JAMES AUSTIN COMPANY EMPLOYEES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the James Austin Company Employees Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan covering all employees of James Austin Company (the "Company") who have completed one year of service, as defined in the Plan document, and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute the lesser of the annual limitation (\$17,500 for 2014 and 2013), or 100% of their pretax compensation as defined in the Plan document. Effective January 1, 2007, all employees who were hired on or after January 1, 2007 will be automatically enrolled in the Plan once they have met the eligibility requirements of the Plan. The automatic elective deferral contribution is 3% of pretax compensation. The Company matches all participants' before-tax contributions, up to a maximum of 25% of the first 4% of the employee's base compensation, as defined in the Plan document.

The Plan provides for additional elective deferrals for eligible participants subject to certain limitations. Eligible participants are those participants who will attain at least age 50 before the close of the Plan year who would otherwise be eligible to make elective deferrals under the Plan. The maximum additional elective deferral for 2014 and 2013 is limited to \$5,500 for each year.

The Company may also make a discretionary profit sharing contribution allocated to each participant in proportion to each participant's compensation, as defined in the Plan document. There were no discretionary profit sharing contributions made during 2014 or 2013.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions, and (b) Plan income and losses. Income and losses are allocated to the participant's account at the end of each day. The allocation of each participant's income and losses for each day is based on the participant's account balance at the beginning of that day.

Investment Options - Participants may invest their voluntary contributions, rollover contributions and the Company's contributions, plus actual earnings thereon into any of the investment options maintained by John Hancock Life Insurance Company and Transamerica Life Insurance Company (the "Custodians"). The participant may change their investment option at any time.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Company's matching and discretionary profit sharing contribution portions of each participant's account are subject to the following vesting requirements:

JAMES AUSTIN COMPANY EMPLOYEES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

<u>Completed Years of Service</u>	<u>Percentage of Company's Contributions Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant's vesting percentage is calculated from the beginning of employment and not the date that he or she enters the Plan. Upon termination of service due to death, disability or retirement, a participant or beneficiary may only receive a lump sum amount equal to the value of the participants' vested interest in their account.

Payment of Benefits - A participant who has attained age 62 may receive a distribution from the Plan. The Plan provides for lump-sum distributions for retirement, permanent disability, death and termination of employment. Upon termination of employment, if the participant's account balance is \$1,000 or less, a participant will automatically receive a single-sum payment or direct rollover to an IRA or other eligible retirement plan as soon as reasonably practicable following the date employment terminates. If the participant's account balance is greater than \$1,000, the participant may elect to either (a) receive an immediate lump-sum amount equal to the value of his/her account or (b) leave the account balance in the Plan until such time as the participant decides to withdraw the account balance. In any event, withdrawal of the account balance must commence once the participant attains the age of 70½.

Notes Receivable From Participants - The Plan does not permit notes to be made to participants.

Plan Administrative Expenses - Expenses incurred by the plan administrator and custodians for their services and costs in administering the Plan are paid by the Company, as described in the Plan Document.

Forfeited Accounts - Forfeitures are allocated to participant accounts and to restore a participant's account after a break in service, in accordance with the Plan's document. During 2014 and 2013, participant accounts were credited by \$0 and \$12,231, respectively.

Change in Custodian - Effective March 24, 2014, the Plan changed its custodians from John Hancock Life Insurance Company to Transamerica Life Insurance Company. During the transition period of changing the custodian, a "blackout" period was put into place. During the blackout period, the participants were temporarily unable to initiate a transfer of money from one investment option to another investment option, change their contribution deferral, obtain a distribution or in-service withdrawal from the Plan, or make inquiries about their account. This blackout period was from March 24, 2014 to April 25, 2014. The participants' assets were transferred and mapped to the Transamerica Life Insurance Company's investments

JAMES AUSTIN COMPANY EMPLOYEES PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

that had similar investment strategies as John Hancock Life Insurance Company. After the mapping was completed on April 26, 2014, participants were able to resume transferring money from one investment option to another investment option, change their deferral contribution, obtain a distribution or in-service withdrawal from the Plan, and make inquiries about their account.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The accounts of the Plan are maintained on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Net Appreciation (Depreciation) in Fair Value of Investments - The Plan presents, in the statements of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains and losses from sales of investments and unrealized appreciation (depreciation) on investments. The net change in unrealized appreciation (depreciation) in the fair value of investments is determined by the change in fair value from the beginning of the year to the end of the year, or from date of purchase to the end of the year.

New Accounting Pronouncements - During 2014 and 2013, various new Accounting Standards Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The plan administrator of the Plan has determined, based on its review, that none of the new accounting pronouncements that were issued are applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable and if they are applicable, their effect will be included in the notes to the financial statements.

3. INVESTMENTS (UNAUDITED)

At December 31, 2014 and 2013, the Plan's investments and executed transactions therein were held by the Custodians. The following is a summary of the Plan's investments that are included in the financial statements and supplemental schedules based on information certified by the Custodians as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The valuation of investments at December 31, 2014 and 2013, is prepared by the Custodians. Pooled Separate Accounts are presented at fair value based on quoted market prices. The Stable Value Fund is presented at contract value, which approximates fair market value based upon the net asset value of the underlying investments.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated December 5, 2011, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving its determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the federal, state and/or local taxing authorities. The plan administrator believes as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants will become fully vested and non-forfeitable, and assets will be allocated to each participant based on his/her respective account balances after payment of all final liquidation or termination expenses, pursuant to the directions of the plan administrator.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
