NOTE A - DESCRIPTION OF PLAN

The following description of the AVALON LABORATORIES, LLC ("Company") 401(K) Plan ("PLAN") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Company who have two months of service and are age twenty-one or older and are not included in a collective bargaining unit. The Plan was modified January 1, 2015 to stop all contributions as a result of the sale of the Company. The Plan will be merged with the Plan of the new buyer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Successor Sponsor

AVALON LABORATORIES, LLC is the successor sponsor to AVALON LABORATORIES, INC., the previous sponsor of the plan.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The plan was modified September 1, 2013 to permit Roth Elective Deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan and can change contribution amounts and investments at any time by directly accessing their account.

At the Board of Directors discretion, the Company contributes 50% of the amount that a participant contributes into the Plan up to a maximum of $8,750. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions as well as allocations of Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN *(CONTINUED)*

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. The loans are secured by the balance in the participants' account. The loan interest rate, determined monthly, is set at 2% above the prime rate and is 5.25%. Principal and interest is paid ratably through weekly payroll deductions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payments of Benefits

On termination of service due to death, disability or retirement, or termination for other reasons a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2014, forfeited nonvested accounts totaled $15,386. These accounts will be used to reduce future employer contributions. Also, in 2014 and 2013, the 2013 and 2012 employer contributions, respectively, were reduced by $7,715 and $6,347, respectively, from forfeited nonvested accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Except for investments which are stated at fair value as certified by the trustee (see note D), the financial statements of the Plan and supplemental schedules are prepared on the cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America ("U.S. GAAP").

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(CONTINUED)*

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded as received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Operating Expenses

All expenses for maintaining the plan are paid by the plan administrator.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated events subsequent to December 31, 2014, to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through June 11, 2015, the date the financial statements were available to be issued. Based upon this evaluation, it was determined no subsequent events occurred that require recognition or additional disclosure in the financial statements.

NOTE C - INVESTMENTS (UNAUDITED)

The Plan's investments were held and administered by State Street Bank. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian, State Street Bank.

The following presents investments that represent 5% or more of the plan's net assets.

	December 31,	
INVESTMENTS AT FAIR VALUE:	**2014**	**2013**
AB Discovery Value R	$ 430,075	$ 466,618
Amercent One Choice 2015	193,982	-
Amercent One Choice 2025	490,499	497,558
Amercent One Choice 2035	349,167	393,866
Amercent One Choice 2045	774,428	707,174
Federated Prime Cash Oblig Srv	-	424,187
Nuveen Real Est Securities R3	194,547	121,364

During 2014, the Plan's investments (including gains and losses from registered investment companies bought and sold, as well as held during the year) appreciated in value by $89,942.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS *(Continued)*

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ 393,121	$ -	$ -	$ 393,121
Mutual funds	3,686,600	-	-	3,686,600
	$ 4,079,721	$ -	$ -	$ 4,079,721

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ -	$ -	$ -
Mutual funds	4,122,627	-	-	4,122,627
	$ 4,122,627	$ -	$ -	$ 4,122,627

NOTE E - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in 2014 were shares of common/collective trusts managed by State Street Bank. State Street Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees were paid to State Street Bank and are included as administrative expenses on the Statement of Changes in Net Assets Available for Benefits. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As a result of the sale of the Company in August 2014, the Plan was modified to stop all contributions, employee and employer, as of January 1, 2015. The Company intends to merge the Plan with the existing Plan of the new owner in the beginning of 2016.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated November 6, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and Franchise Tax Board. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011 and 2010, federal and state, respectively.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Avalon Laboratories LLC 401(K) Plan as of and for the year ended December 31, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered Avalon Laboratories LLC 401(K) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

This communication is intended solely for the information and use of management, Trustees of Avalon Laboratories LLC 401(K) Plan, others within the plan, and the Department of Labor and Internal Revenue Service, and is not intended to be, and should not be, used by anyone other than these specified parties.
