WISCONSIN FILM & BAG, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE A - PLAN DESCRIPTION

The following brief description of the Wisconsin Film & Bag, Inc. Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

1. General

The Plan is a defined contribution plan covering substantially all employees of Wisconsin Film & Bag, Inc. (Company) who have obtained the age of 21. In addition, temporary employees who complete a year of service are eligible to join the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Contributions

The Plan permits employees to contribute to the Plan with “pre-tax” dollars and “after-tax” dollars. Participants can elect to contribute to the Plan by means of a salary reduction agreement from 1% to 75% of their compensation up to the maximum allowable by the Internal Revenue Service (IRS). The Company will then match the participant’s contributions. The Company match is equal to 50% of the participant’s contributions up to a maximum of 6% of the participant’s salary deferral. In addition, the Company can make a discretionary contribution in an amount determined annually by the Board of Directors. There were no discretionary contributions made for the years ended December 31, 2014 and 2013.

3. Vesting

Participants are, at all times, fully vested in the value of their accounts attributable to their voluntary contributions.

Participants become 10% vested in the Company’s contributions for each year of service, up to two years of service, and are additionally vested at 20% for each year of additional service, up to six years of service, at which time participants are fully vested.

4. Benefits

Upon termination of service due to death, disability or retirement, the participant or beneficiary is entitled to receive the entire amount credited to his or her accounts as of that date. Upon a participant’s termination from employment with the Company for a reason other than death, disability or retirement, the participant is entitled to the vested balance in his or her account. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½ or for hardship purposes.

NOTE A - PLAN DESCRIPTION - Continued

5. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, along with an allocation of Plan earnings and Company discretionary contributions. Allocations are based on participant earnings or account balances as defined in the Plan's provisions.

6. Notes Receivable from Participants

Participants may have a maximum of one loan outstanding from their vested account balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the twelve-month period ending on the date before the new loan, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions. The interest rate charges to the participant on the loan is the prime rate at the time the loan is granted. Interest rates on existing loans were 3.25% at December 31, 2014 and 2013.

7. Forfeited Accounts

Forfeited non-vested accounts from Company matching and discretionary contributions reduce Company contributions to the Plan. Forfeitures of terminated participant's non-vested account balances of \$18,478 and \$17,026 were used to reduce Company contributions in 2014 and 2013, respectively. At December 31, 2014 and 2013, the outstanding balance of forfeited non-vested accounts was \$19,610 and \$12,940, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

2. Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits are recorded when paid.

5. Administrative Expenses

The Plan pays certain administrative costs which are expensed when incurred. Other expenses are paid by the Company.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized when received by the Plan. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

7. New Accounting Pronouncement

In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, from categorization within the fair value hierarchy and related disclosures. This ASU requires presentation of the carrying amount of investments measured using the NAV practical expedient as a reconciling item between the total amount of investments categorized within the fair value hierarchy and total investments measured at fair value on the face of the financial statements. The ASU is effective for the Plan for calendar year 2017, however, early adoption is permitted. The Plan is currently evaluating the impact on the Plan's financial statements at this time.

NOTE C - INVESTMENTS

The Plan's investments are held by a bank-administered trust fund. Individual investments exceeding 5% of the net assets available for benefits are as follows, as of December 31:

	2014	2013
BMO Growth Allocation Fund**	\$ 348,444	\$ 626,759
BMO Employee Benefit Stable Principal Fund (at contract value)	396,540	501,581
BMO Aggressive Allocation Fund**	392,035	322,649
BMO Balanced Allocation Fund**	732,491	340,535
BMO Moderate Allocation Fund**	333,592	*
Fidelity Investments Advisor Equity Growth Fund	1,026,529	868,932
BMO Large-Cap Value Fund	469,863	438,067
The Vanguard Group Trust 500 Index Fund	675,744	532,712
Artisan Funds, Inc. Mid-Cap Fund	910,431	842,911

* Fund was less than 5% of net assets available for benefits

** During 2014, the fund was closed and converted to a publicly traded mutual fund

Net appreciation in fair value of investments is as follows for the years ended December 31:

	2014	2013
Collective trust funds	\$ -	\$ 253,461
Mutual funds	371,325	990,622
	<u>\$ 371,325</u>	<u>\$ 1,244,083</u>

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement Level within the fair value hierarchy is based on the lowest Level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, as determined by reference to quoted market prices.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Level 1	Level 2	Level 3	Total

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2014 and 2013:

Investment type	Fair value at 12/31/2014	Fair value at 12/31/2013	Unfunded commitments	Redemption frequency	Redemption notice period

BMO Growth Allocation Fund (c)	-	626,759	-	Daily	Daily
BMO Moderate Allocation Fund (c)	-	244,487	-	Daily	Daily
BMO Employee Benefit Stable Principal Fund (d)	399,918	502,823	-	Daily	Daily

- (a) The Aggressive Allocation Fund seeks to achieve total investment return from income and capital appreciation. The fund is primarily invested in stocks. The fund also invests in bonds.
- (b) The Balanced Allocation Fund seeks to achieve investment return from income and capital appreciation. The fund is invested in stocks, bonds and alternative funds.
- (c) The Growth Allocation Fund and the Moderate Allocation Fund seek to achieve total investment return from income and capital appreciation. The funds are invested in both stocks and bonds.
- (d) The objective of the Stable Principal Fund is to seek safety of principal while generating a level of current income generally exceeding that of a money market fund. The fund seeks to maintain a stable \$1.00 unit value. The fund is primarily invested in traditional and synthetic guaranteed investment contracts, government securities, registered first tier money market mutual funds and long-term corporate debt. The fund also participates in securities lending. As with any investment fund, there is no assurance that the Stable Principal Fund will achieve its investment objective; the unit value could fluctuate or decline.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become fully vested upon termination of the Plan.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE F - INCOME TAX STATUS

The Company is a participating employer in the BMO Defined Contribution Volume Submitter Profit Sharing Plan approved by the IRS. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2014 and 2013. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE G - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by BMO Retirement Services (BMO). BMO is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable transactions with participants also qualify as party-in-interest transactions.

NOTE H - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements and supplemental schedules are complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013, except for the adjustment from fair value to contract value for interest in collective trust funds relating to fully benefit-responsive investment contracts as of December 31, 2014 and 2013.
- Investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013.
- Schedule H, Line 4(i) - schedule of assets (held at end of year), as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

A reconciliation of the difference between the Form 5500 and the accompanying financial statements is as follows:
