Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Pittsburgh Associates Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees, with the exception of those employees covered under a collective bargaining agreement, of Pittsburgh Associates (the Company and Plan Sponsor). The Company is the plan administrator that controls and manages the operation and administration of the Plan. The plan investments and participant loans are held by PNC Bank, N.A. (PNC), the trustee. An employee who has reached the age of 21 and completed 1,000 hours of service becomes eligible to participate in the Plan on the first day of the month following the completion of one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Entry dates are the first day of each month during the year.

Contributions

Participants may contribute from 1% up to 25% of their compensation to the Plan, subject to certain limitations. The Company makes matching contributions to the Plan in an amount equal to 50% of the participant's pre-tax contributions up to 4% of the participant's compensation, as defined by the Plan. The Company may make discretionary additional matching contributions as determined by the Company's Board of Directors.

In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$5,500 in 2014 and 2013) may be made. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Participant and Company contributions are allocated to various investment options based on the participant's elections.

Participant Accounts

The plan administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions and with an allocation of the Company's matching contributions and plan earnings. Allocations of the Company's contributions are based on participant contributions or compensation, as applicable. Allocations of plan earnings are based on the participant's proportionate share of any investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Vesting

Participants' contributions and earnings thereon are fully vested at all times. The Company matching contributions and earnings thereon to each participant's account vest according to the following schedule:

Completed Years of Service	Vesting Percentage
Less than 1	0%
1 but not greater than 2	33 ^{1/3} %
2 but not greater than 3	66 ^{2/3} %
3 or more	100%

Benefits

A participant's normal retirement date is the first day of the month coinciding with or following the attainment of age 65. Upon retirement, participants are entitled to receive monthly retirement income or elect a lump-sum payment, based on their account balances. Eligible distributions that do not exceed \$5,000 are distributed in a lump sum.

Subject to limitations of the plan agreement, the plan participant may apply to the Plan for a hardship withdrawal. A hardship withdrawal may be granted to a plan participant for an event considered to be an immediate and heavy financial need of the participant, in accordance with the Internal Revenue Code.

The retirement benefit of any participant who is a 5% owner of the Company during the plan year ending in the calendar year and who attains age 70.5 must commence no later than the first day of April of the calendar year following the plan year in which they attain age 70.5 even if they continue to be employed by the Company.

At December 31, 2014 and 2013, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable From Participants

Under the terms of the Plan, participants may borrow from their accounts subject to certain limitations. The loans are collateralized by the vested interest in the participant's accounts and bear interest at a rate commensurate with local market rates for similar loans. The current loans bear interest at rates ranging from 4.25% to 9.25%.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are applied to reduce administrative expenses of the Plan and then future Company contributions. Forfeitures totaled approximately \$350 in 2014 and \$2,000 in 2013.

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation, Income Recognition and Risks

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 - Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.
- Level 2 - Inputs include:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
 - d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 - Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation, Income Recognition and Risks (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

The Plan's investment in the PNC Investment Contract Fund is a fully benefit-responsive investment contract in a stable value common collective trust fund. The investment contract is presented at fair value with an adjustment to contract value. Investment contracts are generally permitted to be valued at contract value, rather than fair value, to the extent it is fully benefit-responsive because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fully benefit-responsive investment contracts are included at fair value in the investments of the Plan and are adjusted to contract value in the statements of net assets available for benefits. The statement of changes in net assets available for benefits is prepared on a contract value basis. Collective investment trusts are public investment vehicles valued using the Net Asset Value (NAV) provided by the trustee on the last day of the Plan's year end. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the fair value hierarchy. The Plan's participants may exchange units in the PNC Investment Contract Fund on a daily basis with minimal restrictions. Participants have agreed to the payment of redemption over a period of up to twelve months.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, as provided by the plan document.

Benefit Payments

Benefits are recorded when paid.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued updated guidance to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The practical expedient criteria differ from the criteria used to categorize other fair value measurements within the hierarchy. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of whether the investment is redeemable with the investee at NAV on the measurement date, never redeemable with the investee at NAV, or redeemable with the investee at NAV at a future date. Under this updated guidance, investments for which fair value is measured at NAV per share (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. The guidance is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years, and should be applied retrospectively. The retrospective approach requires that an investment for which fair value is measured using the NAV per share practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. Earlier application is permitted.

Subsequent Events

The Plan Sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through July 29, 2015, the day the financial statements were approved and authorized for issue.

*Did not meet 5% threshold

During 2014 and 2013, the appreciation in the Plan's investments (including investments, bought, sold, and held during the year) was primarily related to mutual funds.

4. Certification of Financial Information

PNC, the trustee of the Plan, has certified that the investment information related to investments and notes receivable from participants summarized in the statements of net assets available for plan benefits and in the statements of changes in net assets available for plan benefits as of and for the years ended December 31, 2014 and 2013 is complete and accurate.

5. Exempt Party-in-interest Transactions

The Plan's investments in mutual funds and the collective investment trust are with PNC. Certain mutual funds and the collective investment trust are sponsored and advised by PNC or by investment companies related to PNC. PNC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodian and recordkeeping services were not significant for the years ended December 31, 2014 and 2013. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

6. Tax Status

The Plan Sponsor has adopted a prototype plan of PNC Bank. PNC Bank obtained a letter dated March 31, 2008, in which the Internal Revenue Service stated its opinion that the form of the prototype plan of PNC Bank is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has since been amended. The plan administrator, the trustee and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to the Financial Statements (Continued)

6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
