NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The audited financial statements of Kaspar Wire Works, Inc. 401(k) Profit Sharing Plan (the Plan) are maintained on the accrual basis in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using this adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: The Plan's investments are primarily in mutual funds and a guaranteed interest contract. The carrying values of the mutual funds are the current market values (net asset value), as determined by quoted prices in an active market. Dividends are considered in the fair market value determination. The guaranteed interest contract is valued at contract value, which approximates fair value. Gains and losses (realized and unrealized) are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Participant' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not required at either year end. If a participant ceases to make a loan repayment and the Plan administrator deems the participant loan to in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefits are recorded when paid.

Sponsor: The Plan is sponsored by Kaspar Wire Works, Inc., for the benefit of its employees, and has been adopted by: Kaspar Die and Tool, Inc.; Kaspar Electroplating Corporation; Kaspar Properties, Inc.; Sho-Rack Service Center, Inc., Sho-Rack Service Center West, Inc.; Sho-Rack Service Center Southeast, Inc.; Kaspar Ranch Hand Equipment, LLC.; Ranch Hand Distribution, LLC; Kaspar Texas Traditions, Kaspar Land Traditions, LP; Texas Precious Metals LLC; PM Web Assets LLC, and Kaselco, LLC (effective October 1, 2010). Collectively, the sponsor and adopting employers are referred to as the "Company" or "Employer".

New Accounting Pronouncements: Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact to its financial position or results of operations in future periods.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Concentration of Credit Risks: Concentration of credit risk with respect to investments is reduced as a result of the diversity of the underlying investments.

NOTE B - PLAN DESCRIPTION

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Kaspar Wire Works, Inc. 401(k) Profit Sharing Plan is a defined contribution plan, established January 1, 1986, covering virtually all employees who have six months of service with the Company. The Plan is for the exclusive benefit of participants and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100% vested in their accounts. See *Vesting* below.

Contributions: Participants may contribute up to 90% of their pretax annual compensation, subject to certain limitations of the Internal Revenue Code. The employer may contribute to the Plan each year a discretionary amount, which is allocated to all employees who participated in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans.

Vesting: Participants are one hundred percent (100%) vested at all times in both their contributions and the employer's voluntary contributions.

Eligibility: Employees of the Sponsor and covered companies are eligible to participate in the Plan following 500 hours of service and six months of employment.

Participant Accounts: Each participant's account is credited with their contribution and allocations of a) the Plan Sponsor contributions, b) Plan earnings, and c) charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Upon enrollment in the Plan, a participant may change their investment option daily and direct employee contributions in 1% increments in several investment options.

Participants' Notes Receivable: Participants may borrow from their account a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Interest rates are established by the Plan Sponsor. Principal and interest is repaid by payroll deduction.

Payment of Benefits: Payment of the vested account balance will begin no later than the sixtieth day after the end of the year during which the participant reaches normal retirement age, dies or terminates employment, whichever is later. If the total vested account balance is less than $5,000, the participant will receive a single lump sum payment. If the vested account balance is equal to or greater than $5,000, various payment options are available and are described more fully in the Plan agreement. Hardship withdrawals are available to the plan participants upon approval by the Plan Committee. At December 31, 2014 and 2013, there were no vested benefits allocated to participants who had withdrawn from participation.

NOTE C - TRANSACTIONS WITH PARTIES-IN-INTEREST

Fees paid during the year for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services, and have been paid by the Plan Sponsor.

NOTE D - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Total investments at fair value	$ 12,487,034	$ 2,759,938	$ -	$ 15,246,972

There have been no changes in methodologies used during 2014 and 2013. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan.

Personal Choice Retirement Account: Consists primarily of mutual funds valued at NAV.

Guaranteed Interest Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E – GUARANTEED INTEREST CONTRACT

The Plan holds a benefit-responsive guaranteed interest contract (Key Guaranteed Portfolio Fund) in its investment portfolio with Great-West. Great-West maintains the Plan contributions in this investment in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

The guaranteed interest contract is presented on the statements of net assets available for benefits at contract value, which approximated fair value. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

NOTE E – GUARANTEED INTEREST CONTRACT - continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was 1.20% for 2014 and 1.15% in 2013. The actual average yield was 1.25% for 2014 and 1.20% in 2013. The interest crediting rate is reset by Great-West quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) full or partial plan termination, (2) insolvency of the plan sponsor or (3) aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of the contract year. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE F - INCOME TAX STATUS

The Plan is a proto-type standardized profit sharing plan developed by Great-West Trust Company. The proto-type standardized profit sharing plan has received a favorable opinion letter from the Internal Revenue Service. Although the plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the plan is qualified for tax exempt status. The Plan is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE G – INVESTMENTS *(Unaudited)*
