VERTELLUS SPECIALTIES INC.
401(k) DEFERRED SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Vertellus Specialties Inc. 401(k) Deferred Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Information about the Plan agreement is also contained in a publication entitled "Summary of Vertellus Specialties Inc. 401(k) Deferred Savings Plan." Copies of this summary are available from the Plan administrator.

General

The Plan is a defined contribution plan covering all employees of Vertellus Specialties Inc. (the Company) who are eligible immediately upon enrollment. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Employee Benefit Plan Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may elect to defer 1% to 60% of pre-tax annual compensation. The participant may also make additional after-tax contributions to the Plan of up to 10% of their compensation. The participants can also make Roth contributions to the Plan subject to federal tax law limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company makes a safe harbor employer matching contribution on the employees' behalf based in the following formula:

Bayone Union: 100% of the first 3% of eligible participant's compensation contributed plus 50% of the next 3% of eligible participant's compensation contributed.

Indianapolis Plant Union: As of January 1, 2014 as amended, 100% of the first 3% of eligible participant's compensation contributed plus 70% of the next 3% of eligible participant's compensation contributed, and 50% of the next 2% of eligible participant's compensation contributed to the Plan.

All other employees: 100% of the first 3% of eligible participant's compensation contributed plus 70% of the next 3% of eligible participant's compensation contributed.

In addition, the Company may make a discretionary contribution in an amount to be determined by the Board of Directors, each year.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution and Plan earnings. Allocations are based on participant earnings or account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting

The interest of a participant in the value of his account is fully vested at all times.

Notes Receivable from Participants

Participants may borrow from their fund accounts 50% of their vested account balance to a maximum of $50,000, and a minimum of $1,000. In addition, the participants must show a heavy financial need. Loan terms may not exceed five years. The loans are treated as a transfer from the investment fund of the participant into a separate loan account in the name of the participant. The interest rate is fixed over the life of the loan at the rate determined annually by the Plan sponsor benefits committee, which is set at prime rate. The interest rates range from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution or other form of payment as described in the Plan document. However, participants with a vested balance of less than $1,000 will receive a lump sum amount equal to the vested portion of their account. Participants with a vested balance in excess of $1,000 may delay their distribution. For participants with assets from the Vertellus Specialties Inc. Target Benefit Plan that merged into the Vertellus Specialties Inc. 401(k) Deferred Savings Plan on September 15, 2009, they may elect to be paid in the form of a single life annuity or a qualified joint and survivor annuity.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $3,597 and $1,906 respectively. These accounts will be used to reduce future employer contributions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Employee Benefit Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and trading fees related to certain investment funds are charged directly to the participants account and included in administrative expenses. Other investment related expenses are included in the net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through June 25, 2015, which is the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following table presents the fair values of investments at December 31, 2014 and 2013. Investments that represent 5% or more of the Plan's net assets are identified separately.

* *The fair value of these investments represents 5% or more of the Plan's net assets at December 31, 2014 and 2013.*

During 2014 and 2013, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the years appreciated in value as follows:

	Years Ended December 31, 2014	2013
Mutual Funds	$ 773,596	$ 11,787,747

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to valuation methodologies include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTION

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees for services and administrative expenses paid by the Plan to the Plan's trustee include $29,267 and $22,070 for 2014 and 2013, respectively. There may be additional fees paid with Plan assets included in the net appreciation in fair value of Investments line item on the statement of changes in net assets available for benefits.

NOTE 6 - LIMITED SCOPE AUDIT

All investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule held at both December 31, 2014 and 2013, and the net appreciation in fair value of investments, interest, and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 7 - TAX STATUS

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2008. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Vertellus Specialties Inc. 401(k) Deferred Savings Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Party-In-Interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

NOTE 7 - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to regulatory examinations for the years prior to 2010.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of investment income and benefits paid per the financial statements to Form 5500:

For the year ended December 31, 2014:

	Financial Statements	Form 5500
Dividend and Interest Income	$ 4,517,278	$ -
Interest	-	787
Dividends	-	4,516,496
Other Income	5	-
	$ 4,517,283	$ 4,517,283

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants vested interest would be distributed to them.

NOTE 11 - DELINQUENT REMITTANCES

During 2014, the Company failed to timely remit to the Plan's trustee (custodian) certain employee contributions totaling $33 within the period prescribed by the Department of Labor regulations. The Company intends to reimburse the Plan for the lost interest and earnings during 2015.
