NOTES TO FINANCIAL STATEMENTS
MODIFIED CASH BASIS
FOR THE YEAR ENDED DECEMBER 31, 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Bynum Transport, Inc. 401(k) Plan (the Plan) provides only general information. Readers should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Bynum Transport, Inc. (the Company). The Plan was adopted and effective on July 1, 1996 and has since been amended to remain in compliance with laws and regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees over age 18 are eligible for employee salary deferral contributions upon completion of six months of service, as defined in the plan document. Eligible employees enter the Plan on a quarterly basis.

Employee Contributions - Participants may contribute to the Plan, at their discretion, up to 15% of their annual pre-tax wages, as defined in the Plan, not to exceed $17,500 and $17,000 for the years ended December 31, 2013 and 2012, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers fourteen mutual fund accounts and one insurance investment contract as investment options for participants. Catch-up contributions, as defined in the Plan, are permitted and not to exceed $23,000 and $22,500 for the years ended December 31, 2013 and 2012, respectively.

Employer Contributions - The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. The matching Company contribution is directed by the participants.

Participant Accounts - Each participant's account is credited with the participant's voluntary contribution and allocations of the Company's contribution, Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period no longer than life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting - Participants are immediately vested in their elective deferral contributions, qualified matching contributions, and qualified nonelective contributions as defined in the Plan. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of vesting service. A year of vesting service is a vesting service period in which the employee has at least 1000 hours of service.

Years of Vesting Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The vesting percentage for participants who are employees when they reach normal retirement age or early retirement age or death or total disability is 100%.

Hardship Withdrawals – Withdrawal of a portion of a participant's account will be permitted due to an immediate and heavy financial need, if it meets IRS requirements.

Forfeitures – At December 31, 2013 and 2012, forfeited nonvested accounts totaled $0 and $9, respectively. Forfeitures of unvested Company matching contributions plus earnings thereon from terminated participant accounts can be used to offset future Company matching contributions or to pay Plan administration expenses. During the year ended December 31, 2013, employer contributions were offset by forfeitures of $1,710.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting. Cash basis statements that adjust securities investments to fair value are considered to be on the modified cash basis of accounting. Consequently, certain revenues and expenses are recognized in the determination of income in different reporting periods than they would be if the financial statements were prepared in conformity with generally accepted accounting principles.

Estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent events – The Plan evaluated subsequent events through July 31, 2015, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between willing market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Expenses of maintaining the plan are paid partially by the Company and partially by the participants.

NOTE 3 - INVESTMENTS

The Plan's investments are held by a custodian, Principal Life Insurance Company, and are recorded at fair value. Information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Principal Life Insurance Company.

The following presents investments that represent 5% or more of the Plan's net assets.

	2013	2012
INVESTMENTS, at fair value:		
Principal Money Market Separate Account	$ 376,420	$ 347,210
Principal Bond & Mortgage Separate Account	51,090	47,724
Principal LargeCap S&P 500 Index Separate Account	163,461	120,814
Principal SmallCap Blend Separate Account	91,527	68,140
Principal International Emerging Markets Separate Account	103,074	114,187
Principal MidCap Value III Separate Account	53,774	--
NET APPRECIATION (DEPRECIATION) IN FAIR VALUE OF PRINCIPAL POOLED SEPARATE ACCOUNTS	$ 94,812	$ 62,566

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1996, the Plan entered into an investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported by the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2013 and 2012 was $18,879 and $32,966, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5– FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology are observable market-based inputs or unobservable inputs corroborated by market data.
- Level 3 - Inputs to the valuation methodology are unobservable inputs reflecting the reporting entity's own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as December 31, 2013 and 2012.

NOTE 5– FAIR VALUE MEASUREMENT (CONTINUED)

- **Investment contracts** are valued at discontinuance value which is the amount the plan participant will receive if they transfer or surrender their funds out of the investment contract.

- **Separate accounts** are valued at net asset value (NAV) which is not publicly quoted provided the Plan has the ability to redeem the investment for the NAV at the measurement date.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Financial Group. Principal Financial Group is the insurance carrier as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $2,502 for the year ended December 31, 2013.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated March 31, 2008 that the Prototype Non-standardized Profit Sharing Plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's sponsor believe that the Plan is designed and has been and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. The Plan's annual returns are subject to possible examination by the taxing authorities. For federal income tax purposes the annual returns essentially remain open for possible examination for a period of three years from the latter of the respective filing deadline or dates filed of those returns.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
