401(K) PLAN OF BLACKSTONE ADVANCED TECHNOLOGIES LLC

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN

The 401(k) Plan of Blackstone Advanced Technologies LLC, formerly the 401(k) Plan of Blackstone Business Enterprises, Inc., (the Plan) was established May 2, 1994 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan covering substantially all employees of Blackstone Advanced Technologies LLC (the Plan Sponsor or Employer). Prior to January 1, 2014, the Plan was sponsored by Blackstone Business Enterprises, Inc.

The following description of the Plan only provides general information. Participants should refer to the Plan agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

PARTICIPATION

Eligible employees of the Plan Sponsor who have attained age 18 and completed one year of service are eligible to participate in the Plan. Employees can enter the Plan on the entry date following or coincident with the completion of the eligibility requirements. The plan entry dates are January 1, April 1, July 1, and October 1 of each year.

CONTRIBUTIONS

Participants may elect to defer a specified percentage of pre-tax compensation, as defined, not to exceed Internal Revenue Code limitations. Participants may also make after-tax Roth elective contributions.

For each plan year, the Plan Sponsor may elect to make discretionary matching contributions to all participants who are employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. The Plan Sponsor did not make any discretionary matching contributions for the year ended December 31, 2014.

In addition, the Plan Sponsor may make discretionary non-elective contributions to all eligible participants that are actively employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. These contributions are allocated based on participant earnings, as defined in the Plan. There were no such discretionary allocations for the year ended December 31, 2014.

1. DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are immediately vested in their elective deferral contributions. The vesting percentage in the Plan Sponsor's contributions is shown in the following schedule:

Vesting Service (whole years)	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

FORFEITURES

Participants who leave the Plan Sponsors with less than six years of service forfeit the nonvested portion of the Plan Sponsors' contributions. Forfeitures may be used to offset future Plan Sponsor contributions. At December 31, 2014, the Plan has approximately $800 of unused forfeitures.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may obtain loans up to the lesser of $50,000 (reduced by the highest outstanding loan balance the previous year less any current outstanding loan balance), or 50% of the participants' non-forfeitable accrued benefit. In addition, participants may only have one loan outstanding and may be obtained for hardship-related reasons only. The loans generally have a five year maximum term (longer for residential loans). Loans are subject to a minimum of $1,000, and bear interest at market-based rate.

PLAN TERMINATION

The Plan Sponsors intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their accrued benefits.

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounting records are maintained on the accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the Plan's investment contract at fair value, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

VALUATION OF INVESTMENTS

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of the amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The plan distributed the 2013 and 2014 excess contributions to the applicable participants in March 2014 and March 2015, respectively.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results may differ from management's estimates and assumptions.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the audit report date, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 *Fair Value Measurements* (ASC 820) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The financial instruments' fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Other significant observable inputs (including quoted prices in active markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- Pooled separate accounts – The Plan's units of participation are reported at their net unit value, based on the quoted net asset values of underlying securities, adjusted for investment management expenses.
- Investment contract - stable value account – As there is no market value adjustment upon discontinuance of the contract and contract value would be paid no later than 30 days from discontinuance of the contract, the Plan has determined that the fair value for this contract is equal to the contract value.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value information for investments held at December 31, 2014 is as follows:

	Level 1	**Level 2**	**Level 3**	**Total**

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2014:

	Stable Value Account
Balance, December 31, 2013	$ 539,659
Unrealized gains (losses)	-
Interest credited	2,563
Purchases	19,777
Sales	(53,606)
Balance, December 31, 2014	$ 508,393

4. INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2014 and 2013, and net investment gain (loss) from pooled separate accounts, interest income from investment contract for the year ended December 31, 2014, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company, the custodian of the Plan.

The Plan entered into a group annuity contract with Transamerica, which includes a stable value investment option. This option is considered to be a fully benefit-responsive investment contract. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 30 days. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate is based on a formula agreed upon with Transamerica and is reviewed on a semi-annual basis for resetting. The average crediting rate and yield during 2014 was 0.50%.

4. INVESTMENTS (CONTINUED)

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2014 or 2013 are as follows:

	2014	2013
Transamerica Stable Value Compass Account	**$ 508,393**	$ 539,659
Blackrock Global Allocation Retirement Account	**166,401**	184,034
JP Morgan U.S. Equity Retirement Account	**247,897**	439,831
Ivy Science & Technology Retirement Account	**149,330**	232,083
American Century One Choice 2015 Retirement Account	**162,312**	209,464
Prudential Jennison 20/20 Focus Retirement Account	**347,527**	557,590
RidgeWorth Large Cap Value Equity Account	**233,903**	778,237

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are held in pooled separate accounts and a stable value account managed by Transamerica Financial Life Insurance Company, the custodian of the Plan. Therefore, these transactions and account balances qualify as party-in-interest.

The Plan incurs various management fees and operating expenses for its investments in pooled separate accounts. These costs are not reflected separately, but are included in the net investment return of these investments.

All legal and accounting services were provided at the expense of the Plan Sponsors. Expenses paid from Plan assets consist primarily of contract administration charges and participant withdrawal and loan processing fees. Fees paid were based upon customary and reasonable rates for such services.

6. TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying volume submitter plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Subsequent to the issuance of this opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsors have indicated that it will take the necessary steps to maintain the Plan's qualified status.

The Plan Sponsors have concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsors believe it is no longer subject to tax examinations for reporting years prior to 2011.

7. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013

Net assets available per the Form 5500	**$ 2,513,743**	$ 3,655,542
