Testa Produce, Inc. Profit-Sharing Plan and Trust

Notes to Financial Statements October 31, 2014 and 2013

Note 1 - Plan Description

The following description of Testa Produce, Inc. Profit-Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering employees of Testa Produce, Inc. (the "Company") who are 21 years of age, have completed four months of service, and are covered by the collective bargaining agreement (the "CBA") between the Company and International Brotherhood of Teamsters Local 703.

Effective February 3, 2014, the Plan was amended to allow eligible employees of Testa Properties, LLC, Capitol Wholesale Produce, and Testa Management to participate in the Plan.

On October 31, 2014, the Plan was amended and the requirement to be covered by the CBA in order to participate in the Plan was removed. All other eligibility requirements remained intact. Additionally, on October 31, 2014, the Testa Produce, Inc. 401(k) Plan for Salaried Employees (the "Salaried Plan"), a plan sponsored by the Company, was merged with the Plan. Accordingly, all assets of the Salaried Plan totaling \$1,728,855 were transferred into the Plan on this date.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee 401(k) deferral contributions up to a maximum of 60 percent of annual compensation. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan except for those designated as Roth contributions. The amount of a participant's contributions for any plan year may not exceed the applicable limits under the Internal Revenue Code.

Prior to February 1, 2014, the Company made nonelective employer contributions in accordance with provisions of the CBA. The CBA stated that all of the Company's union employees should be compared to one another to determine seniority. The most senior 50 percent of the union employees were entitled to receive a \$275 employer contribution each month. Once an employee had reached this status, it was permanent until his or her termination.

All union employees were entitled to receive an employer contribution equal to \$.50 per hour, excluding any overtime hours, not to exceed \$86.50 per month. Employees had the opportunity from December 27, 2009 through December 27, 2010 to elect to receive \$.25 of the \$.50 nonelective employer contribution as regular wages rather than as a contribution to the Plan. After December 27, 2010, the option to convert was no longer available. However, employees who originally elected the option may continue to receive that amount as regular wages.

Testa Produce, Inc. Profit-Sharing Plan and Trust

Notes to Financial Statements October 31, 2014 and 2013

Note 1 - Plan Description (Continued)

On February 1, 2014, the CBA was amended to suspend the Company's obligation to contribute to the Plan until certain profitability thresholds are met, upon which time the Company's nonelective contributions shall be reinstated.

On October 31, 2014, the Plan was amended to allow for discretionary matching contributions. No such contributions were made during 2014.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participant and employer nonelective contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

The Company's discretionary matching contributions, if any, vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	25
2	50
3	75
4	100

Forfeitures - If a participant is not fully vested on their termination date, the nonvested amount of the account is forfeited. Forfeitures are first used to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future employer contributions. At October 31, 2014, forfeited account balances totaled \$16,156, which were transferred to the Plan on October 31, 2014 as a result of the merger described above. There was no forfeiture account balances at October 31, 2013.

Benefit Payments - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. In-service withdrawals are allowed by the Plan if certain criteria are met, including the attainment of age 59 1/2.

Hardship Withdrawals - Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Testa Produce, Inc. Profit-Sharing Plan and Trust

Notes to Financial Statements October 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the plan sponsor. Loan terms range from one to five years. Loans for a principal residence may have loan terms of up to 10 years. Principal and interest are paid ratably through weekly payroll deductions.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value, based on quoted market values. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Testa Produce, Inc. Profit-Sharing Plan and Trust

Notes to Financial Statements October 31, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 27, 2015, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Investments that comprise a significant portion of end of year net assets are as follows:

	2014	2013
Mutual funds:		
BlackRock Equity Dividend	\$ 525,056	\$ 333,740
Fidelity Advisor Balanced	376,773	272,921
Fidelity Advisor Stock Selector Mid Cap	469,462	343,863
Fidelity Advisor Freedom 2040	606,708	298,147
Fidelity Advisor New Insights	685,049	408,325

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at October 31, 2014 and 2013.

Level I - Fair values determined by Level I inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Testa Produce, Inc. Profit-Sharing Plan and Trust

Notes to Financial Statements October 31, 2014 and 2013

Note 4 - Fair Value Measurements (Continued)

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Notes to Financial Statements October 31, 2014 and 2013

Note 4 - Fair Value Measurements (Continued)

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2014.

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan of Fidelity Management & Research Company, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

To the Plan Administrator and Management
Testa Produce, Inc. Profit-Sharing Plan and Trust

Dear Plan Administrator and Management:

We have audited the financial statements of Testa Produce, Inc. Profit-Sharing Plan and Trust (the "Plan") as of and for the year ended October 31, 2014 and have issued our report thereon dated July 27, 2015. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated May 26, 2015, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal control of Testa Produce, Inc. Profit-Sharing Plan and Trust. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters during March 2015.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Testa Produce, Inc. Profit-Sharing Plan and Trust are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year ended October 31, 2014.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant balances, amounts, or disclosures in the financial statements based on sensitive management estimates.

Management has informed us that in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 27, 2015.

July 27, 2015

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan’s financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan’s 5500 filing and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

This information is intended solely for the use of the plan administrator and management of Testa Produce, Inc. Profit-Sharing Plan and Trust and is not intended to be and should not be used by anyone other than these specified parties.
