The Board of Directors of the Company controls and manages the operations and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   The Board of Directors of the Plan Sponsor made the decision to terminate the Plan effective May 31, 2014 (see Note H). The Plan Sponsor made contributions to fully fund the Plan and satisfy all benefit liabilities. All Plan assets were distributed as of December 31, 2014.

2. Contributions: The Company's funding policy is to make annual funding contributions in amounts at least equal to the minimum funding requirements of ERISA. The Company's contribution was $8,656 and $1,592,058 for the periods ended December 31, 2014 and May 31, 2014, respectively.

3. Participation Requirements: Effective June 1, 2005, the Company adopted an amendment to cease additional benefit accruals under the Plan, limit participation to persons with a participation date on or before May 31, 2005 and to provide that no other persons shall become eligible to participate in the Plan. After May 31, 2005, all benefit accruals under the Plan were frozen and all Plan participants became 100% vested. This freeze does not affect benefits accrued through May 31, 2005; however no additional benefits will accrue on or after May 31, 2005.

4. Credited Service: Participants are credited, for vesting purposes, with one year of service during a Plan year in which an employee performs at least 1,000 hours of service. Participants are credited with a half year of service for each Plan year with 500 hours of service.

5. Normal Retirement Benefits: Salaried, office or clerical employees with five or more years of service are entitled to annual pension benefits beginning at retirement age (65) equal to .6% times the average earnings (as defined in the Plan document) times credited service (35 years maximum) plus .6% times average earnings in excess of the participant's social security covered compensation in effect on the first day of the plan year in which separation from service occurs times credited service (35 years maximum), plus 1.2% times average earnings times credited service (if any) in excess of 35 years. Hourly participants are entitled to monthly pension benefits beginning at normal retirement age (65) equal to twelve dollars multiplied by their years of credited service for participants retiring prior to January 1, 2000. Hourly employees retiring after January 1, 2000, are entitled to a monthly pension benefit equal to fourteen dollars multiplied by their years of credited service. No further benefits will accrue under the Plan after June 1, 2005.

6. Early Retirement Benefits: The Plan permits early retirement at age 55 provided the participant has ten years of service. Participants may elect an immediate monthly retirement benefit equal to the accrued benefit reduced 1/180th for each of the first 60 months and 1/360th for each additional month by which the retirement date precedes the normal retirement date. If a participant terminates before rendering five years of service, they forfeit the right to receive the portion of accumulated plan benefits attributable to the Company's contributions.

Note A - Description of Plan (Continued)

7. Disability Retirement Benefits: If a participant becomes totally and permanently disabled, the participant will be entitled to retire and receive monthly benefits, the amount and timing of which is coordinated with social security and Company disability benefits.

8. Death Benefits: If a participant dies after completing five years of service and is survived by a spouse, the spouse will receive a monthly benefit payment equal to the benefit payment that would have been payable had the participant retired early and elected the joint and 50% survivor method of payment.

9. Deferred Vested Benefits: If a participant terminates, the participant is entitled to a deferred benefit payable at age 65 equal to the participant's vested benefit. In the event the participant dies prior to benefit commencement, the spouse will be entitled to receive a death benefit.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC"), as produced by the Financial Accounting Standards Board ("FASB"), is the sole source of authoritative U.S. GAAP. In accordance with U.S. GAAP, the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis for periods after May 31, 2014 due to the Plan termination previously noted. The liquidation basis of accounting presents assets at amounts expected to be realized in liquidation and liabilities at amounts expected to be paid. At December 31, 2014 and May 31, 2014, there were no material differences between amounts presented on the liquidation basis and those that would have been presented on the ongoing plan basis.

2. Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Payment of Benefits: Benefits are recorded when paid.

5. Trustee: PNC Bank, the trustee of the Plan, holds substantially all of the Plan's assets and executes transactions therein.

6. Funding Policy: The Company's contributions to the Plan are determined by the Plan's independent actuary. The Plan meets ERISA's minimum funding requirements.

Note B - Summary of Significant Accounting Policies (Continued)

7. Administrative Expenses: Administrative expenses of the Plan are paid by the Plan, as provided in the Plan document. The Company provides accounting and other administrative services to the Plan at no charge. During the periods ended December 31, 2014 and May 31, 2014, Plan administrative expenses totaled $64,967 and $110,221, respectively. Included in Plan administrative expenses were premiums paid to the Pension Benefit Guaranty Corporation ("PBGC") totaling $0 and $24,544, respectively.

8. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date the financial statements were available to be issued.

Note C - Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC Bank, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reflected in the accompanying Statements of Net Assets in Liquidation Available for Benefits, Statements of Changes in Net Assets in Liquidation Available for Benefits, and Schedule of Reportable Transactions as of and for the periods ended December 31, 2014 and May 31, 2014.

Note D - Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits at May 31, 2014:

Blackrock Liquidity Fund	$ 2,992,751
T. Rowe Price Value Fund	423,131
T. Rowe Price Growth Stock Fund	397,949

For the periods ended December 31, 2014 and May 31, 2014, the Plan's investment in mutual funds, including investments bought, sold and held during the period, appreciated in value $422 and $397,297, respectively.

Note E - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at May 31, 2014.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at May 31, 2014:

	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 2,992,751	$ -	$ -	$ 2,992,751
Mutual Funds:				
Large cap	821,080	-	-	821,080
Mid cap	83,745	-	-	83,745
Small cap	27,579	-	-	27,579
International	128,357	-	-	128,357
Fixed income	532,410	-	-	532,410
	$ 4,585,922	$ -	$ -	$ 4,585,922

Note F - Related Party Transactions

Parties-in-interest include PNC Bank, the trustee; Bryan, Pendleton, Swats & McAllister, LLC, Plan actuary; Wells Fargo Advisors, Plan insurance provider and Frost Brown Todd LLC, Plan legal counsel. Fees paid during the periods ended December 31, 2104 and May 31, 2014, respectively, are as follows:

	Period Ended	
	December 31, 2014	May 31, 2014
PNC Bank	$ 10,078	$ 36,767
Bryan, Pendleton, Swats & McAllister	28,954	39,635
Frost Brown Todd LLC	15,935	-
Wells Fargo Advisors	10,000	-

Note G - Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 7, 2012, that the Plan and related trust as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note H - Plan Termination

The Board of Directors of the Plan Sponsor voted to terminate the Plan effective May 31, 2014. Benefit accruals had already ceased and Plan participants were already 100% vested due to the June 1, 2005 Plan amendment. Therefore, the Plan's termination will have no impact on future benefits. The Company made contributions to the Plan in order for the Plan assets to be sufficient to provide all Plan benefits. All participant accounts were distributed and the Plan was fully liquidated at December 31, 2014.

Plan participants with a termination benefit exceeding $5,000 had an election to receive the termination benefit between (1) a cash lump sum distribution, (2) a rollover of the lump sum distribution to an IRA or another eligible retirement plan or (3) an annuity which will provide either immediate monthly payments or deferred that later allow the participant to elect among any of the payment options that would have been available under the Plan if it had not been terminated.

Plan participants with a termination benefit of $5,000 or less and currently not receiving a monthly benefit had an election to receive the termination benefit between (1) a cash lump sum distribution or (2) a rollover of the lump sum distribution to an IRA or another eligible retirement plan.

Note H - Plan Termination (Continued)

Retirees or beneficiaries already receiving benefits had an election to receive the termination benefit between (1) a cash lump sum distribution of the remaining monthly payments, (2) a rollover of the lump sum to an IRA or (3) continuing to receive the monthly amount of benefits currently being received by payments from an insurance carrier.

After Plan assets have been distributed to provide all benefit liabilities with respect to Plan participants, whether through the purchase of an annuity or by an alternative form of distribution permitted under the Plan, the guarantee of benefit of Plan participants by the Pension Benefit Guaranty Corporation ends.
