Report on the Financial Statements

We were engaged to audit the accompanying financial statements of University School Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Bases for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance & Annuity Association-College Retirement Equities Fund ("TIAA-CREF"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

In addition, because of inadequacies in the Plan's records for the periods prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2014 and 2013, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended December 31, 2014.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

UNIVERSITY SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the University School Retirement Savings Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code covering all qualified employees of University School (the "School"), established as of January 1, 1964. Employees are eligible to participate in the Plan on the first day of the month following their employment. Participants will be eligible for School contributions on the first day of the month after completion of one year of employment and having attained age 21, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to make contributions of their eligible earnings on a "pre-tax" basis subject to certain limitations of the Internal Revenue Code. The School will match an amount equal to 200% of the first 2.5% of participant compensation ("matching contributions"). The School will also contribute an amount equal to 5% of eligible compensation for each participant ("School contributions"). Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code. The Plan also provides for the investment of qualified rollover contributions, catch-up contributions for participants age 50 or older and additional contributions for participants with 15 years of service or more.

Participants' Accounts

Teachers Insurance & Annuity Association-College Retirement Equities Fund ("TIAA-CREF") maintains an individual account for each participant. These accounts are credited with participants' contributions, School contributions and related earnings, and charged with an allocation of any administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts; however, the loans are administered by TIAA-CREF and are transacted outside of the Plan. No participant loans are included in Plan assets. At December 31, 2014 and 2013, these outside loan balances were approximately \$68,436 and \$83,629, respectively, and were secured by Plan assets in the borrowing participants' accounts at 110% of the loan amount. As these loans are repaid, the collateral balance is reduced accordingly.

UNIVERSITY SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Vesting

Participants are at all times 100% vested in their contributions, matching contributions and earnings thereon. Vesting in School contributions is based on years of continuous service. Participants are 100% vested in School contributions after five years of credited service (20% each year). At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$26,309 and \$-0-, respectively. Also, in 2014, School contributions were reduced by \$2,573 from forfeited nonvested accounts.

Payment of Benefits

A participant, upon termination, death, disability, retirement or attainment of age 59½, may elect to commence distribution of his or her account. In the case of a severe financial hardship, TIAA-CREF, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions of the Plan document and/or the related insurance contract.

Termination Provisions

The School anticipates and believes that the Plan will continue indefinitely; however, the School reserves the right to terminate the Plan at any time by an action of its Board of Trustees subject to the provisions of ERISA. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the School has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment as well as the adjustment of the investment from fair value to contract value (if applicable). No adjustment from fair value to contract value is presented as fair value approximates contract value at December 31, 2014 and 2013. The statement of changes in net assets available for benefits is prepared on a contract value basis.

UNIVERSITY SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Subsequent Events

The Company has evaluated subsequent events through June 24, 2015, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

All administrative fees of the Plan are paid by the School or the Plan at the option of the School.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee will be charged equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

UNIVERSITY SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- Investments in the guaranteed insurance contracts consist of benefit-responsive ("BR") and non-benefit-responsive ("NBR") TIAA Traditional Annuity contracts. The BR contracts are valued at contract value as determined by TIAA-CREF, which approximates fair value, and represents contributions plus interest at a specified rate, less participant withdrawals and fees. The BR contracts are classified as Level 3, as there are no quoted prices or other observable inputs for pricing.

NBR contracts are reported at estimated fair value as determined by TIAA-CREF based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity. Insurance contracts are generally classified as Level 3.

TIAA-CREF has various processes and controls in place to ensure that fair value is reasonably estimated. These include, but are not limited to, reviewing interest rates, versus credit rates, and contract rates. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

- The investment in the pooled separate account is reported at estimated fair value as determined by TIAA-CREF based upon its valuation of the underlying assets. The fair value of the TIAA Real Estate Fund is principally derived from periodic external appraisals of the underlying real estate holdings or other real estate-related investments. The unit value of the TIAA Real Estate Fund is updated daily. The TIAA Real Estate Fund is classified as Level 2.

UNIVERSITY SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Fair Value Measurements (Continued)

- Included in registered investment companies are TIAA-CREF funds which are based on market quotations or prices from independent pricing services and are classified as Level 1. Also included are various CREF funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. The valuation of these funds is based upon the daily quoted net asset value of shares held by the Plan and are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2013 to 2014. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2014 and 2013:

Note 4. Unaudited Information

The Plan administrator has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at December 31, 2014 and 2013, the supplemental schedule at December 31, 2014, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

The following information represents investments that individually total 5% or more of the Plan's net assets at December 31:

Note 4. Unaudited Information (Continued)

Changes in net assets not audited include the following for the year ended December 31, 2014:

Interest and dividends	\$ 797,199
Net appreciation in fair value of investments:	
Guaranteed insurance contracts	385,877
Pooled separate account	156,890
Registered investment companies	1,201,339

Note 5. Guaranteed Insurance Contracts

The Plan holds investments in unallocated insurance contracts (the guaranteed insurance contracts) with TIAA-CREF. Of these, certain insurance contracts contain provisions that could be construed as placing restrictions on the availability of funds and, therefore, are included in the financial statements at estimated fair value because they are not fully benefit-responsive ("NBR"). The principal investments underlying the NBR guaranteed insurance contracts are high-quality fixed income instruments, principally corporate and government bonds and asset-backed securities.

The Plan also has benefit-responsive guaranteed insurance contracts with TIAA-CREF. TIAA-CREF maintains the contributions in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA-CREF votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year.

The guaranteed insurance contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields:	<u>2014</u>	<u>2013</u>
Based on actual earnings	3.31%	3.17%
Based on interest rate credited to participants	3.31%	3.17%

Note 6. Income Tax Status

Although the Internal Revenue Service has yet to establish a process through which the plan administrator could apply and request a determination as to the tax qualified status of the Plan, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

UNIVERSITY SCHOOL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Income Tax Status (Continued)

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2014, the Plan's tax years from 2011 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 7. Party-in-Interest Transactions

The Plan's assets are held in guaranteed insurance contracts, a pooled separate account and registered investment companies managed by TIAA-CREF. TIAA-CREF is the Plan custodian, therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
