XPO Logistics, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the XPO Logistics, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of XPO Logistics, Inc. (the Company and Employer) who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan merger: Effective December 31, 2014, the Plan was amended to approve the merger of the Pacer International 401(k) Plan into the Plan. The transfer from the merger of the related plan of \$43,952,364 is reported on the Plan financial statements for the year ended December 31, 2014.

Contributions: The Plan provides for employee salary deferrals up to a certain percentage of annual compensation as determined by the Company. Participants who have attained age 50 prior to the close of a Plan year are also eligible to make a catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company's matching contributions to the Plan are at its discretion. The Company has the option of matching a discretionary percentage of participants' eligible compensation or a discretionary dollar amount on a uniform basis to all eligible participants.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of Company contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, rollover of funds and related earnings. Through April 1, 2008, vesting in the portion of their accounts related to the Company's contributions plus related earnings was based on years of credited service. A participant vested 25% in the Company's contributions after two years of credited service and 25% each successive year through year five, at which time the participant was fully vested. The Plan was amended as of April 1, 2008 to make all participants 100% vested in the employer-matching contributions upon entrance to the Plan. All employer-matching contributions made prior to April 1, 2008 are subject to the vesting schedule.

Payment of benefits: If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries are entitled to receive the entire value of the participant's account. If a participant terminates for any other reason, the participant is entitled to receive only the value of the vested interest in their account. Participants will receive benefits in a single lump sum. Participants are also allowed to take in-service distributions upon attaining age 59.5.

Notes receivable from participants: Participants may borrow from their vested account balance, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are collateralized by the balance in the participants' accounts. Loan terms are for a period not exceeding five years. A term up to thirty years may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans bear interest at an agreed-upon percentage based on prevailing market rates. Interest rates on notes receivable was 4.25% as of December 31, 2014 and 2013. Principal and interest is paid ratably through payroll deductions.

Forfeited accounts: At December 31, 2014, forfeited non-vested accounts totaled \$41,656. These amounts will be used to offset administrative expenses incurred by the Plan as well as to reduce employer contributions.

XPO Logistics, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America as more explicitly described in the Financial Accounting Standards Board Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the Plan's investment contract as well as the adjustment of the investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract-value basis.

Contributions: Participant contributions are recognized when the participant contributions are withheld from the participant's earnings. Discretionary employer contributions are recognized when declared by the Employer.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Company has elected to pay certain costs associated with Plan administration from its operating assets and from the forfeited, non-vested accounts within the Plan.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through July 31, 2015, the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3. Information Certified by the Plan's Trustee

The information related to investments that is included throughout the Plan's financial statements and supplemental schedules as of December 31, 2014 and for the year ended December 31, 2014 was prepared by or derived from information provided by the trustee, State Street Bank and Trust and furnished to the Plan administrator. The information related to investments and notes receivables from participants that is included throughout the Plan's financial statements and supplemental schedules as of December 31, 2013 and for the year ended December 31, 2013 was prepared by or derived from information provided by the trustee, State Street Bank and Trust and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4 and 9 and supplemental schedule of assets (held at end of year).

The trustee also certified to the completeness and accuracy of \$149,418 of net appreciation in fair value of investments, \$479,813 of dividends related to investments and \$14,669 of interest income from notes receivable from participants for the year ended December 31, 2014.

Note 4. Investments

The fair values of individual investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

	2014	2013
T. Rowe Price Retirement 2015 Fund	*	\$ 528,461
T. Rowe Price Retirement 2025 Fund	*	814,976
T. Rowe Price Retirement 2030 Fund	*	1,445,011
T. Rowe Price Retirement 2035 Fund	*	1,387,100
T. Rowe Price Retirement 2040 Fund	*	897,581
T. Rowe Price Retirement 2045 Fund	*	1,184,148
T. Rowe Price Retirement 2050 Fund	*	874,371

*Fair value did not exceed 5% or more of the Plan's net assets

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$ 148,123
Common/collective trust	1,295
Total	\$ 149,418

Note 5. Related-Party Transactions

During 2014, certain plan assets were invested in mutual funds managed by T.Rowe Price. T. Rowe Price is the record-keeper of the Plan; therefore, these transactions qualify as party-in-interest transactions. Additionally, various administrative costs are paid by the Company.

XPO Logistics, Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Income Tax Status

Effective January 1, 2012, the Plan adopted a prototype plan sponsored by Boston Financial Data Services. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and is, therefore, not subject to federal income taxes under present income tax laws.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

XPO Logistics, Inc. 401(k) Plan

Notes to Financial Statements

Note 9. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts: Valued at the net asset value (NAV) of shares held by the Plan at year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund and provides the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	2013			
	Total	Level 1	Level 2	Level 3
Mutual funds				
Growth and income funds	\$ 107,414	\$ 107,414	\$ -	\$ -
Blend funds	267,035	267,035	-	-

Total assets	\$ 8,369,954	\$ 8,314,845	\$ 55,109	\$ -

Note 10. Non-Exempt Transaction

During 2014, the Company failed to remit to the Plan's trustee certain participant contributions totaling \$224,388 within the required timeframe as stated by the United States by Department of Labor (DOL) regulations. During 2015, the Plan sponsor reimbursed the plan for lost interest. In addition during 2015, the Plan sponsor filed Form 5330 and paid the applicable excise tax. The excise tax payments were made from the Plan sponsor's assets and not from assets of the Plan.

XPO Logistics, Inc. 401(k) Plan

Notes to Financial Statements

Note 11. Subsequent Events

Effective January 1, 2015 the Plan was amended to change to Principal Trust Company as its recordkeeper and trustee from T. Rowe Price (recordkeeper) and State Street Bank and Trust (trustee). The investments of the Plan were liquidated to cash at December 31, 2014 and transferred to Principal Trust Company on January 1, 2015.
