Notes to financial statements

December 31, 2014 and 2013

A - DESCRIPTION OF THE PLAN

The Fellers Company 401(k) Plan (the Plan) is an Internal Revenue Code (IRC) 401(k) defined contribution plan which was adopted as of January 1, 2002. The Plan covers all eligible hourly and salary employees of Fellers, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Employees become eligible to participate in the Plan upon completion of at least one hour of service within a 90 day time period following the employee's commencement date. Employees may begin participating in the Plan on the first day of the month immediately following or coincident with the first day the employee meets the service requirement.

The Plan is administered by Fellers, Inc. (the Company), asset custodian and recordkeeper. The asset custodian changed from State Street Bank and Trust Company to Charles Schwab in June 2014. Massachusetts Mutual Life Insurance Company (MassMutual) is the recordkeeper and Consolidated Benefits Resources, L.L.C. serves as the Plan's third-party administrator.

2. Contributions

Participants may contribute, on a pre-tax basis, from 1% to 100% of their compensation each pay period, subject to limitations of the IRC. Participants may also make rollover contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. After-tax contributions are not allowed in the Plan.

The Company may make discretionary matching and profit sharing contributions to the Plan. No such discretionary matching or profit sharing contributions were made during the year ended December 31, 2014.

3. Administrative Expenses

Expenses of administering the Plan are paid by the Plan unless paid by the Company. All expenses paid by the Plan are allocated proportionately among the investment funds and the participant balances. The Company paid no expenses related to the Plan during the year ended December 31, 2014.

4. Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, if any, and an allocation of the Plan's earnings and losses and administrative expenses. Participants direct their contributions, including any Company contributions, into several investment options. Plan earnings and losses are allocated to the participants' accounts on a daily basis based on the ratio of each participant's account in each investment fund to the total of all participants' accounts in each investment fund.

DRAFT

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

5. Vesting

Participants are immediately vested in their own contributions plus or minus any earnings or losses thereon. Participants are also immediately vested in any Company contributions.

6. Payment of Benefits

Upon termination of service due to death, disability, retirement or attainment of normal retirement age (age 65), a participant (or the designated beneficiary in the event of death) may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Payments are made as a lump-sum distribution to participant with account balances less than $1,000. Participants with account balances greater than $1,000, but less than $5,000, have their account balance automatically rolled over to an individual retirement account, unless the participant elects to receive their account balance in a lump-sum payment. In addition, hardship distributions are allowed from a participant's voluntary contributions prior to separation of service, if certain requirements are met.

7. Notes Receivable from Participants

All participants are eligible to borrow funds from the Plan, and all applications are subject to the review and approval of the Plan administrator. Participants are limited to two notes outstanding at any time. Notes may be made for a minimum of $1,000 and a maximum of the lesser of $50,000 or 50% of the vested interest in the participant's account. The notes bear interest at the prevailing rate used by commercial lending institutions plus 2.0% (3.25% at December 31, 2014, with notes outstanding at December 31, 2014 at 5.25%), mature no later than five years from the origination date (unless for the purchase of participant's principal residence) and are fully secured by the participant's irrevocable pledge of up to 50% of his or her account balance in the Plan. Principal and interest are paid ratably through weekly payroll deductions.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by MassMutual based on quoted market prices, except for its fully benefit-responsive guaranteed investment contract, which is stated at fair value then adjusted to contract basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Purchases and sales are recognized on a trade-date basis. Interest on notes receivable from participants is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

4. Payment of Benefits

Benefits are recorded when paid.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's net assets would be distributed to the participants in accordance with the Plan agreement.

D - GUARANTEED INVESTMENT CONTRACT WITH MASS MUTUAL

The Plan maintains a fully benefit-responsive guaranteed investment contract with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $1,090,451 and $1,139,606, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or spin-off of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The following table sets forth the average yields on the fully benefit-responsive guaranteed investment contract with MassMutual:

The average yields earned by the guaranteed investment contract are as follows:

Average Yields	2014	2013
Based on actual earnings	3.00%	3.00%
Based on interest rate credited to participants	3.00%	3.00%

E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the net asset value of shares held by the Plan at year end. Shares of pooled separate account investments in bond funds are unitized and the fair value is based on the market price of the assets held by the fund adjusted for accumulated dividends, closing capital gains, fees and rebates.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contract, economic conditions, industry and market developments and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

Self-directed brokerage account: Priced at end of day market values of individual holdings in the participants' accounts based on holdings of common stock and money market shares.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts:

Total assets at fair value	$ -	$ 3,677,705	$ 1,139,606	$ 4,817,311

The following table sets forth a summary of the change in the fair value of the Plan's level 3 asset for the year ended December 31, 2014:

	Guaranteed Investment Contract
Balance, beginning of year	$ 1,139,606
Realized gains/(losses)	30,616
Unrealized gains/(losses) related to instruments still held at the reporting day	(3,460)
Purchases	20,483
Sales	(96,794)
Transfers in and/or out of level 3	-
Balance, end of year	$ 1,090,451
The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ (3,460)

Unrealized gains/(losses) from the Guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

F - TAX STATUS

At December 31, 2014, the Plan's most recent determination letter from the Internal Revenue Service was dated March 31, 2008. This letter of determination was based upon a prototype plan, as amended. The Plan has not applied for a separate determination letter. However, the Plan administrator and management believe the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. As a result, no provision for income taxes has been included in the Plan's financial statements. The income tax years 2012 through 2014 remain open to examination by the major taxing jurisdictions to which the Plan and its participants are subject.

The Plan evaluates uncertain tax positions for recognition and measurement in the financial statements. To recognize a tax position, the Plan determines whether it is more likely than not that the tax positions will be sustained upon examination, including resolution of any related appeals or litigation, based on the technical merits of the position. A tax position that meets the more likely than not threshold is measured to determine the amount of benefit to be recognized in the financial statements. The amount of tax benefit recognized with respect to any tax position is measured as the largest amount of benefit that is greater than 50% likely of being realized upon settlement. The Plan had no uncertain tax positions that required recognition in the financial statements at December 31, 2014 or 2013. Any interest or penalties would be recognized as a component of income tax expense.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

G - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled equity funds managed by MassMutual and therefore, these transactions qualify as party-in-interest transactions.

H - INVESTMENTS

The following schedule presents investments that represent five percent or greater of the Plan's net assets available for plan benefits at December 31:

	2014	2013
Guaranteed investment contract with Mass Mutual, at contract value (fair value $1,090,451 and $1,139,606, respectively) (Note D)	$ 978,422	$ 1,024,116
MassMutual Premier International Equity Fund	289,094	364,221
MassMutual Select Focused Value Fund	941,638	830,334
MassMutual Premier Main Street Fund	459,113	454,017
MassMutual Select Mid-Cap Growth II Fund	497,490	425,329
MassMutual Premier Core Value Equity Fund	291,656	318,521

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by:

Guaranteed investment contract	$ 30,616
Pooled separate accounts	338,986
Self-directed brokerage account	21,446
Total net appreciation in fair value of investments	$ 391,048

I - INFORMATION CERTIFIED BY MASSMUTUAL

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MassMutual has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013
- Net appreciation in fair value of investments and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014
- Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2014

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

K - SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 24, 2015, the date these financial statements were available to be issued. No subsequent events were identified requiring additional recognition or disclosure in the accompanying financial statements.
