Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Detrex Corporation Employees' Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Comerica Bank and SEI Private Trust Company (collectively, the "Trustees"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustees hold certain Plan investment assets and execute related transactions. The plan administrator has obtained certifications from the Trustees as of and for the years ended December 31, 2014 and 2013 that the information provided to the plan administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2014 and reportable transactions for the year ended December 31, 2014 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description

The following description of Detrex Corporation Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined benefit plan covering all qualified full-time employees of Detrex Corporation (the "Company" or the "Plan Sponsor"). The Plan also covers participants previously covered under the Pension Plan for Local 6 Employees of Detrex Corporation, Wayne Chemical Products Company Pension Plan, and Pension Plan for Local 433 Hourly Employees of Detrex Corporation at Bowling Green, Kentucky (collectively, the "Previous Plans"). The benefits of the participants and retirees of the Previous Plans were not affected by the merger of the Previous Plans into the Plan. The benefits of the participants and retirees of the Previous Plans were frozen as of the date of the merger. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective on May 31, 2009, the accumulated benefits for all plan participants were frozen and the Plan was frozen to new participants indefinitely.

In 2013, the Plan changed its trustee from Comerica Bank to SEI Private Trust Company. All plan assets were transferred to SEI Private Trust Company.

Pension Benefits - Eligible employees with five credited years of service, as defined by the Plan, are entitled to pension benefits upon retirement. The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, death, and disability benefits. Employees, other than those previously covered under the Previous Plans, receive benefits calculated at a rate as specified under the Plan, multiplied by years of credited service. Participants and retirees in the Previous Plans receive benefits based on compensation prior to retirement or termination. Participants may elect to receive their pension benefits under various forms of joint and survivor annuities, including a lump-sum payment option.

Eligibility and Vesting - Employees become participants in the Plan following completion of the eligibility requirements as described in the Plan and are fully vested for normal retirement benefits after five years of service.

Funding - Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Administration - The Plan Sponsor is the plan administrator and has responsibility for the administration of the Plan. SEI Private Trust Company (the "Trustee") functions as trustee and custodian as of June 1, 2013. Previously, this role was being performed by Comerica Bank. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Comerica Bank and SEI Private Trust Company or its affiliates. Comerica Bank and SEI Private Trust Company are the trustees of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value.

Limited partnership interests are valued at their estimated fair value based on their proportionate share of the estimated fair value as recorded in the investment's financial statements, with adjustments to account for partnership activity and other applicable valuation adjustments. The money market fund is valued at fair value based on the outstanding balance. All other investments are valued based on quoted market prices. See Note 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries
- b. Beneficiaries of employees who have died
- c. Present employees or their beneficiaries

Benefits are calculated based on active employees' credited years of service multiplied by a specified percentage of their average monthly compensation, plus a specified percentage of their average monthly compensation in excess of the Social Security Integration Level.

Benefits provided via annuity contracts are deducted from plan assets and from accumulated plan benefits.

Benefit Payments - Benefits are recorded when paid.

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Significant estimates are used in determining the actuarial present value of accumulated plan benefits.

Risks and Uncertainties - Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, the effect of such changes could be material to the financial statements.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the statement of net assets available for benefits.

Custodian Receivable - Custodian receivable represents amounts transferred from the pension trust and held by the Trustee as of December 31, 2014 and 2013 to provide for participant benefits payable January 1, 2015 and 2014, respectively.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 27, 2015, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2011.

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 4 - Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan. In the event that the Plan is terminated, participants would cease earning benefits. However, participants would then have full rights to all benefits previously earned. Plan assets would be used to provide the benefits due according to the priority required by law and stated in the plan agreement. Should the Plan terminate at some future time, its net assets generally will not be available on a pro-rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

Note 5 - Benefits

The actuarial present value of accumulated plan benefits is determined by independent consulting actuaries and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment. The calculations of the estimated present value of accumulated plan benefits attributable to participants in the Plan, which were made as of and for the years ended December 31, 2014 and 2013, the most recent actuarial valuations, are as follows:

	2014	2013
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving benefit payments	\$ 16,124,737	\$ 14,496,174
Other vested participants	5,647,834	6,539,198
Total vested benefits	21,772,571	21,035,372
Nonvested benefits	38,765	36,285
Total actuarial present value of accumulated plan benefits	<u>\$ 21,811,336</u>	<u>\$ 21,071,657</u>

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 5 - Benefits (Continued)

The change in the actuarial present value of accumulated plan benefits during the years ended December 31, 2014 and 2013 resulted from the following:

	2014	2013
Actuarial present value of accumulated plan benefits -		
Beginning of year	\$ 21,071,657	\$ 21,132,618
(Decrease) increase during the year		
attributable to:		
Benefits	(255,950)	65,773
Changes in actuarial assumptions	1,378,664	41,337
Interest due to the decrease in the		
discount period	1,503,720	1,516,504
Benefits paid	<u>(1,886,755)</u>	<u>(1,684,575)</u>
Net increase (decrease)	<u>739,679</u>	<u>(60,961)</u>
Actuarial present value of accumulated plan benefits -		
End of year	<u>\$ 21,811,336</u>	<u>\$ 21,071,657</u>

Certain assumptions underlying the actuarial computations for the 2014 and 2013 plan years are summarized as follows:

Actuarial valuation method	- Projected unit credit method
Assumed rate of return on investments compounded annually	- 7.5 percent in 2014 and 2013
Mortality basis	- RP-2014 Total Mortality Table for 2014; 2014 Static Table for 2013
Assumed salary increase	- None (Plan is frozen)
Withdrawal rate	- Based on study of employees of the Company
Retirement	- Eligible vested former participants assumed to retire at age 65 for 2014 and 2013

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 5 - Benefits (Continued)

The principal change in actuarial assumptions was the use of the RP-2014 Total Mortality Table for the 2014 mortality basis and the 2014 Static Table for 2013. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 6 - Unaudited Information

In 2013, the Plan changed trustees from Comerica Bank to SEI Private Trust Company (collectively, the "Trustees"). The Trustees of the Plan held the Plan's investments, other than the Marco Polo Pure China Fund Class A limited partnership investment, and executed all related transactions during the periods under audit. The investment balances and related investment results included in the accompanying financial statements and supplemental schedule of assets held at end of year, other than the limited partnership investment, are based solely on information provided by the Trustees.

The Plan sold the Marco Polo Pure China Fund Class A investment in 2014 and the balance at December 31, 2014 was \$0. The related investment loss for the year ended December 31, 2014 of \$7,392 was not certified by the Trustees. The balance for this investment totaling \$214,938 at December 31, 2013 and related investment loss of \$6,925 for the year ended December 31, 2013 was also not certified by the Trustees.

Significant investments as of end of year net assets are as follows:

	2014	2013
Mutual funds:		
SEI Institutional Investors World Equity	\$ 5,066,688	\$ 4,459,890
SEI Dynamic Asset Allocation Fund	-	2,009,247
SEI Opportunistic Inc FD-A	1,660,642	2,013,830
SEI Large Cap Fund	7,476,651	5,589,634
SEI Long Duration Fund	9,902,008	-
SEI Multi Asset Real Return Fund	1,585,540	-
Money market fund - Prime Obligation Fund	-	2,001,578

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2014 and 2013.

Detrex Corporation Employees' Retirement Plan

Notes to Financial Statements December 31, 2014 and 2013

Note 7 - Fair Value Measurements (Continued)

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs include audited financial statements and projected future cash flows.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

- (I) This investment represents an opportunistic hedge fund employing multiple strategies including credit hedging, long/short investing, arbitrage, event-driven investing, and other multi-strategy investing. The fund has a 20-day redemption notice for withdrawing funds. There were no unfunded commitments for the fund.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between fair value hierarchy levels during 2014 and 2013.

Note 7 - Fair Value Measurements (Continued)

Changes in Level 3 assets measured at fair value on a recurring basis for the years ended December 31, 2013 and 2014 are as follows:

	Limited Partnership Interest
Balance at January 1, 2014	\$ 214,938
Sales	(207,546)
Total realized loss	(7,392)
Balance at December 31, 2014	\$ -
	Limited Partnership Interest

Additions	221,863
Sales	(1,460,876)
Net realized and unrealized loss	(620)
Balance at December 31, 2013	\$ 214,938

The Level 3 realized and unrealized gain and loss for the years ended December 31, 2014 and 2013 were recognized in the statement of changes in net assets.

Both observable and unobservable inputs may be used to determine the fair value of positions classified as Level 3 assets. As a result, the unrealized gains and losses for these assets presented in the tables above may include changes in fair value that were attributable to both observable and unobservable inputs.

Schedule SB, Part V - Summary of Plan Provisions
Detrex Corporation Employees' Retirement Plan
EIN: 38-0480840
Plan Number: 001

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2014
Summary of Plan Provisions

The Detrex Corporation Retirement Plan is a defined benefit pension plan that was established July 1, 1973, and was last amended and restated effective as of January 1, 2000. The plan year begins January 1 and ends December 31.

ELIGIBILITY TO PARTICIPATE

An employee becomes a participant in the Plan on the January 1 following the date of employment.

However, no employee shall be eligible to become a participant after May 31, 2009.

NORMAL RETIREMENT BENEFIT

Normal Retirement Date

A participant is eligible for his normal retirement pension after the participant satisfies the following conditions:

- Attainment of age 65.
- Participation in the Plan for five years.

Normal Retirement Benefit

The normal retirement pension is payable monthly as long as the participant lives, with payments ceasing upon the participant's death.

Normal Retirement Pension Formula

If the participant retires as of his normal retirement date, his monthly pension will be the greater of:

- $1\frac{1}{2}\%$ of the Final Average Monthly Earnings per year of Credited Service less $1\frac{1}{2}\%$ of the monthly primary Social Security benefit per year of Credited Service (maximum $33\frac{1}{3}$ years).
- Actuarial Equivalence of the Employee's Profit Sharing Account balance as of December 31, 1972, with credited interest.
- \$20.00 per year of Credited Service.
- 1% of the Final Average Monthly Earnings (maximum \$2,500) per year of Credited Service (maximum 30 years).
- For the Chairman of the Board and Chief Executive Officer or the President and Chief Operating Officer:
 $2\frac{1}{4}\%$ of the Final Average Monthly Earnings per year of credited service.

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2014
Summary of Plan Provisions

However, effective May 31, 2009, if the participant retires as of his normal retirement date, his monthly pension will be equal to his accrued benefit as of May 31, 2009.

Social Security Primary Insurance Amount

The Social Security Primary Insurance Amount of an Employee is his estimated monthly primary insurance amount under the Social Security Act as in effect at the time of: (a) his retirement or other termination of employment, (b) his Normal Retirement Date, or (c) termination of the Plan, whichever occurs first. In the event the calculation is made prior to Normal Retirement Age, it will be assumed that earnings will continue at the same level as Final Average Monthly Earnings to Normal Retirement Age.

Average Annual Compensation

"Average annual compensation" means the participant's annual compensation averaged over the highest five consecutive calendar years as an Employee.

Compensation

For the purposes of the Plan, "compensation" means basic salary, excluding bonuses, commissions, overtime, and any payments made under any profit sharing agreement. By law, compensation in excess of \$260,000 (as indexed upward under federal law) cannot be counted.

Accrued Benefit

The accrued benefit on any date other than the normal retirement date is determined according to the normal retirement pension formula multiplied by the ratio of years of benefit service to date to the projected years of benefit service at normal retirement.

Benefits are frozen as of May 31, 2009. The Accrued Pension at any later date will equal the May 31, 2009, frozen Accrued Pension.

Retirement Payment Options

A participant may elect to receive his monthly pension in one of these optional forms of payment:

- **Lifetime Pension**
- **Lifetime Pension with Guaranteed Period** with guaranteed payments for 120 months – Not available for Wayne Chemical participants.
- **Joint and Survivor Pension** with 100%, 75%, or 50% survivor pension.
- **Joint and 66.67% to Either Survivor Pension** – Not available for Bowling Green or Wayne Chemical participants.
- **Joint and Survivor 33.33%** – Bowling Green Only.
- **Social Security Adjustment Option** – Only for Wayne Chemical and Local 6 participants.

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2014
Summary of Plan Provisions

- **Optional Lump Sum Payment** – A lump sum payment is available if the present value of the vested benefit is between \$5,000 and \$10,000. A lump sum is automatic if the present value of the vested benefit is less than \$5,000.

If the participant is married at the time payments are to begin, the automatic form of payment will be a Joint and 50% Survivor Pension with the spouse named as survivor annuitant. If the participant is not married at the time payments are to begin, the automatic form of payment will be a Lifetime Pension.

Employment after Retirement. If a participant in pay status returns to employment, retirement benefits will be suspended regardless of the number of hours of service he completes.

Distributions under Qualified Domestic Relations Order. With respect to a participant, no distribution will be made before the date the participant could receive a distribution if he terminated employment.

OTHER RETIREMENT BENEFITS

Late Retirement

If a participant continues working after his normal retirement date, his pension will not commence until he actually retires. The late retirement benefit is the greater of:

- The retirement benefit accrued as of the participant's normal retirement date, as actuarially increased; or
- The normal retirement benefit determined under the pension formula using current service and compensation.

Early Retirement

A participant is eligible for early retirement after attainment of age 55 and completion of 5 years of vesting service. The early retirement pension is the pension accrued to the date of early retirement, reduced by 5/9 of 1% for each of the first 60 months and 5/18 of 1% for each month in excess of 60.

A participant is eligible for special early retirement if they are at least age 55 and their age plus years of vesting service total at least 95 (Rule of 95). In such case, the benefit will be unreduced for commencement prior to age 65.

For Bowling Green and Wayne Chemical participants, a participant is eligible for early retirement after attainment of age 60 and completion of 5 years of vesting service.

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2014
Summary of Plan Provisions

DISABILITY BENEFIT

The participant is entitled to receive a disability benefit if he meets **all** of the following requirements:

- He is actively employed.
- Completes 10 years of vesting service.

The benefit will be payable in the form of a Lifetime Pension until the earliest of: recovery, death, or normal retirement date. The participant's monthly disability benefit will be equal to his normal retirement pension accrued as of the date the disability occurred.

DEATH BENEFIT

If a participant dies after he has become vested under the Plan but before he begins to receive a retirement pension benefit, his spouse will receive a 50% survivor benefit if he has been married at least one year. Payment will begin on the date on which he first would have been eligible for retirement. The amount of his surviving spouse's benefit is equal to the 50% survivor benefit payable under the joint and 50% survivor pension option, based upon his accrued pension at the date of death and reduced for early commencement of benefits, if applicable. If the participant is not married, no benefit will be paid by the Plan.

TERMINATION OF EMPLOYMENT BENEFITS

Vesting in Accrued Pension

If employment terminates other than by retirement or disability, the amount payable from the Plan is based upon the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-4 Years	0%
5 or More Years	100%

Time of Payment

The participant may elect payment after his early retirement date, reduced to reflect the early commencement of benefits. No pension payment is available under the Plan prior to early retirement or death, with two exceptions. If the present value of the vested accrued benefit does not exceed \$5,000, the lump sum value can be paid following termination of employment. If the present value of the vested accrued benefit is greater than \$5,000, but less than \$10,000 at the time of termination, the participant will have the option to elect an immediate lump sum payment.

Detrex Corporation Employees' Retirement Plan
Actuarial Valuation as of January 1, 2014
Summary of Plan Provisions

Forfeitures and Restoration

Forfeiture occurs when the participant terminates employment before being vested. The forfeited amount is used to reduce any employer contribution otherwise due under the Plan.

Special Cashout Rule

The special cashout rule applies if a participant terminates employment and receives a full distribution of the vested portion of his accrued pension. A participant whose vested accrued pension is \$0 will be forfeited upon employment termination. If the participant returns to employment with the employer during the restoration period and repays the amount previously distributed with interest, the employer will restore any forfeited portion of his accrued pension. This repayment option is available to a participant even if he previously received 100% of his accrued pension.

If the participant's vested accrued pension is \$0 and he returns to employment with the employer before he has breaks in service in accordance with the vesting service rules equaling the greater of 5 or his total years of vesting service, the employer will restore the forfeited portion of his accrued pension upon completion of one year of service.

SERVICE RULES

Vesting Service Rules

A participant is credited with a year of vesting service for each 12-month period he is employed by the employer. Fractional years of vesting service will be credited to the nearest month. A participant will incur a break in service if he experiences a period of severance from employment with the employer that lasts at least 12 months.

Benefit Service Rules

A participant is credited with a year of benefit service for each 12-month period the participant is employed by the employer. Fractional years of benefit service will be credited to the nearest month.

Benefit Service is frozen as of May 31, 2009.

ACTUARIAL EQUIVALENCE

Actuarial equivalence is determined based on the following mortality and interest assumptions:

Mortality table:	Preretirement	–	UP-1984
	Postretirement	–	UP-1984

Interest rate:	Preretirement	–	7%
	Postretirement	–	7%

Summary of Plan Provisions

However, for the purpose of determining the amount of a lump sum payment, the actuarial equivalence determination will include the use of the Code section 417 interest rates and the Code section 417 mortality table, if such use produces a greater benefit.

Code Section 417 Mortality Table

The Code section 417 mortality table is the Applicable Mortality Table released annually by the Internal Revenue Service.

Code Section 417 Interest Rates

The Code section 417 interest rates are the Transitional Segment Rates for the second month preceding the first day of the plan year that contains the annuity starting date.
