Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States. Our opinion is not modified with respect to this matter.

HILLENBRAND, INC. SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of Hillenbrand, Inc. Savings Plan (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective April 1, 2008, as a defined contribution retirement savings plan covering all eligible employees of Hillenbrand, Inc. and its subsidiaries (the Employer) who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Finance and Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Board of Directors of the Employer.

Contributions: Each year, bargaining participants may authorize the Employer to contribute to the Plan up to 20% of their eligible annual compensation, as defined in the Plan Agreement. The Employer contributes to each bargaining participant's account an amount equal to 40% of the first 5% of compensation that each participant contributes to the Plan.

Nonbargaining participants may authorize the Employer to contribute to the Plan up to 40% of their eligible annual compensation, as defined in the Plan Agreement. The Employer contributes a percentage of each eligible nonbargaining participant's compensation, depending on the classification of each eligible participant.

Nonbargaining employees hired after July 1, 2003, are no longer eligible to participate in the Hillenbrand, Inc. Pension Plan (the Pension Plan). Employees hired prior to July 1, 2003, made an election to continue to participate in the Pension Plan or to freeze their Pension Plan accruals effective December 31, 2003. Continuing Plan participants (those who did not elect to freeze their Pension Plan benefit accruals) and commissioned participants receive 3% Employer contributions to the Plan. Participants with a hire date on or after July 1, 2003, and frozen Pension Plan participants receive 4% Employer contributions and Employer matching contributions of 50% of eligible compensation that each participant contributes to the Plan up to 6%. The benefits of Pension Plan frozen participants will be paid out in accordance with the Pension Plan provisions with future service considered only under the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible nonbargaining employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled nonbargaining participants have their contribution rate set at 6% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

Participant contributions are subject to annual limitations under the United States or Puerto Rico Internal Revenue Codes.

Participants may also make rollover contributions from amounts representing distributions from other qualified plans. Puerto Rico participants may only make rollover contributions from another Puerto Rico and United States dual qualified plan.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer contributions, as well as allocations of Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 100% vested after three years of credited service.

At December 31, 2014 and 2013, forfeited nonvested accounts of terminated participants totaled \$44,530 and \$32,359, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2014, forfeited nonvested accounts of \$59,587 were used to reduce Employer contributions.

Note Receivable from Participant: The Plan does not permit participants to borrow from their accounts. However, participants merged in from HMIS could have borrowed from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, prior to the merger. The payment terms of the notes could not exceed five years except for the purchase of the participant's principal residence, for which the terms could exceed five years per the Plan Agreement. The note is secured by the balance in the participant's account and bears interest at a rate which was commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the modified cash basis of accounting. This method of accounting differs from accounting principles generally accepted in the United States in that contributions and income are recorded when received, rather than when earned and expenses are recorded when paid, rather than when the obligation is incurred.

Estimates: The preparation of financial statements in accordance with a modified cash basis of accounting requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Finance and Administration Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for a discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 6, the Plan invests in a collective trust fund which is a fully benefit-responsive investment. The Plan's statements of net assets available for benefits presents the fair value of this investment, as well as the adjustment of this investment from fair value to contract value. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participant is measured at its unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If the participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated April 12, 2012, that the Plan and related trust are designed in accordance with applicable sections of the United States Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Puerto Rico Internal Revenue Service determined and informed the Employer by a letter dated March 12, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Puerto Rico Internal Revenue Code of 1994, as amended (PR Code). The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the PR Code. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through July 28, 2015, the date the financial statements were available to be issued. See Note 10.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Fund Shares and Money Market Fund Shares: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: Valued at fair value reported by the sponsoring insurance company based on the fair value of the bonds held by the collective trust fund which underlies the guaranteed investment contract (GIC). The guaranteed interest rate provided to participants at contract value for the synthetic GIC is adjusted periodically by the insurer to reflect the current yields on similar instruments with comparable durations, considering the creditworthiness of the issuer. The fair value of the underlying bonds are based on quoted market prices when available or by pricing models and matrix pricing which maximizes the use of observable inputs. See below for significant unobservable inputs used and the related quantitative information.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2014 and 2013:

The committee meets at least quarterly with the Plan's registered investment advisor to discuss how investments are valued and any changes made in the valuation techniques or unobservable inputs.

NOTE 5 - JOINT INVESTMENT IN SYNTHETIC GUARANTEED INVESTMENT CONTRACT (GIC)

In December 2011, the Plan Sponsor entered into a contract with The Prudential Insurance Company of America to invest in the Prudential Stable Value Fund on the behalf of: Hillenbrand, Inc. Savings Plan, Hillenbrand, Inc. Sales Executives' Pension Plan, and Process Equipment Group 401(k) Saving Plan. The assets were purchased in January 2012. Each Plan's allocation of the contract is based on participant-directed investment elections, with interest income allocated daily based on the contract value owned by each Plan.

The synthetic GIC held total assets of \$33,826,503 and \$35,282,826 at December 31, 2014 and 2013, respectively. Interest income was \$741,661 in 2014. The Plan's proportionate share in the contract as of December 31, 2014 and 2013, is presented in Note 4 and included interest income of \$472,173 for 2014.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT

The Plan has an investment in the Prudential Stable Value Fund, which is a synthetic GIC whose underlying assets are Prudential Core Conservative Intermediate Bond Fund (a collective trust) plus wrapper contracts to support the guaranteed interest rate. As described in Note 2, because this investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this investment. Contract value, as reported to the Plan by Prudential Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the issuer or otherwise. The average yield rate based on actual earnings of the fund was approximately 1.91% for 2014 and 2.05% for 2013, and the average interest rate credited to participants was approximately 1.74% for 2014 and 1.68% for 2013. The guaranteed interest rate was 1.50% at December 31, 2014 and 2013.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 7 - PLAN AMENDMENT

The Plan Agreement was amended during 2014 in order to revise the definition of "spouse" and "marriage" in order to confirm with the *US v. Windsor* case, and to incorporate IRS guidance relating to the determination of who is a spouse, effective June 26, 2013.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Trustee also receives indirect fees from investments which are deducted from investment returns. During 2014, the Plan received revenue sharing amounts of \$113,875 from the Trustee and/or an affiliate of the Trustee that were used to offset recordkeeping fees totaling \$95,662.

The Employer and/or Plan Sponsor provide certain accounting, administrative and investment management services to the Plan for which they receive no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 10 - SUBSEQUENT EVENTS

Effective January 1, 2015, the Plan Agreement was amended and restated in its entirety to reflect changes in laws, regulations, and other legal guidance issued since the time of the last Plan restatement, and also to incorporate all Plan amendments adopted since the time of the most recent Plan restatement. There were no significant changes to the Plan's provisions as a result of the regulatory updates.
