Required Communications

Area	Comments
The Respective Responsibilities of the Auditor and Management	Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated February 12, 2015. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.
Other Information in Documents Containing Audited Financial Statements	Our responsibility for other information in documents containing the Plan's financial statements is to read the information and consider whether its content or the manner of its presentation is materially inconsistent with the financial information covered by our auditor's report thereon or whether it contains a material misstatement. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements. With respect to the supplemental schedules accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine the information complies with the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing them had not changed from the prior year, and the information is appropriate and complete in relation to the financial statements as a whole. We compared and reconciled the supplemental schedules to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.
Overview of the Planned Scope and Timing of the Financial Statement Audit	We have issued a separate communication dated July 24, 2015 regarding the planned scope and timing of our audit and have discussed with you our identification of and planned audit response to significant risks of material misstatement.

Area	Comments
Significant Accounting Practices, Including Policies, Estimates, and Disclosures	*Adoption of, or Change in, Accounting Policies* Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current year. *Significant or Unusual Transactions* We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus. *Management's Judgments and Accounting Estimates* Summary information about the process used by management in formulating particularly sensitive accounting estimates and about our conclusions regarding the reasonableness of those estimates is summarized below: • Fair value of investments: see note 5 to the financial statements for a detailed description of the valuation of investments
Uncorrected and Corrected Misstatements	For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those we believe are trivial, and communicate them to the appropriate level of management. We did not note any uncorrected misstatements during our audit. In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The attached schedule summarizes material misstatements we identified as a result of our audit procedures that were brought to the attention of,

Area	Comments
	and corrected by, management. These misstatements adjusted the financial statements from the cash basis to the accrual basis.
Internal Control Matters	A summary of certain deficiencies in internal control that we identified during the planning or performance of our audit of the financial statements is attached to this letter.
Consultation With Other Accountants	We are not aware of any consultations management had with other accountants about accounting or auditing matters.
Other Matters	Effective January 1, 2014, the Plan changed its custodian from State Street Bank and Trust Company to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and the Plan recordkeeper from ADP to Loren D. Stark Company, Inc. All investments were transferred as of January 3, 2014 and all loans were transferred as of January 22, 2014.
Management Representations	Attached is a copy of the management representation letter.

Material Financial Misstatements Corrected By Management

Description	Effect – Increase (Decrease)				
	Assets	Liabilities	Net Assets	Additions	Deductions
Employer contributions receivable	$ 272,587	$ -	$ 272,587	$ 272,587	$ -
Employee contributions receivable	44,763	-	44,763	44,763	-
Total effect	$ 317,350	$ -	$ 317,350	$ 317,350	$ -

Internal Control Matters

Our audit was performed in accordance with auditing standards generally accepted in the United States of America, except that we did not perform any of the normal auditing procedures on asset information certified or provided by the custodian under Section 2520.103-8 of the DOL's Rules and Regulations. In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2014, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

Calculation of Employer Matching Contributions

Observation

The Plan sponsor did not provide a proper employer match for 1 participant out of a sample of 25 due to the system incorrectly coding the individual as terminated.

Recommendation

We recommend the Plan sponsor review the employer match calculation to verify that the total number of individuals eligible for the match at year-end received the match. Additional review was performed by the Benefits Administrator subsequent to year-end and corrective contributions were made.

Withholding of Loan Payments

Observation

We noted one instance out of a sample of five, where the Company failed to start withholding loan payments from a participant for approximately six months. Compensating controls helped the Company to correct this error and began withholding loan payments within the required time period.

Recommendation

We recommend management review new loan alerts more closely to verify that there is not a failure to initiate loan payments.

Timely Remittances of Contributions

Observation

Out of a sample of 12, we noted 1 instance of late remittance of employee contributions withheld during 2014. Additionally, employee contributions were not remitted for the February 14, 2014 paycheck date.

Recommendation

We recommend Plan management take action to ensure participants' contributions are remitted timely, consistently, and in compliance with DOL guidelines. Failure to remit or untimely remittance of participant contributions may constitute a prohibited transaction (either a use of plan assets for the benefit of the employer or a prohibited extension of credit) and, in certain circumstances, may constitute embezzlement of plan assets. As a Plan sponsor, the Company is required to disclose on Form 5500 whether it deposited the participant contributions on time. In addition, the Company may be required to pay an excise tax to the Internal Revenue Service for failing to remit these contributions on time. Therefore, it is very important the Company establish procedures to ensure participant contributions are remitted to the Plan as soon as possible.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A deficiency in design exists when a control necessary to meet the control objective is missing, or when an existing control is not properly designed so that even if the control operates as designed, the control objective is not always met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or qualifications to perform the control effectively. Following are descriptions of other identified control deficiencies that we determined did not constitute significant deficiencies or material weaknesses.

Personnel Files

Observation

Of the 25 personnel files reviewed, 8 listed incorrect hire dates on their I-9 forms.

Recommendation

We recommend I-9 forms be reviewed for completeness and accuracy so that personnel information matches what is included in the Company's payroll system.
