NOTE A - DESCRIPTION OF THE PLAN

The following description of the Upstaging, Inc. 401(k) Savings Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution and 401(k) plan covering eligible employees of Upstaging, Inc. (the Company). Employees are eligible to contribute to the Plan on the first day of the month upon attaining age 18 and upon completion of 30 days of service from employment commencement date. Participants are eligible for discretionary Company matching contributions upon completion of 30 days of service and being employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued discretionary matching contributions of $116,793 to the Plan for the year ended December 31, 2014.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service withdrawals are permitted upon attainment of age 59 1/2. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25% to 10.00%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $2,903 for the year ended December 31, 2014.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company for the year ended December 31, 2014 were insignificant. From time to time, the Plan Sponsor may incur additional Plan expenses at their discretion.

9. Forfeitures

At December 31, 2014 and 2013, unallocated plan assets resulting from forfeited nonvested accounts were approximately $2,000 and $400, respectively. These accounts will be used to reduce future discretionary Company contributions or pay the Plan's administrative expenses. No forfeitures were used to reduce the Company's discretionary matching contributions during 2014.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013.

The Plan held shares of interests in a common/collective trust fund with Bank of America, N.A. at December 31, 2014 and 2013. There were no unfunded commitments and no redemption limitation or notice periods.

The common/collective trust fund invests primarily in a diversified portfolio of bonds backed by the U.S. government, its agencies, instrumentalities and enterprises backed by investment contracts.

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2014 and 2013, net appreciation in the fair value of investments, and interest and dividends for the year ended December 31, 2014, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Bank of America, N.A., the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

The following table presents the fair value of the investments and notes receivable from participants in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of December 31, 2014 and/or 2013 are separately identified.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Bank of America, N.A. Bank of America, N.A. is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and net increase in net assets available for benefits from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the timing of deemed distributions varies between the financial statements and the Form 5500. The financial statements are required to be prepared in accordance with accounting principles generally accepted in the United States of America, whereas, the Form 5500 is required to be prepared in accordance with IRS guidelines.
