YENKIN-MAJESTIC EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 1 - DESCRIPTION OF PLAN:

The following brief description of the Yenkin-Majestic Employees' Pension Plan (Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan is a defined benefit pension plan covering substantially all hourly factory employees of the Yenkin-Majestic Paint Corporation (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On December 31, 2008, the Company froze the Plan (see Note 10).

Pension Benefits - Employees with 5 or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.5% of a participant's final average compensation, less 1.67% of a participant's primary Social Security amount assuming compensation prior to November 1, 1982, continued to the participant's normal retirement date; the difference multiplied by years of credited service up to November 1, 1982, with a maximum of 30 years. For accrued retirement pension after November 1, 1982, the above described pension amount will be added to a benefit of \$9.00 per month for each year of credited service. During the 2008, the Company froze the Plan (see Note 10).

Death and Disability Benefits - If an active employee at age 55 or older, having accumulated 5 or more years of service dies, monthly pension benefits equal to the amount the employee would have received as of the day immediately preceding his death, are payable for the life of an eligible spouse. A participant is entitled to a monthly pension equal to his accrued pension during periods of disability, beginning on the first day of the month after qualifying for Federal Social Security disability benefits.

Income Tax - The Plan Administrator has received a favorable determination letter from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are significant accounting policies followed by the Plan:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

YENKIN-MAJESTIC EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Valuation of Investments - Plan investments are stated at fair value. Quoted market prices are used to measure the fair value of investments.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated Plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits accrued under the Plan prior to November 1, 1982 are based on employees' compensation during their last ten years of employment. The Plan benefits accumulated prior to November 1, 1982, for active employees are based on their average compensation of the five highest consecutive years within the most recent ten years ending on the date of which the plan was frozen, December 31, 2008. Benefits payable under all circumstances-retirement, death, disability, and termination of employment-are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary from The Mass Mutual Financial Group, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of October 31, 2013 and October 31, 2012, were (a) life expectancy of participants (the IRC Sec 430 2013 Static Non-Annuitant Tables & IRS 2012 Non-Annuitant Mortality Tables and the IRC Sec 430 2013 Static Annuitant Tables & IRS 2012 Annuitant Mortality Tables for males and females were used), (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The 2013 and 2012 valuations included an assumed average rate of return of 7%.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Note 3 - FUNDING POLICY:

The Company's funding policy is to make annual contributions to the Plan based on an actuarial calculation of the Plan's normal cost, plus any additional amounts, to prevent a funding deficiency as determined by law. The Company's contributions for 2014 met the minimum funding requirements of ERISA.

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. During 2008, the Company froze the Plan (see Note 10).

YENKIN-MAJESTIC EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 4 - **PLAN TERMINATION:**

In the event the Plan terminates, the net assets of the Plan generally will not be available on a pro-rata basis to provide participants' benefits. Certain vested benefits are guaranteed by the Pension Benefit Guaranty Corporation (PBGC), a U.S. governmental agency. Whether a particular participant's accumulated Plan benefits will be received if the Plan terminates will depend on the priority of those benefits, the Plan's net assets at that time, and the level of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 5 - **INVESTMENTS:**

During fiscal year 2014 and 2013, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in value, as follows:

	<u>2014</u>	<u>2013</u>
Exchange traded funds	\$ 93,584	\$ 158,792
Mutual funds	48	-
Net Appreciation in Fair Value of Investments	<u>\$ 93,632</u>	<u>\$ 158,792</u>

Investments which represent 5% or more of net assets available for benefits at October 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Money Market Funds:		
Huntington Conservative Deposit Fund	\$ 90,196	\$ 92,834
Exchange Traded Funds:		
S&P 500 Index Fund	610,797	531,660
MSCI EAFE Index Fund	116,837	120,362
S&P MidCap 400 Index Fund	108,733	98,719
Barclays Aggregate Bond Fund	320,773	400,737

Note 6 - **ECONOMIC RISK OF INVESTMENTS:**

The Plan invests in various investment securities. Investment securities are exposed to multiple risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in these financial statements.

Note 9 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION:

In accordance with the Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means, and if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

Note 9 - ASSETS AND LIABILITIES – FAIR VALUE INFORMATION (Continued):

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Exchange Traded Funds are valued at the net asset value of shares held by the plan at year end.

Assets measured at fair value on a recurring basis were as follows:

YENKIN-MAJESTIC EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 10 - PLAN FREEZE:

On December 31, 2008 the Company froze the Plan. Effective that date, no new participants will be allowed to participate in the Plan and no additional benefits will accrue to participants. However, any participant not fully vested on the effective date who continues to be employed by the Company will continue to earn years of service until they are vested.

Note 11 - ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES:

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by U.S. federal or state and local tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of October 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 12 - SUBSEQUENT EVENTS:

Subsequent events have been evaluated through August 4, 2015, which is the date the financial statements were available to be issued.

3. Years of Service

Prior to November 1, 1989, service is granted for completed months.

On or after November 1, 1989, one month of service is granted for each month the employee is employed one day or more.

4. Normal Retirement Date

Normal Retirement Date is the first day of the month coincident with or next following attainment of age 65.

5. Normal Retirement Benefit

The amount of benefit to be paid in monthly installments for life is the accrued benefit as of November 1, 1982 plus \$9.00 multiplied by years of credited service after November 1, 1982. Benefit accruals are frozen as of December 31, 2008.

6. Delayed Retirement Date

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement the benefit calculated based on Service at actual retirement.

Summary of Plan Provisions

7. Accrued Benefit

The Accrued Benefit at any time prior to a participant's Normal Retirement Date shall be determined based on Years of Service as of the date of determination. Benefit accruals are frozen as of December 31, 2008.

8. Early Retirement Benefit

Upon the completion of 10 years of service and the attainment of age 55, a participant may elect to retire. He may receive a monthly benefit for life beginning at his Normal Retirement Date equal to the benefit accrued at Early Retirement Date. Payments may begin immediately, with the benefit being reduced 1/15 for the first 5 years and 1/30 for the next 5 years which the payment date precedes the Normal Retirement Date.

9. Disability Retirement Benefit

If a participant becomes totally and permanently disabled, a monthly pension equal to the Accrued Benefit will be payable on the first day of the month on or after qualification for Federal Social Security disability benefits.

10. Death Benefit

In the event of a married vested participant's death, the spouse's benefit will be the benefit if the participant had terminated on the day prior to death and elected a joint and one-half contingent annuitant survivor benefit, commencing at the earliest possible retirement date.

11. Severance Benefits

Upon the termination of employment after 5 or more years of service, a participant shall have a vested interest in his Accrued Benefit which will be payable at his Normal Retirement Date.

The percentage vested shall be:

Years of Service	Vested Percent
Less than 5	0%
5 or more	100%

In the event that the participant had met the service requirement for early retirement at the date of termination, he may elect to receive his vested interest at age 55. Such benefit will be reduced as described under Early Retirement Benefits.

Summary of Plan Provisions

12. Optional Methods of Settlement

All Optional Methods of Settlement are actuarially equivalent to the normal form of annuity, a life annuity. If a married participant does not elect the normal form of annuity or does not elect one of the Optional Methods of Settlement described below, then the participant's retirement benefit shall automatically be paid under option [a] below with the spouse as the beneficiary. The options are:

- a. A reduced benefit to be paid during the participant's lifetime with one-half the reduced benefit to be continued to a beneficiary for their lifetime.
- b. A reduced benefit to be paid during the participant's lifetime with two-thirds the reduced benefit to be continued to a beneficiary for their lifetime.
- c. A reduced benefit to be paid during the participant's lifetime with three-fourths the reduced benefit to be continued to a beneficiary for their lifetime.
- d. A reduced benefit to be paid during the participant's lifetime with the same reduced benefit to be continued to a beneficiary for their lifetime.
- e. A reduced benefit to be paid for 60 months certain and thereafter for life.
- f. A reduced benefit to be paid for 120 months certain and thereafter for life.

All Optional Methods of Settlement are actuarially equivalent to the normal form of annuity on a unisex basis, based on a 7% interest rate and the 1971 GAM for Males projected to 1990 by Scale D with no age set-back for the Participant and a 6-year set-back for beneficiaries.

14. Amendment or Termination of the Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the Plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

The above description is a summary only; for additional details, reference should be made to the formal plan document.

The following actuarial assumptions have either been mandated by statute and regulation or selected to reasonably anticipate future experience with respect to these variables.

Interest Rate for Funding Target:	July, 2013 IRS Segmented Yield Curve limited by 2013 MAP-21 corridor

Funding Methods

Actuarial Cost Method

The Target Normal Cost is equal to the present value as of the valuation date of the increase in the accrued benefit arising from the service increase in the current plan year plus administrative expenses expected to be paid out of plan assets. The Funding Target as of the valuation date is the present value of the accrued benefit as of the valuation date.

Asset Valuation Method

The Actuarial Value of Assets is determined using a 3-year averaging method described in IRS Notice 2009-22.
