YENKIN-MAJESTIC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 1 -DESCRIPTION OF PLAN:

The following description of Yenkin-Majestic Employees' Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Yenkin-Majestic Paint Corporation (the Company). Participants are eligible to participate if they have reached the age of 21 and if they have completed one month of continuous employment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

As of August 29, 2007 all new employees are automatically enrolled in the plan unless they elect otherwise and participants may elect to contribute up to 60% of their total compensation to the Plan through payroll deduction. Each year, the Company is required to make a matching contribution to the Plan. The contribution is equal to 33% of the first 6% of pay which the participants have elected to contribute to the Plan during the year. Additionally, an annual discretionary profit sharing contribution may be made and will be based on the performance of the Company during the preceding year. For the year ended October 31, 2014 the Company made an additional discretionary contribution equal to 2% of each employees' eligible wages. For the year ended October 31, 2013 the Company made an additional discretionary contribution equal to 33% of the first 6% of the participant's contribution. To be eligible for any Company contributions, participants must be employed on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant's contributions, participant earnings and/or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, the Company's discretionary contribution, and actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after 6 years.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25 percent to 11.50 percent, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

YENKIN-MAJESTIC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

October 31, 2014

Note 1 -DESCRIPTION OF PLAN (continued):

Forfeitures

Forfeitures are retained in the plan and used to reduce future employer contributions. Total forfeitures for the years ended October 31, 2014 and 2013 were \$24,342 and \$13,773, respectively. At October 31, 2014 and 2013, the amount of unallocated forfeitures totaled \$16,287 and \$12,433, respectively.

Payment of Benefits

On termination of service, a participant may elect to receive the value of his or her account in either a lump sum payment or in installments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of Investments

Fair values of investments are based on the latest securities quotations available as provided by the trustee of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 3 -FEDERAL INCOME TAX STATUS:

The Company adopted a Prototype Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Company believes that the Plan, as currently operated, is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 - ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES:

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by U.S. federal or state and local tax authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of October 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing procedures were performed on the following information included in the accompanying financial statements and supplemental schedules which was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustee.

In accordance with the Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means, and if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Mutual funds are valued at the net asset value of shares held by the plan at year end.
