To the Plan Administrator and Trustees
XPO Logistics, Inc. Employee
Stock Ownership Plan

We have audited the accompanying financial statements of XPO Logistics, Inc. Employee Stock Ownership Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Plan Administrator and Trustees
XPO Logistics, Inc. Employee
Stock Ownership Plan

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets of the Plan as of December 31, 2014 and 2013 and the changes in net assets for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As explained in Note 1, XPO Logistics, Inc. Employee Stock Ownership Plan was terminated effective December 31, 2012.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year as of December 31, 2014 and reportable transactions for the year ended December 31, 2014 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Plan Description

The following description of XPO Logistics, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is an employee stock ownership plan covering substantially all employees of XPO Logistics, Inc. (the "Company") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2012, the Company approved termination of the Plan and the Plan was amended to restrict new participants from entering the Plan. The Plan received IRS approval of the termination in August 2014. As of December 31, 2014, assets were not yet fully distributed from the Plan. Subsequent to year end, all assets were fully distributed.

Contributions - The Company may make annual discretionary contributions to the Plan as approved by the Company's board of directors. Company contributions are paid in the form of XPO Logistics, Inc. common stock through the employee stock ownership feature of the Plan. Effective December 31, 2012, no contributions are permitted to be made to the Plan.

Participant Accounts - Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock contributed by the Company during the year and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings and administrative expenses are allocated to each participant's account based on account balances.

Vesting - Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service beginning at 30 percent after two years of service, increasing to 40 percent after three years of service, and then increasing 20 percent for each year of continuous service thereafter. A participant is 100 percent vested after six years of service with the Company.

As of December 31, 2008, the Plan became frozen and all participants became 100 percent vested at that time pursuant to an amendment to the Plan.

Benefit Distributions - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account as of the valuation date immediately preceding or concurring with the date of distribution, plus any amounts allocated subsequent to the valuation date.

Note 1 - Plan Description (Continued)

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. The Company allocates forfeitures to participants based on participant compensation, as defined.

Termination - The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

The Company has elected to terminate the Plan effective December 31, 2012, and IRS approval of the plan termination was received August 1, 2014.

Diversification - Participants who have attained the age of 55 and have completed at least 10 years of participation in the Plan are eligible to direct up to 25 percent of the value of the participant's account for a six-year period. In the sixth and final year of the election period, the participant may direct up to 50 percent of the value of the participant's account.

Voting Company Stock - Each participant is entitled to exercise, in certain matters, voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

Party-in-interest Transactions - The Company, as plan sponsor, is considered to be a party-in-interest to the Plan. At December 31, 2014, the Plan held 764 shares of Company common stock with a market value of $31,232. At December 31, 2013, the Plan held 31,234 shares of Company common stock with a market value of $821,142.

During the plan years ended December 31, 2014 and 2013, the Plan sold or distributed 30,470 shares and 14,857 shares, respectively, of common stock of the Company. The common stock was sold for $892,760 and $251,060, in the years ended December 31, 2014 and 2013, respectively, and the total gain on the sale was $226,751 and $178,806, respectively.

In addition, various administrative costs of the Plan were paid by the Company.

These transactions are exempt party-in-interest transactions under Section 408 of ERISA statutes.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The shares of the Company common stock and money market fund are valued at fair value on December 31, 2014 and 2013. Fair value of the Company common stock and the money market fund is determined based on quoted market prices. See Note 4 for additional information.

Benefit Payments - Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Stock Distributions - The Plan allows for distributions of stock which are valued on the date the distribution was made.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 23, 2015, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Pan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Note 4 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2014

	Level 1
Money market fund - Northern Institutional Governmental Portfolio	$ 1,020
Company stock - XPO Logistics, Inc. Common Stock	31,232
Total	$ 32,252

Assets Measured at Fair Value on a Recurring Basis at December 31, 2013

	Level 1
Money market fund - Northern Institutional Governmental Portfolio	$ 4,440
Company stock - XPO Logistics, Inc. Common Stock	821,142
Total	$ 825,582

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2014 and 2013.
