INDEPENDENT AUDITORS' REPORT

Administrative Committee

KS INDUSTRIES, LP 401(K) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of KS Industries, LP 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Great-West Life & Annuity Insurance Company, Great-West Trust Company, LLC and Principal Trust Company, the custodian and the trustee of the Plan, respectively, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC held the Plan's investment assets and executed investment transactions from June 3, 2013 to December 31, 2014, and that Principal Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2013 through June 3, 2013. The plan administrator has obtained certifications from the custodian and the trustee as of December 31, 2014 and 2013 and for the years then ended that the information provided to the plan administrator by the custodian and the trustee are complete and accurate.

Disclaimer of Opinion

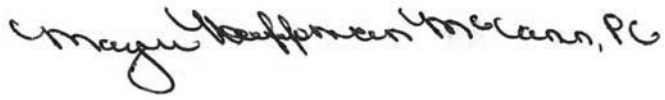

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian and the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of plan

The following description of the KS Industries, LP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution safe harbor plan sponsored by KS Industries, LP covering all full-time employees of Ken Small Construction of Wyoming, Inc., KSI Engineering, Inc., KS Industries, LP, KS Fabrication & Machine, Inc., and KS Industries, LLC (the "Companies") who have three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Companies' Administrative Committee (the "Committee"), which is a committee of the board of directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Companies' Board of Trustees.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participant contributions cannot exceed $17,500 for the calendar year ending December 31, 2014. Under the catch-up provisions, eligible participants who have attained age 50 by year-end can contribute an additional $5,500 for the calendar year ending December 31, 2014. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation with annual increases of 1% up to 10% and their contributions invested in a designated balanced fund until changed by the participant. The Companies contribute safe harbor matching contributions of 100% of the first 3% of base compensation and 50% of the next 2% of base compensation that a participant contributes to the Plan. Additional discretionary contributions may be contributed at the option of the Companies. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently has 25 mutual funds and a guaranteed investment account as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contributions, the Companies' match, and allocations of the Companies' discretionary contributions, and plan earnings, and is charged with an allocation of administrative expenses. Allocations of the Companies' discretionary contributions are based on participant compensation. Allocations of plan earnings and administrative expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of plan (continued)

Vesting - Participants' contributions and safe harbor matching contributions plus actual earnings are 100% vested immediately. The Companies' discretionary contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	25%
2	50%
3	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate on the date of the loan plus 1%. Loan payments are made through payroll deductions, and must be paid back within 5 years unless the loan is used for the purchase of a principal residence.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over the life of the participant, participant and spouse, or designated beneficiary. Upon termination due to death, a participant's vested account balance will be distributed to the participant's beneficiary as soon as practicable. If the value of a participant's vested benefit is $5,000 or less, a lump-sum payment will be made to the participant.

Forfeited accounts - Any portion of a participant's account, which is not vested upon separation from service, is forfeited. The Plan has elected to first use forfeitures to reduce employer contributions and then to pay plan expenses. At December 31, 2014 and 2013, forfeited nonvested accounts totaled to $6,846 and $1,465, respectively. The Plan used forfeitures in the amount of $9,592 and $0 to reduce employer contributions for the years ended December 31, 2014 and 2013, respectively.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

(2) Summary of significant accounting policies (continued)

Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") believe that the contract value is an appropriate determination of fair value for their guaranteed investment account. Participant-initiated benefit-responsive Plan withdrawals from the guaranteed investment account and transfers between the guaranteed investment account and the variable investment options as allowed under the terms of the Plan and the contract are performed at contract value. The guaranteed investment account has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flows.

Use of estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Companies' Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Companies and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Recordkeeping services are allocated to participants' accounts and are also included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Investments

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2014	December 31, 2013
BlackRock Lifepath Index 2025 K Fund	$ 3,853,101	$ 3,006,139

During the years ended December 31, 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	Years Ended December 31, 2014	Years Ended December 31, 2013
Mutual funds	$ 745,584	$ 2,195,853
Guaranteed interest account	-	157,404
	$ 745,584	$ 2,353,257

(4) Information prepared and certified by the custodian and the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") and Principal Trust Company ("Principal"), the custodian and the trustee of the Plan, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments in mutual funds at fair value
- Investment in guaranteed investment contract at contract value
- Investment in guaranteed investment contract at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends

(4) Information prepared and certified by the custodian and the trustee (continued)

- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820*, Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value

(5) Fair value measurements (continued)

("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment account: The guaranteed investment account is valued at fair value by the insurance company using a discounted cash flow valuation methodology where the interest rate for the portfolio investment contract is reset at least as frequently as annually (see note 6). The guaranteed investments contracts promise contract value for a benefit event (termination, death, disability and retirement) and as of December 2014 and 2013 were considered benefit-responsive.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$ 20,377,592	$ 2,581,785	$ -	$ 22,959,377

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2014 and 2013:

	Years Ended December 31,	
	2014	2013
Balance, beginning of year	$ -	$ 2,516,482
Realized / unrealized gains	-	145,850
Interest	-	22,938
Purchases	-	212,298
Sales	-	(2,763,166)
Fees	-	(134,402)
Balance, end of year	$ -	$ -
The amount of total losses for the year included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at year end	$ -	$ -

Gains and losses (realized and unrealized) included in the changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

(5) Fair value measurements (continued)

During 2013 the Plan changed trustees from Principal Trust Company to Great-West Life & Annuity Insurance Company. Both Principal Trust Company and Great-West Life & Annuity Insurance Company offer a guaranteed investment account. The Principal guaranteed investment account was valued using a level 3 fair value measurement and the Great-West guaranteed investment account was valued using a level 2 fair value measurement.

(6) Guaranteed investment contract with insurance company

The Plan has a benefit-responsive guaranteed investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the custodian and the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $2,696,808 and $2,581,785, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a semiannual basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) termination of the Plan, (2) any transfer of all of the Covered Funds of the Plan which causes the amounts to cease to be Covered Funds, (3) partial plan termination, a spin-off, or a combination or series of such partial plan terminations or spin-offs, or any other action or changes with regard to the Plan that causes a significant withdrawal from the Plan, or (4) termination of any recordkeeping arrangement, service agreement, or other contractual arrangements between or with regard to the Plan and Great-West or one of their affiliates or subsidiaries. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

(6) Guaranteed investment contract with insurance company (continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date:

	December 31,	
	2014	2013
Fair Value	$ 2,696,808	$ 2,581,785
Average yield	1.25%	1.26%
Crediting interest rate	1.25%	1.27%

(7) Related party transactions

Certain Plan investments are shares of mutual funds managed by Great-West. Great-West is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. As described in Note 2, the Plan made direct payments for administrative and recordkeeping services provided by Great-West, which amounted to $160,777 and $108,234 for the years ended December 31, 2014 and 2013, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to plan operations and investment activity to various service providers, these transactions are party-in-interest transactions under ERISA. The companies directly pay any other fees related to the Plan's operations.

(8) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employers' contributions.

(9) Partial plan termination

During 2014, the Company terminated employment of approximately 20% of the plan participants, which could be deemed to be a partial plan termination under the IRC. Normally all terminated participants' account balances would become 100% vested at the time of termination. However, based on the existing circumstances, all participants are currently 100% vested.

(10) Excess contributions refundable

Contributions received from participants for 2014 are net of payments of $3,216 made in May 2015 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2014, $3,216 has been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

(11) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	December 31, 2014	December 31, 2013
Net assets available for benefits per the financial statements	$ 33,461,937	$ 24,295,277
Excess contributions refundable	3,216	-
Employer contributions receivable	(1,005)	-
Net assets available for benefits per Schedule H of the Form 5500	$ 33,464,148	$ 24,295,277

The following is a reconciliation of net increase per the financial statements for the years ended December 31, 2014 and 2013 to the Form 5500:

	December 31, 2014	December 31, 2013
Net increase per the financial statements	$ 9,166,660	$ 4,697,300
Change in excess contributions refundable	3,216	-
Change in employer contributions receivable	(1,005)	-
Net increase per Schedule H of the Form 5500	$ 9,168,871	$ 4,697,300

(12) Tax status

The Internal Revenue Service (“IRS”) has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code and informed Great-West of such in letters dated October, 12, 2010. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trusts are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(13) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(14) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company remitted all employee contributions to the Plan, contributions of $1,005 were not remitted within the required time period for the year ended December 31, 2014. The Company has or is in the process of remitting these delinquent employee contributions, including any lost earnings as a result.

(15) Subsequent events

Effective January 1, 2015, the Plan Document was amended to cease the auto enrollment feature.

The Plan has evaluated subsequent events through July 2, 2015, which is the date the financial statements were available to be issued.
