INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
E.T. Horn Company Employee Stock Ownership Plan and Trust:

Report on the Financial Statements

We have audited the accompanying financial statements of the E.T. Horn Company Employee Stock Ownership Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of October 31, 2014 and 2013, the related statement of changes in net assets available for benefits for the year ended October 31, 2014 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended October 31, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, line 4i - Schedule of Assets (Held At End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended October 31, 2014, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

E.T. HORN COMPANY EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN

The following description of the E.T. Horn Company Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of E.T. Horn Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 20.5 years of age are eligible to participate in the Plan on November 1 or May 1 following the completion of at least 1,000 hours of service during the plan year.

Administration

The Plan is administered by an internal committee (the Administrative Committee) which is comprised of certain employees of the Company who are appointed by the Company's Board of Directors.

Contributions

The Company may make discretionary contributions as determined each year by resolution of the Company's Board of Directors. In order to be eligible for the Company contributions, a participant must be employed by the Company on the last day of the plan year. For the year ended October 31, 2014, the Company made discretionary contributions to the Plan equal to 10% of the participant's gross eligible compensation, as defined. Employee contributions to the Plan are not permitted.

Participant Accounts

Each participant's account is credited with allocations of the Company's contributions, investment earnings, and charged with an allocation of administrative expenses. The Company's contributions are allocated to eligible participants based on the percentage that their eligible compensation bears to total eligible compensation. The net change in the value of Company stock, as determined by an independent appraiser, is allocated based on the number of shares held by the participants at year-end multiplied by the change in the per share value. Other investment earnings, net of expenses, are allocated at the end of each plan year based on each eligible participant's other investment account values. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan does not allow for participant loans.

E.T. HORN COMPANY EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN - (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may also elect to rollover their account to another eligible retirement plan as defined by the plan agreement. All vested account balances not exceeding \$1,000 that are not directed by a participant to be transferred to another tax deferred account may be distributed in a lump-sum payment. Distributions of a participant's vested account balance upon termination of employment shall be made as soon as administratively feasible after the end of the plan year during which termination of employment occurs. A participant may elect to receive up to 30% of his or her vested account balance each plan year after the participant attains age 65 regardless of whether the participant has terminated employment. Such distribution shall be made in a single lump sum payment and commence as soon as administratively feasible after the participant attains age 65 and elects to receive a distribution.

Diversification

Diversification will be offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Participants eligible for diversification may elect to direct the Plan to diversify a portion of their account during a 90 day election period which begins on the first day of the plan year that follows each of the six plan years beginning with the plan year in which the participant becomes eligible for diversification. In each of the first five years, a participant may diversify up to 25% of the number of shares of Company stock allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may elect to receive a cash distribution or to rollover the amount to one or more of at least three diversified investment options, which may be made available in another qualified plan maintained by the Company. As of October 31, 2014, no shares of Company common stock were eligible for diversification.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option (the liquidity put). The liquidity put is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Plan may also honor the put, although it is not required to do so. The put price is the fair market value of the stock as determined as of the most recent valuation date, as defined.

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN - (Continued)

Put Option - (Continued)

The purpose of the liquidity put is to ensure that the participant has the ability to ultimately obtain cash after receiving a distribution of stock. If the put option is not exercised within 60 days, it temporarily lapses; put options may then be exercised during the first 60 days of the following plan year (beginning no earlier than 6 months from the first date of the original put option period). In the event a put option is exercised, the Company shall have the option of paying the purchase price either in a lump sum within 30 days of exercise or in a series of five equal installments, with the first payment to be made within 30 days of exercise and the four remaining payments to be made annually on the exercise date.

Right of First Refusal

An agreement between the Company, the Plan and all participants who receive a distribution of employer stock, has placed restrictions on the transfer or sale of employer stock. Shares cannot be sold or transferred without first offering them to the Company at a per-share price no greater than that tendered by a prospective third party purchaser or the last ESOP valuation. If the Company does not exercise its right to purchase the shares, then the shares must be offered to the Plan.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and be used first to pay Plan expenses, if the Administrative Committee elects, and then may be used to reduce the Company's discretionary contributions or be allocated to participants. As of October 31, 2014 and 2013, the amount of available forfeitures totaled \$24,912 and \$20,578, respectively.

Vesting

Vesting in the Company's contributions and earnings thereon is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN - (Continued)

Voting Rights

Participants may direct the voting of shares of the Company stock allocated to their accounts on any matter on which shareholders are allowed to vote. Such matters are limited to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or other similar transactions. If a participant fails to provide instructions, the trustees will vote shares for which the participant has the right to direct voting in the manner directed by the Plan Committee. The trustees will vote any unallocated shares of the Company stock in the same manner.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditors' report, which is the date the accompanying financial statements were available to be issued.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Burnham Gibson Financial Group, the plan broker. The Plan paid \$15,884 in advisory fees to the plan broker and \$455 in other administrative expenses during the year ended October 31, 2014. The Plan paid \$6,890 in insurance premiums on a life insurance policy for a key employee for which the Plan is the beneficiary. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. The Plan invests in Company common stock. These transactions qualify as party in interest transactions for which a statutory exemption exists.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2014 AND 2013

4. FAIR VALUE MEASUREMENTS - (Continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2014 and 2013.

Company stock: This investment is valued at fair value based upon an independent appraisal. This appraisal used a weighted combination of the market approach and the income approach for the valuation which is consistent with the prior year. The appraiser took into account historical and projected cash flow and market comparables. Plan management has concluded that a market participant would also recognize a discount for lack of control and marketability. This investment is not traded in an active market and inputs are not observable to the public. Therefore, this investment is classified within level 3 of the valuation hierarchy.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Interest-bearing cash: Interest-bearing cash consists of money market investments and cash balances held at financial institutions. The carrying value is believed to be representative of its fair value based on its short term nature and are classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS - (Continued)

In regards to the classifications of investments, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended October 31, 2014.

The following table presents a summary of changes in the fair value of the Plan's level 3 asset or the year ended October 31, 2014:

	<u>Company Stock</u>
Balance, beginning of year	\$ 20,566,616
Purchase	1,158,010
Employer contribution	1,401,665
Unrealized appreciation	<u>3,303,756</u>
Balance, end of year	<u>\$ 26,430,047</u>

5. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. If the Plan is terminated, all participants will become 100% vested in their accounts. Upon termination of the Plan, and after payment of all expenses of the Trust, the Administrative Committee shall direct the payment of benefits in accordance with Plan provisions.

6. TAX STATUS

The Company received a favorable opinion letter from the Internal Revenue Service (IRS), on November 12, 2013, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and Company stock. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets as of October 31, 2014 and 2013:

	<u>2014</u>
Investment in E.T. Horn Company common stock (1,417,921 shares at October 31, 2014)	\$ 26,430,047
	<u>2013</u>
Investment in E.T. Horn Company common stock (1,260,982 shares at October 31, 2013)	\$ 20,566,616

During the year ended October 31, 2014, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by \$3,357,415 as follows:

Company stock	\$ 3,303,756
Registered investment companies	<u>53,659</u>
	<u>\$ 3,357,415</u>

9. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which include the Company's stock, are held by the trustees of the Plan. The trustees are made up of five officers of the Company.

The Company's contributions are held and managed by the trustees. Certain administrative functions are performed by trustees or employees of the Company. No such trustee or employee receives compensation from the Plan or charges administrative expenses to the Plan.
