Independent Auditor's Report

To the Board of Trustees
Liberty Safe 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statements of the **Liberty Safe 401(k) Plan** (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Life and Annuity Insurance Company and John Hancock Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and the supplemental Schedule H, Line 4a- Schedule of Delinquent Participant Contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not express an opinion on, the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIBERTY SAFE 401(k) PLAN
Notes to Financial Statements
For the Years Ended December 31, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The policy of the **Liberty Safe 401(k) Plan** (the "Plan") is to prepare its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under such a modified cash basis, financial statements are prepared on the basis of cash receipts and disbursements, except that investments are accounted for at fair value as prescribed or permitted by the Department of Labor. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements using the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

Contributions are invested by the trustee as directed by the participants. The Plan's investments are stated at fair value. Investments in mutual funds are stated at fair value based on the number of units of the fund held by the Plan and the market value as determined by published market quotations. Changes in fair value during the year are included in the statement of changes in assets available for benefits. Mutual fund transactions are recorded on the trade date basis, which basis is used to compute gains and losses on participants' mutual funds. Interest and dividends are recorded when received.

There have been no changes in the valuation methodologies used at December 31, 2013. Purchases and sales of investments are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation/(depreciation) for each year represents the difference between the carrying value (the prior year ending fair value or cost if the investment was purchased during the year) and the current fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2014 and 2013, the Plan had no obligation to participants who have elected to withdraw from participation in the Plan.

Plan Expenses

The Plan Sponsor, at its option, has elected to bear certain administrative expenses of the plan.

2. DESCRIPTION OF THE PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of Liberty Safe & Security Products, Inc. (the "Plan Sponsor") with retirement benefits in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, employees may elect to make before-tax salary reduction contributions. The intent of the plan is that the employees are not taxed on the income, Plan Sponsor contributions, or employee contributions under Section 401(k) pursuant to the provision of the Internal Revenue Code, until such time as distributions are received from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan. Administration of the Plan is performed by the Plan Sponsor. Great-West Life and Annuity Insurance Company and John Hancock Life Insurance Company (the "Trustees") served as the third-party plan administrator and custodian. In September 2013, the Plan changed trustees from John Hancock Life Insurance Company to Great-West Life and Annuity Insurance Company.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation as defined by the Plan, subject to annual individual deferral limitations under the Internal Revenue Code (the "Code"). The Plan provides for the Plan Sponsor to make contributions as elected by the Plan Sponsor and announced prior to the beginning of the plan year. The Plan Sponsor will make contributions of 50% of the first 6% of participant's compensation contributed to the Plan by the participant.

Participant Accounts

The Plan provides for the distribution of benefits upon retirement, death, at age 59-1/2, termination of service, or financial hardship (as defined by the Internal Revenue Code.) Accounts are credited regularly with the Plan's investments gains or losses, which are based upon the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

2. DESCRIPTION OF THE PLAN (Continued)

Eligibility

Employees of the Plan Sponsor who have completed six months of service and are at least 21 years of age are eligible to be participants in the Plan.

Vesting

Employee contributions and the related earnings thereon are fully vested. Vesting in the Plan Sponsor contributions is based on years of continuous service as follows:

<u>Years of vesting service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become 100% vested in profit sharing contributions upon death, disability as defined by the Plan, normal retirement (65), or termination of the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments listed in the accompanying supplemental schedule of assets. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to 50% of an individual participant's vested account balance, not to exceed \$50,000. These loans are secured by the balance in the participants' accounts and bear interest as determined by the Plan Sponsor. For the plan years ended December 31, 2014 and 2013, the interest rate on all outstanding loans was 4.25%. Principal and interest is paid ratably through payroll deductions over a maximum of 5 years, unless the loan is taken for the purchase of a primary residence, then the maximum is 10 years.

Benefit Payments

Payment of benefits of a participant's account balance are made upon retirement or at age 59-1/2, except in the event of death, disability, or termination. The amount of withdrawal and forfeiture is made in accordance with the Plan's vesting schedule. Subject to the provisions of the Plan, a participant may elect to receive any amount to which he or she is entitled under the Plan in the form of a lump sum, single life annuity, joint and survivor annuity, or in periodic payments distributed on a monthly, quarterly, semi-annual, or annual basis.

For the Years Ended December 31, 2014 and 2013

2. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2014 and 2013, forfeited non-vested accounts totaled **\$407** and \$1,050, respectively. These accounts will be used to reduce future employer contributions. During the years ended December 31, 2014 and 2013, employer contributions were reduced by forfeited non-vested accounts of **\$15,380** and \$0, respectively.

Plan Termination

Although it has not expressed the intent to do so, the Plan Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their account balances

3. TAX STATUS

The Plan obtained its latest opinion letter on August 21, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's form 5500 remains open to examination for three years from the date filed.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (Continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. INVESTMENTS

The following table presents investments at December 31, 2014 and 2013 that represent 5% or more of the Plan's net assets:

Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. INVESTMENTS (Continued)

Fair Value Measurements (Continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of investments measured on a recurring basis at December 31, 2014 and 2013 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2014</u>				
Mutual funds	\$ 4,597,623	\$ 4,597,623	\$ -	\$ -
Guaranteed accounts	623,023	-	623,023	-
Total	\$ 5,220,646	\$ 4,597,623	\$ 623,023	\$ -
<u>December 31, 2013</u>				
Mutual Funds	\$ 4,149,138	\$ 4,149,138	\$ -	\$ -
Guaranteed accounts	372,726	-	372,726	-
Total	\$ 4,521,864	\$ 4,149,138	\$ 372,726	\$ -

6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2013, the Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). Great-West maintains the contributions in a general account, The Key Guaranteed Portfolio Fund. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Notes to Financial Statements
For the Years Ended December 31, 2014 and 2013

6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually, fair value of the investment contract, prior to contract termination, equals the contract value. Because fair value is equal to contract value, there is no adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract and transfers in, plus interest, less participant withdrawals, transfers out, and premium taxes, if applicable. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was **\$623,023** and \$372,726, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the issuer to transact at other than contract value. The guaranteed investment contract does not describe any events that would permit the insurance company to terminate the agreement.

This Group Annuity Contract may be amended at any time without consent of the Group Contract holder (the Plan) or any participant or other person as necessary to conform it to changes in tax or other law, including applicable regulations and rulings. Great-West will provide notice and a copy of the amendment to the Group Contract holder prior to the date such modification becomes effective.

Any other modification to this Group Annuity Contract may be made only by written agreement between Great-West and the Group Contract holder subject to the approval of the appropriate state department of insurance, if applicable. No such modification will, without the written consent of the Group Contract holder, affect the terms, provisions, or conditions of this Group Annuity Contract, which are or may be applicable to contributions paid in respect of participants prior to the date of such modification.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2014 and 2013 is **1.25%** and 1.26%, respectively.

The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. That average for 2014 and 2013 is **1.25%** and 1.28%, respectively.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2013, John Hancock investment funds were managed by John Hancock Life Insurance Company, a trustee of the Plan, and therefore qualified as party-in-interest transactions. As of December 31, 2014 and 2013, the investment contract is managed by Great-West, the trustee of the Plan, and therefore qualifies as a party-in-interest transaction. Participant loans are also party-in-interest transactions. The Plan Sponsor pays the administrative fees for the Plan. The Plan Sponsor also provided accounting services at no cost to the Plan for the years ended December 31, 2014 and 2013. The Plan Sponsor is a party-in-interest.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation available for benefits.

10 SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 31, 2015, which is the date the financial statements were available to be issued. No events have occurred subsequent to December 31, 2014 that would require additional recording or disclosure in these financial statements.

Independent Auditor's Report

To the Board of Trustees
Liberty Safe 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statements of the **Liberty Safe 401(k) Plan** (the "Plan"), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Life and Annuity Insurance Company and John Hancock Life Insurance Company, the trustees of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and the supplemental Schedule H, Line 4a- Schedule of Delinquent Participant Contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to, and we do not express an opinion on, the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
For the Years Ended December 31, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The policy of the **Liberty Safe 401(k) Plan** (the "Plan") is to prepare its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under such a modified cash basis, financial statements are prepared on the basis of cash receipts and disbursements, except that investments are accounted for at fair value as prescribed or permitted by the Department of Labor. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to be a presentation in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements using the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Revenue Recognition

Contributions are invested by the trustee as directed by the participants. The Plan's investments are stated at fair value. Investments in mutual funds are stated at fair value based on the number of units of the fund held by the Plan and the market value as determined by published market quotations. Changes in fair value during the year are included in the statement of changes in assets available for benefits. Mutual fund transactions are recorded on the trade date basis, which basis is used to compute gains and losses on participants' mutual funds. Interest and dividends are recorded when received.

There have been no changes in the valuation methodologies used at December 31, 2013. Purchases and sales of investments are recorded on a settlement-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net unrealized appreciation/(depreciation) for each year represents the difference between the carrying value (the prior year ending fair value or cost if the investment was purchased during the year) and the current fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2014 and 2013, the Plan had no obligation to participants who have elected to withdraw from participation in the Plan.

Plan Expenses

The Plan Sponsor, at its option, has elected to bear certain administrative expenses of the plan.

2. DESCRIPTION OF THE PLAN

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide employees of Liberty Safe & Security Products, Inc. (the "Plan Sponsor") with retirement benefits in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, employees may elect to make before-tax salary reduction contributions. The intent of the plan is that the employees are not taxed on the income, Plan Sponsor contributions, or employee contributions under Section 401(k) pursuant to the provision of the Internal Revenue Code, until such time as distributions are received from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Trustees is responsible for oversight of the Plan. Administration of the Plan is performed by the Plan Sponsor. Great-West Life and Annuity Insurance Company and John Hancock Life Insurance Company (the "Trustees") served as the third-party plan administrator and custodian. In September 2013, the Plan changed trustees from John Hancock Life Insurance Company to Great-West Life and Annuity Insurance Company.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation as defined by the Plan, subject to annual individual deferral limitations under the Internal Revenue Code (the "Code"). The Plan provides for the Plan Sponsor to make contributions as elected by the Plan Sponsor and announced prior to the beginning of the plan year. The Plan Sponsor will make contributions of 50% of the first 6% of participant's compensation contributed to the Plan by the participant.

Participant Accounts

The Plan provides for the distribution of benefits upon retirement, death, at age 59-1/2, termination of service, or financial hardship (as defined by the Internal Revenue Code.) Accounts are credited regularly with the Plan's investments gains or losses, which are based upon the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

2. DESCRIPTION OF THE PLAN (Continued)

Eligibility

Employees of the Plan Sponsor who have completed six months of service and are at least 21 years of age are eligible to be participants in the Plan.

Vesting

Employee contributions and the related earnings thereon are fully vested. Vesting in the Plan Sponsor contributions is based on years of continuous service as follows:

<u>Years of vesting service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become 100% vested in profit sharing contributions upon death, disability as defined by the Plan, normal retirement (65), or termination of the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments listed in the accompanying supplemental schedule of assets. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to 50% of an individual participant's vested account balance, not to exceed \$50,000. These loans are secured by the balance in the participants' accounts and bear interest as determined by the Plan Sponsor. For the plan years ended December 31, 2014 and 2013, the interest rate on all outstanding loans was 4.25%. Principal and interest is paid ratably through payroll deductions over a maximum of 5 years, unless the loan is taken for the purchase of a primary residence, then the maximum is 10 years.

Benefit Payments

Payment of benefits of a participant's account balance are made upon retirement or at age 59-1/2, except in the event of death, disability, or termination. The amount of withdrawal and forfeiture is made in accordance with the Plan's vesting schedule. Subject to the provisions of the Plan, a participant may elect to receive any amount to which he or she is entitled under the Plan in the form of a lump sum, single life annuity, joint and survivor annuity, or in periodic payments distributed on a monthly, quarterly, semi-annual, or annual basis.

2. DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2014 and 2013, forfeited non-vested accounts totaled **\$407** and \$1,050, respectively. These accounts will be used to reduce future employer contributions. During the years ended December 31, 2014 and 2013, employer contributions were reduced by forfeited non-vested accounts of **\$15,380** and \$0, respectively.

Plan Termination

Although it has not expressed the intent to do so, the Plan Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their account balances

3. TAX STATUS

The Plan obtained its latest opinion letter on August 21, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan's form 5500 remains open to examination for three years from the date filed.

4. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly the Trustees have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. INVESTMENTS

The following table presents investments at December 31, 2014 and 2013 that represent 5% or more of the Plan's net assets:

Fair Value Measurements

FASB ASC 820 *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. INVESTMENTS (Continued)

Fair Value Measurements (Continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair value methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of investments measured on a recurring basis at December 31, 2014 and 2013 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2014</u>				
Mutual funds	\$ 4,597,623	\$ 4,597,623	\$ -	\$ -
Guaranteed accounts	623,023	-	623,023	-

6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2013, the Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company ("Great-West"). Great-West maintains the contributions in a general account, The Key Guaranteed Portfolio Fund. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

6. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value using a discounted cash flow valuation methodology where the interest rate for this portfolio investment contract is reset at least as frequently as annually, fair value of the investment contract, prior to contract termination, equals the contract value. Because fair value is equal to contract value, there is no adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract and transfers in, plus interest, less participant withdrawals, transfers out, and premium taxes, if applicable. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was **\$623,023** and \$372,726, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the issuer to transact at other than contract value. The guaranteed investment contract does not describe any events that would permit the insurance company to terminate the agreement.

This Group Annuity Contract may be amended at any time without consent of the Group Contract holder (the Plan) or any participant or other person as necessary to conform it to changes in tax or other law, including applicable regulations and rulings. Great-West will provide notice and a copy of the amendment to the Group Contract holder prior to the date such modification becomes effective.

Any other modification to this Group Annuity Contract may be made only by written agreement between Great-West and the Group Contract holder subject to the approval of the appropriate state department of insurance, if applicable. No such modification will, without the written consent of the Group Contract holder, affect the terms, provisions, or conditions of this Group Annuity Contract, which are or may be applicable to contributions paid in respect of participants prior to the date of such modification.

The average yield earned by the Plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2014 and 2013 is **1.25%** and 1.26%, respectively.

The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the Plan's quarterly interest rates. That average for 2014 and 2013 is **1.25%** and 1.28%, respectively.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2013, John Hancock investment funds were managed by John Hancock Life Insurance Company, a trustee of the Plan, and therefore qualified as party-in-interest transactions. As of December 31, 2014 and 2013, the investment contract is managed by Great-West, the trustee of the Plan, and therefore qualifies as a party-in-interest transaction. Participant loans are also party-in-interest transactions. The Plan Sponsor pays the administrative fees for the Plan. The Plan Sponsor also provided accounting services at no cost to the Plan for the years ended December 31, 2014 and 2013. The Plan Sponsor is a party-in-interest.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation available for benefits.

10 SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 31, 2015, which is the date the financial statements were available to be issued. No events have occurred subsequent to December 31, 2014 that would require additional recording or disclosure in these financial statements.
