Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Reggev 401(k) Plan, which comprise the statements of net assets available for benefits as of October 31, 2013, and the related statement of changes in net assets available for benefits for the ten months ended October 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 10, which was certified by Nationwide Trust Company FSB, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the ten months ended October 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by other auditors. As permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by Nationwide Trust Company FSB, the custodian of the Plan. Their report dated October 13, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – Plan Merger

As further discussed in Note 11, the Plan was merged into the Rockport Clients 401(k) Plan effective October 31, 2013.

Other Matter – Omitted Disclosure

The statement of changes in net assets available for benefits does not segregate between the net appreciation in fair value and interest and dividend income. This segregation is required by accounting principles generally accepted in the United States of America. As discussed in Note 4, the custodian did not provide that information.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Reggev 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of The Reggev 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution multiple employer plan that was adopted effective January 1, 2008. The Plan covers substantially all non-union employees of Point Loma Rehabilitation Center, LLC, B-East LLC, South Pasadena Rehabiliation Center, and Verdugo Valley Skilled Nursing & Wellness Centre, LLC (collectively the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan limited to the maximum amount allowed by law for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. The Company may make discretionary matching and/or profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participant loans are not permitted.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants may elect to receive the vested interest of their accounts in the form of a single sum of cash payment, or a direct rollover to an individual retirement account or another employer plan. Hardship withdrawals are also available.

Plan Administration

The Plan is administered by the Company. The plan administrator controls and manages the operation and administration of the Plan.

Nationwide Trust Company FSB ("Nationwide") serves as the custodian and Nationwide Financial Services, Inc. serves as the record keeper.

Eligibility

All employees having completed 6 months of service are eligible for participation in the Plan. The entry date is the date on which eligibility requirements were satisfied.

Investments Options

Participants may direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the plan administrator which are more fully described in the plan literature.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through December 29, 2014, which is the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company (see Note 5).

2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In May 2011, the FASB issued ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs, which requires additional disclosures about fair value measurements categorized within Level 3 of the fair value hierarchy. The additional disclosures include quantitative information about the significant unobservable inputs used in Level 3 fair value measurements, the valuation processes used by the Plan, and the Plan's policy for determining when transfers into or out of Level 3 are deemed to have occurred. This update is effective for reporting periods beginning after December 15, 2011. Early adoption is generally prohibited. The adoption of this guidance had no material impact on the financial statements.

3. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

Cash equivalents are priced at par based on publicly traded prices.

3. Fair Value Measurement (Continued)

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table set forth, by level within the fair value hierarchy, the Plan's investments at fair value:

		Fair Value Measurements Using:
As of December 31, 2012	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
Cash Equivalents		
Money Market	$ 2,136	$ 2,136
Mutual Funds		
Target Date	697,648	697,648
Growth	138,011	138,011
Fixed Income	64,926	64,926
Value	18,517	18,517
Total Mutual Funds	919,102	919,102
Total Investments at Fair Value	$ 921,238	$ 921,238

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets:

As of December 31,	2012
American Funds The Growth Fund of America	$ 49,214
Nationwide Destination 2015 Fund	73,500
Nationwide Destination 2020 Fund	173,471
Nationwide Destination 2025 Fund	148,184
Nationwide Destination 2030 Fund	103,487
Nationwide Destination 2035 Fund	101,100

The net appreciation in fair value of investments for the ten months ended October 31, 2013 was not provided by the custodian.

5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Nationwide. Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Indirect compensation to Nationwide is reflected as a reduction of investment return for applicable investments.

Additionally, the Company provides to the Plan certain accounting and administrative services for which no fees are charged. As the Company is the Plan sponsor, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of:

	October 31, 2013	December 31, 2012
Net assets available for benefits per the financial statements	$ -	$ 921,238
Employee Contributions Receivable	-	19,678
Miscellaneous	-	(1)
Net assets available for benefits per Form 5500	$ -	$ 940,915

The following is a reconciliation of decrease in net assets per the financial statements to decrease in net assets per Form 5500:

Ten Months ended October 31,		**2013**
Decrease in net assets per the financial statements	$	**(921,238)**
Employee contributions receivable as of December 31, 2012		**(19,678)**
Miscellaneous		**1**
Decrease in net assets available for benefits per Form 5500	$	**(940,915)**

For the year ended December 31, 2012, employee contributions receivable were reflected on Form 5500 but not on the financial statements.

Certain balances included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been reclassified for purposes of presentation in the financial statements.

7. Tax Status

The Plan, until its merger (Note 11), operated under a prototype non-standardized profit sharing plan offered by Nationwide. The plan administrator and legal counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2012, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash and investments.

9. Custodian Certification

The investment balance and related investment information included in the financial statements and accompanying notes are derived from statements which have been certified by Nationwide as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

10. Prior Year Adjustments

The prior year adjustment is the net result of the fact that the prior year financial statements did not reflect $19,678 of 2012 employee contributions that were received by the trustee in 2013, and $16,370 of corrective distributions that were made in 2013 due to a failed 2012 ADP test.

11. Plan Merger

On October 31, 2013, the Plan merged into the Rockport Clients 401(k) Plan ("Rockport") and the total assets of the Plan, cash for the amount of $1,116,326, was transferred from the Plan into Rockport's account pursuant to the merger agreement.
