REGIONALCARE HOSPITAL PARTNERS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(1) Description of plan

The following description of the RegionalCare Hospital Partners Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on May 1, 2010 to provide retirement benefits for employees of RCHP, Inc. and Subsidiaries (the "Plan Sponsor"). The Plan covers substantially all employees who have completed one month of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. In order to participate, participants must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 100% of compensation.

Newly hired, eligible employees are automatically enrolled in the Plan at a deferral rate of 3% in the first month following the date eligibility requirements are met. The employee can opt out of this election or change the deferral percentage at any time. The automatic deferral rate increases by 1% each Plan year, up to 6% of the participant's compensation.

The Plan Sponsor may contribute a discretionary match equal to 100% of each participant's contributions up to the first 2%-4.5% of the participant's compensation, depending on the location in which the participant is employed. The matching contributions were suspended effective January 1, 2014.

Unrelated to the discretionary match contribution, the Plan Sponsor's Board of Directors may authorize an annual discretionary contribution to the Plan; however, an annual discretionary contribution by the Plan Sponsor is not required. No annual discretionary contribution was made by the Plan Sponsor during 2014 or 2013.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

REGIONALCARE HOSPITAL PARTNERS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, Plan Sponsor matching contributions and allocations of Plan Sponsor discretionary contributions, investment earnings (losses), and administrative expenses. Allocations are based on a participant's compensation or account balance as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferral plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching and discretionary contributions is based on years of continuous service. Participants vest prorata over five years of service at which time they are fully vested.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at fixed rates ranging from 3.25% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's salary deferral account balance, including rollovers if the participant is younger than age 59½. If the participant has attained age 59½, hardship withdrawals may be distributed from the participant's entire account balance. Any participant receiving a hardship withdrawal is precluded from making any qualified contributions for six months after receiving the hardship withdrawal.

REGIONALCARE HOSPITAL PARTNERS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(h) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures are first used to pay administrative expenses of the Plan, second, to restore benefits previously forfeited in accordance with Section 7.5(b) of the plan document, and third, to reduce the Plan Sponsor matching contributions. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$635,607 and \$179,135, respectively. During 2014 and 2013, \$62,573 and \$26,365, respectively, of forfeited nonvested accounts were used to pay plan administrative expenses. During 2013, Plan Sponsor contributions were reduced by \$396,243 of forfeited nonvested accounts. There were no forfeited nonvested accounts used to reduce Plan Sponsor contributions in 2014.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are netted from the total distribution amount. Fees incurred by the Plan for the investment management services or recordkeeping are netted within net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value or contract value as reported by the custodian or trustee. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan agreement.

REGIONALCARE HOSPITAL PARTNERS RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

December 31, 2014 and 2013

(d) Payment of benefits

Benefits are recorded when paid.

(e) New accounting pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted.

(f) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Reclassifications

Certain items in the 2013 financial statements have been reclassified to conform to the presentation of the 2014 financial statements. These reclassifications had no effect on net assets available for benefits, or changes therein, as previously reported.

(h) Events occurring after reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2014 and July 30, 2015, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to the Financial Statements

December 31, 2014 and 2013

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes to the methodologies used at December 31, 2014 and 2013.

- (i) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end based on quoted prices in an active market.
- (ii) *Separate Account Guaranteed Interest Contract ("SAGIC")*: Valued at the net asset value of separate interest account ("SIA") units held by the Plan at year end. Net asset value includes reinvested dividends and interest income, received and accrued, realized gains and losses and unrealized gains and losses of the underlying SIA units. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Contract value is also often referred to as "book value." The fair value presented below represents the liquidation value as documented within the SAGIC contract and assumes that the intrinsic value of the general investment account guarantee is immaterial. Liquidation value is the market value of the assets in the separate account. The Plan considers the SAGIC to be fully benefit responsive not withstanding the liquidation value events under the contract that limit the ability of the Plan to transact at contract value. The average crediting rate earned by the Plan was 2.33% and 1.59% as of December 31, 2014 and 2013, respectively.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. However, Plan management does not foresee the complete or partial termination of the Plan or any material change in Plan operation.

- (iii) *Collective trust fund*: The value of the Plan's interest in the collective trust fund is based upon the current value of and net investment gain or loss relating to the units of participation held by the Plan. The collective trust fund provides for daily redemptions by the Plan at reported net asset values per share with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The SAGIC has been reclassified from a Level 3 asset to a Level 2 asset in 2013 to conform to the presentation in 2014. Prior to 2014, the custodian recommended a Level 3 fair value measurement for the SAGIC, as the book value of the operating fund supporting the investment was an established crediting rate, maintaining its benefit responsiveness for participants regardless of the market value's fluctuation. However, upon termination of the SAGIC contract, the market value of the investment option received by the contract holder would equal the number of units owned multiplied by the separate accounts unit value. Since the market value is observable, the custodian recommended that the fair value measurement be reclassified to Level 2 during 2014.

(6) Income tax status

The Plan received a favorable determination letter from the Internal Revenue Service ("IRS") on July 3, 2014 stating that the Plan is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan is subject to income tax examinations for Plan years ending after 2011.

(10) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(11) Late remittance of participant deferrals

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. During 2013 contributions totaling \$75,416 were withheld on various dates and not remitted timely to the Plan. The Plan Sponsor is currently assessing the impact of any lost earnings that may be applicable to these contributions.

(12) Subsequent event

In May 2015, the Plan Sponsor entered into an agreement to sell one of its subsidiaries. Each participant employed by the subsidiary shall become fully vested as of July 1, 2015 and has the option to receive a distribution from the Plan or roll over their balance into the acquirer's plan.
