) *Accounting Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(d) *Investment Valuation and Investment Income*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

As described in Financial Accounting Standards Board Accounting Standards Codification 962, *Defined Contribution Pension Plans*, (ASC 962) investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in such contracts through the Fidelity Managed Income Portfolio Fund. As required by ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) *Payment of Benefits*

Benefits payments to participants are recorded upon distribution.

(2) Plan Description

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan covering substantially all employees of Heartland Express, Inc. and subsidiaries (the Company) who are not "highly compensated" employees, owner/operators or lease employees, and have completed one year of service and are at least 19 years of age. A year of service is measured as completion of not less than 1,000 hours of service in a 12 consecutive month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan excludes all employees of Gordon Trucking, Inc. (GTI). GTI is an indirect wholly owned subsidiary of Heartland Express, Inc. that was acquired on November 11, 2013. GTI employees are covered by a separate defined contribution 401(k) plan.

(b) Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of Plan earnings and an allocation of employer profit sharing or matching contributions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may direct the investment of their account balances into any combination of the investment options offered by the Plan and may generally also transfer their balances daily among these options.

(c) Contributions

Employee Contributions

Participants may make elective contributions not to exceed the 402(g) limit. Eligible employees who elect to participate in the Plan may contribute up to 60% of their eligible compensation (as defined by the Plan) into the Plan subject to statutory limitations of \$17,500 for 2014 and 2013, respectively. A participant who is, or will be, age 50 or older by the end of the year, can make additional catch-up contributions to a limit of \$5,500 in both 2014 and 2013.

Employer Contributions

The Plan has two separate groups of employees, drivers and nondrivers. The allocation of the discretionary profit-sharing contribution for nondriver employees is based on a formula that includes compensation and number of years of service. The matching contribution for driver employees is also discretionary, and was equal to the lesser of 50% of employee deferrals or 50% of the first 3% of eligible compensation with a maximum of \$1,500 for the years ended December 31, 2014 and 2013. The Company matching contribution is made once a year and is invested according to the participant's current investment election for new contributions going into the Plan. Employer contributions totaling \$710,431 for plan year 2014 and \$650,817 for plan year 2013 were made into the Plan in March 2015 and March 2014, respectively. Except for cases of retirement or termination due to disability or death,

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

the matching contribution was made only to participants employed on the last working day of December for the respective Plan years.

Employer net cash contributions to the Plan were as follows:

	<u>2014</u>	<u>2013</u>
Discretionary matching to drivers	\$ 225,265	235,756
Discretionary profit sharing to nondrivers	<u>535,166</u>	<u>500,061</u>
	760,431	735,817
Forfeitures applied	<u>(50,000)</u>	<u>(85,000)</u>
	<u>\$ 710,431</u>	<u>650,817</u>

Rollover Contributions

The Plan allows for rollover contributions to be made to the Plan by eligible participants. These rollover contributions are eligible distributions from other tax-qualified plans or individual retirement accounts or annuities that participants elect to have invested in the Plan by a direct rollover to the Plan.

(d) Forfeited Accounts

Forfeitures of nonvested participant accounts are used to reduce the employer-matching and discretionary profit-sharing contributions. During the years ended December 31, 2014 and 2013, forfeitures of \$50,000 and \$85,000, respectively, were used to reduce the employer contributions.

(e) Administrative Expenses

Administrative expenses for the Plan are paid 50% by the Plan and 50% by the Company. Administrative expenses include investment fees paid to Fidelity Management Trust Company. Accounting and legal fees of \$12,000 were paid by Heartland Express, Inc. on behalf of the Plan during the years ended December 31, 2014 and 2013, respectively.

(f) Payment of Benefits

In the event of termination of employment, the payment of participant elective deferrals and vested employer contributions are payable on or after the date of termination. The Plan provides for mandatory cash out or rollover distributions on balances of \$5,000 or less associated with plan participants who are no longer employees of the Company. Balances of non employee participants with account balances less than \$1,000 will be paid directly to the participant absent any direction to roll the balance into another account. Balances of non employee participants with account balances in excess of \$1,000 and less than \$5,000 will be rolled over into an IRA for the benefit of the participant. In each case of mandatory cash out provision, the assets are distributed from the Plan and are no longer part of the Plan's assets.

Upon obtaining retirement age of 65, death, or disability, participants receive the amount credited to their accounts. In the event of termination of employment, disability or retirement, the participant will

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

receive a lump-sum amount. In the event of death, the beneficiary may elect to receive a lump sum or equal installments over a period of time.

(g) Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For employer profit sharing and employer matching contributions, participants become 20% vested after two years of continuous service, 40% after three years, 60% after four years and 100% after five years or upon disability, death or retirement.

(3) Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the investment information as of and for the years ended December 31, 2014 and 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following investments:

	December 31	
	2014	2013
Investments at fair value:		
Cash equivalents	\$ 4,253,072	4,492,935
Mutual funds	29,343,115	27,924,051
Common/collective trusts	1,339,271	1,321,220
	<u>\$ 34,935,458</u>	<u>33,738,206</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of the contract values of fully benefit-responsive investment contracts totaling \$1,319,696 and \$1,301,306, respectively, as of December 31, 2014 and 2013, which are discussed in note 5. Fidelity Management Trust Company has also certified to the completeness and accuracy of the net appreciation in fair value of investments as set forth in note 4, and interest and dividends related to the aforementioned investments for the years ended December 31, 2014 and 2013.

(4) Fair Value Measurements

The authoritative accounting guidance on fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements)

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Fair values of investments in money market funds are stated at net asset value, which equals fair value. Fair values of investments in mutual funds are determined daily based on the unadjusted closing net asset value of each fund as derived from a national exchange. Fair values of investments in common/collective trusts are based on the Plan's portion of the fair value of the underlying investments (see note 5).

The methods described above may produce a fair value that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in common/collective trusts	12,775	12,033
	\$ (374,578)	3,821,287

(5) Fully Benefit-Responsive Investment Contracts

The Plan offers an investment in the Fidelity Managed Income Portfolio Fund, a fully benefit-responsive investment contract with Fidelity Investments. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As discussed in note 1, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Fidelity Management Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions. Such restrictions include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (3) changes in law, regulation, ruling, administrative or judicial

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

position, or accounting requirements. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

As of December 31, 2014 and 2013, the interest rate credited to the investment account was 1.07% and 0.89%, respectively.

(6) Party-In-Interest Transactions

A number of mutual funds, and the money market fund, are managed by Fidelity Management Trust Company. Fidelity is a custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. These party-in-interest transactions are exempt and are not prohibited by ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, including employer contributions.

(8) Income Tax Status

The Internal Revenue Service has issued a determination letter dated May 16, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

(10) Plan Amendments

The Plan introduced Invesco Diversified Dividend Fund R5 Class as a new investment available to Plan participants effective September 10, 2013. Also effective September 10, 2013, the Plan discontinued offering the Victory Diversified Stock Fund Class A and Eaton Vance Large-Cap Value Fund Class A and any balance that was in these funds upon the effective date was transferred to the Fidelity Dividend Growth Fund and Invesco Diversified Dividend Fund R5 Class, respectively.

The Plan introduced JPMorgan US Small Company Fund Institutional Class as a new investment available to Plan participants effective January 15, 2015. Also effective January 15, 2015, the Plan discontinued offering the Wells Fargo Advantage Small Cap Value Fund Investor Class and any balance that was in this fund upon the effective date was transferred to the JPMorgan US Small Company Fund Institutional Class.

Notes to Financial Statements

December 31, 2014 and 2013

(1) Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Heartland Express, Inc. of Iowa 401(k) Plan (the Plan) are prepared under the accrual method of accounting.

(b) *Accounting Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(d) *Investment Valuation and Investment Income*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

As described in Financial Accounting Standards Board Accounting Standards Codification 962, *Defined Contribution Pension Plans*, (ASC 962) investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in such contracts through the Fidelity Managed Income Portfolio Fund. As required by ASC 962, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) *Payment of Benefits*

Benefits payments to participants are recorded upon distribution.

(2) Plan Description

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution 401(k) plan covering substantially all employees of Heartland Express, Inc. and subsidiaries (the Company) who are not "highly compensated" employees, owner/operators or lease employees, and have completed one year of service and are at least 19 years of age. A year of service is measured as completion of not less than 1,000 hours of service in a 12 consecutive month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan excludes all employees of Gordon Trucking, Inc. (GTI). GTI is an indirect wholly owned subsidiary of Heartland Express, Inc. that was acquired on November 11, 2013. GTI employees are covered by a separate defined contribution 401(k) plan.

(b) Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of Plan earnings and an allocation of employer profit sharing or matching contributions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may direct the investment of their account balances into any combination of the investment options offered by the Plan and may generally also transfer their balances daily among these options.

(c) Contributions

Employee Contributions

Participants may make elective contributions not to exceed the 402(g) limit. Eligible employees who elect to participate in the Plan may contribute up to 60% of their eligible compensation (as defined by the Plan) into the Plan subject to statutory limitations of \$17,500 for 2014 and 2013, respectively. A participant who is, or will be, age 50 or older by the end of the year, can make additional catch-up contributions to a limit of \$5,500 in both 2014 and 2013.

Employer Contributions

The Plan has two separate groups of employees, drivers and nondrivers. The allocation of the discretionary profit-sharing contribution for nondriver employees is based on a formula that includes compensation and number of years of service. The matching contribution for driver employees is also discretionary, and was equal to the lesser of 50% of employee deferrals or 50% of the first 3% of eligible compensation with a maximum of \$1,500 for the years ended December 31, 2014 and 2013. The Company matching contribution is made once a year and is invested according to the participant's current investment election for new contributions going into the Plan. Employer contributions totaling \$710,431 for plan year 2014 and \$650,817 for plan year 2013 were made into the Plan in March 2015 and March 2014, respectively. Except for cases of retirement or termination due to disability or death,

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

the matching contribution was made only to participants employed on the last working day of December for the respective Plan years.

Employer net cash contributions to the Plan were as follows:

	<u>2014</u>	<u>2013</u>
Discretionary matching to drivers	\$ 225,265	235,756
Discretionary profit sharing to nondrivers	<u>535,166</u>	<u>500,061</u>
	760,431	735,817
Forfeitures applied	<u>(50,000)</u>	<u>(85,000)</u>
	<u>\$ 710,431</u>	<u>650,817</u>

Rollover Contributions

The Plan allows for rollover contributions to be made to the Plan by eligible participants. These rollover contributions are eligible distributions from other tax-qualified plans or individual retirement accounts or annuities that participants elect to have invested in the Plan by a direct rollover to the Plan.

(d) Forfeited Accounts

Forfeitures of nonvested participant accounts are used to reduce the employer-matching and discretionary profit-sharing contributions. During the years ended December 31, 2014 and 2013, forfeitures of \$50,000 and \$85,000, respectively, were used to reduce the employer contributions.

(e) Administrative Expenses

Administrative expenses for the Plan are paid 50% by the Plan and 50% by the Company. Administrative expenses include investment fees paid to Fidelity Management Trust Company. Accounting and legal fees of \$12,000 were paid by Heartland Express, Inc. on behalf of the Plan during the years ended December 31, 2014 and 2013, respectively.

(f) Payment of Benefits

In the event of termination of employment, the payment of participant elective deferrals and vested employer contributions are payable on or after the date of termination. The Plan provides for mandatory cash out or rollover distributions on balances of \$5,000 or less associated with plan participants who are no longer employees of the Company. Balances of non employee participants with account balances less than \$1,000 will be paid directly to the participant absent any direction to roll the balance into another account. Balances of non employee participants with account balances in excess of \$1,000 and less than \$5,000 will be rolled over into an IRA for the benefit of the participant. In each case of mandatory cash out provision, the assets are distributed from the Plan and are no longer part of the Plan's assets.

Upon obtaining retirement age of 65, death, or disability, participants receive the amount credited to their accounts. In the event of termination of employment, disability or retirement, the participant will

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

receive a lump-sum amount. In the event of death, the beneficiary may elect to receive a lump sum or equal installments over a period of time.

(g) Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For employer profit sharing and employer matching contributions, participants become 20% vested after two years of continuous service, 40% after three years, 60% after four years and 100% after five years or upon disability, death or retirement.

(3) Information Certified and Provided by Fidelity Management Trust Company

The following is a summary of the investment information as of and for the years ended December 31, 2014 and 2013, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following investments:

	December 31	
	2014	2013
Investments at fair value:		
Cash equivalents	\$ 4,253,072	4,492,935
Mutual funds	29,343,115	27,924,051
Common/collective trusts	1,339,271	1,321,220
	<u>\$ 34,935,458</u>	<u>33,738,206</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of the contract values of fully benefit-responsive investment contracts totaling \$1,319,696 and \$1,301,306, respectively, as of December 31, 2014 and 2013, which are discussed in note 5. Fidelity Management Trust Company has also certified to the completeness and accuracy of the net appreciation in fair value of investments as set forth in note 4, and interest and dividends related to the aforementioned investments for the years ended December 31, 2014 and 2013.

(4) Fair Value Measurements

The authoritative accounting guidance on fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements)

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Fair values of investments in money market funds are stated at net asset value, which equals fair value. Fair values of investments in mutual funds are determined daily based on the unadjusted closing net asset value of each fund as derived from a national exchange. Fair values of investments in common/collective trusts are based on the Plan's portion of the fair value of the underlying investments (see note 5).

The methods described above may produce a fair value that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in mutual funds	\$ (387,353)	3,809,254
Investments in common/collective trusts	12,775	12,033
	\$ (374,578)	3,821,287

(5) Fully Benefit-Responsive Investment Contracts

The Plan offers an investment in the Fidelity Managed Income Portfolio Fund, a fully benefit-responsive investment contract with Fidelity Investments. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As discussed in note 1, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Fidelity Management Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions. Such restrictions include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (3) changes in law, regulation, ruling, administrative or judicial

HEARTLAND EXPRESS, INC. OF IOWA 401(K) PLAN

Notes to Financial Statements

December 31, 2014 and 2013

position, or accounting requirements. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

As of December 31, 2014 and 2013, the interest rate credited to the investment account was 1.07% and 0.89%, respectively.

(6) Party-In-Interest Transactions

A number of mutual funds, and the money market fund, are managed by Fidelity Management Trust Company. Fidelity is a custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. These party-in-interest transactions are exempt and are not prohibited by ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, including employer contributions.

(8) Income Tax Status

The Internal Revenue Service has issued a determination letter dated May 16, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Also effective September 10, 2013, the Plan discontinued offering the Victory Diversified Stock Fund Class A and Eaton Vance Large-Cap Value Fund Class A and any balance that was in these funds upon the effective date was transferred to the Fidelity Dividend Growth Fund and Invesco Diversified Dividend Fund R5 Class, respectively.
